VMRF(DU) Institutional Activity Portal

Comprehensive System Flowchart & Architecture Diagram

Vinayaka Mission's Research Foundation (Deemed to be University)

LEGEND Process / Action | Decision Point | Approved / Success | Rejected / Error | System / Database | External / Broadcast | Notification / Email

USER ROLES & RESPONSIBILITIES

Registrar Authority
Creates colleges & users, Stage 1 institutional verification & approval

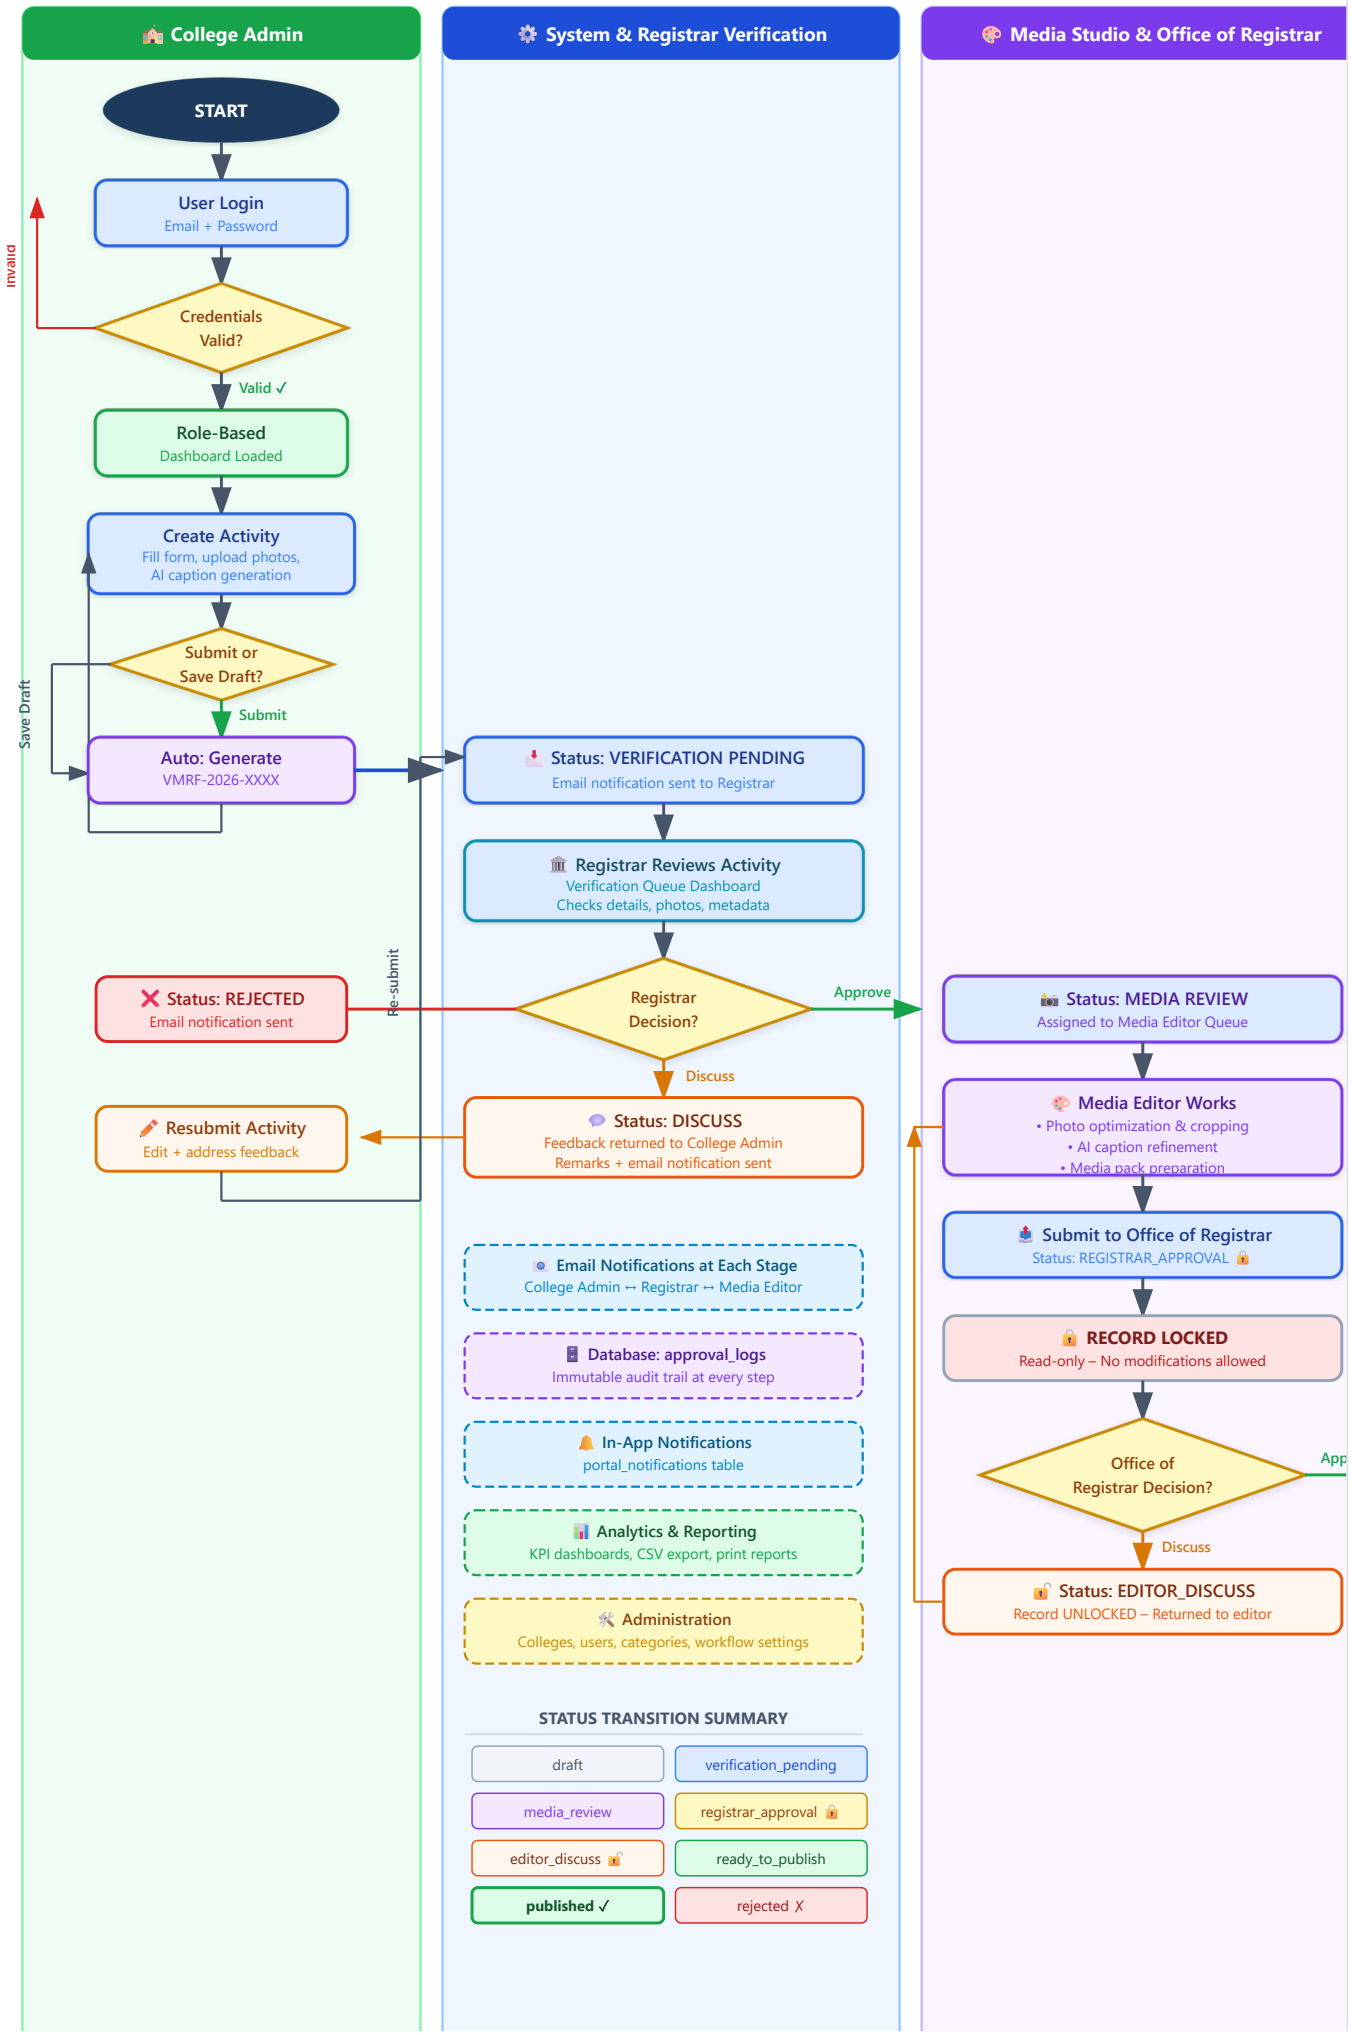

Office of Registrar
Final executive evaluation, Stage 2 media package authorization

Media Editor
Photo optimization, AI captions, media pack export, multi-platform publishing

College Admin
Submits institutional activities, tracks status, responds to feedback

Department User
Submits department-level activities within assigned college

COMPLETE ACTIVITY SUBMISSION & APPROVAL WORKFLOW

SYSTEM ARCHITECTURE

Backend (Laravel 12 / PHP 8.2+)

- MVC Architecture with Eloquent ORM
- 14 Controllers | 17 Models
- Blade Templating Engine (33 Views)
- RBAC Middleware Stack
- Multi-stage Workflow Engine
- Status Locking Mechanism
- AI Phrasing Service (12+ templates)
- Queue Driver (Database)

Database (MySQL 8.0)

- activity_submissions (core records)
- activity_media (photos, docs, videos)
- activity_discussions (feedback threads)
- approval_logs (immutable audit trail)
- users + colleges + roles
- workflows + workflow_stages + rules
- portal_notifications + email_logs
- published_posts + system_audit_logs

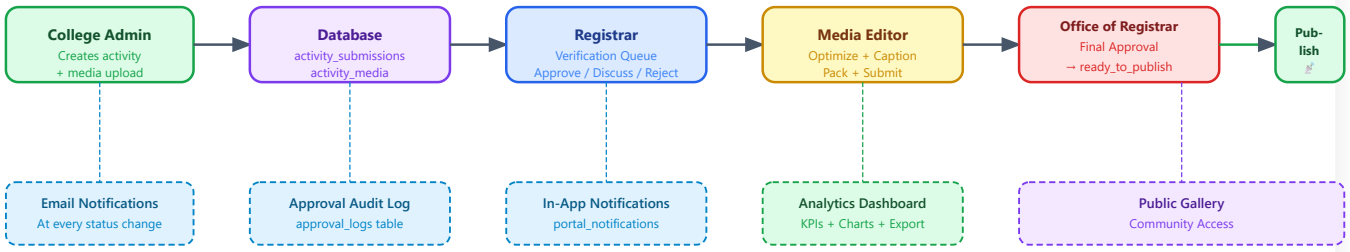

Frontend (Bootstrap 5.3)

- Bootstrap 5.3 Responsive Grid
- Blade Component System
- AI Modal with Template Library
- Dynamic Status Badge Renderer
- Role-scoped Navigation
- Chart.js Analytics Dashboards
- File Upload with Preview
- Printable Report Views

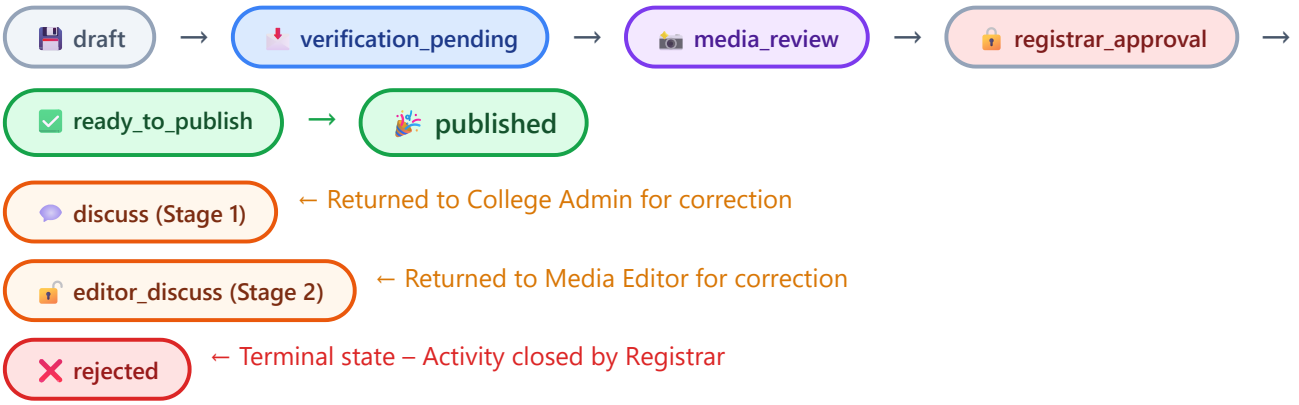

Integration & Output

- ZIP Media Pack Export
- Multi-platform Broadcast (Instagram/LinkedIn/Twitter)
- CSV/Print Report Export
- SMTP Email Notifications
- Session: Database Driver
- Cache: Database Driver
- File Storage: Local (public/uploads)

DATA FLOW OVERVIEW

STATUS TRANSITION MAP

VMRF(DU) Institutional Activity Portal

Complete Screenshots Documentation — All Modules, Pages & User Interfaces

50 Screenshots | 7 User Accounts | 9 Modules | Laravel 12 · PHP 8.2

Vinayaka Mission's Research Foundation (Deemed to be University)

Under the Guidance of: Dr. A. Murugan

Designed & Developed by: VMRFDU IT Team — Dhinakaran & Sanjai

Document Type: Screenshots & UI Visual Reference

Version: 1.0 | **Date:** July 2026

1 Public Access & Authentication

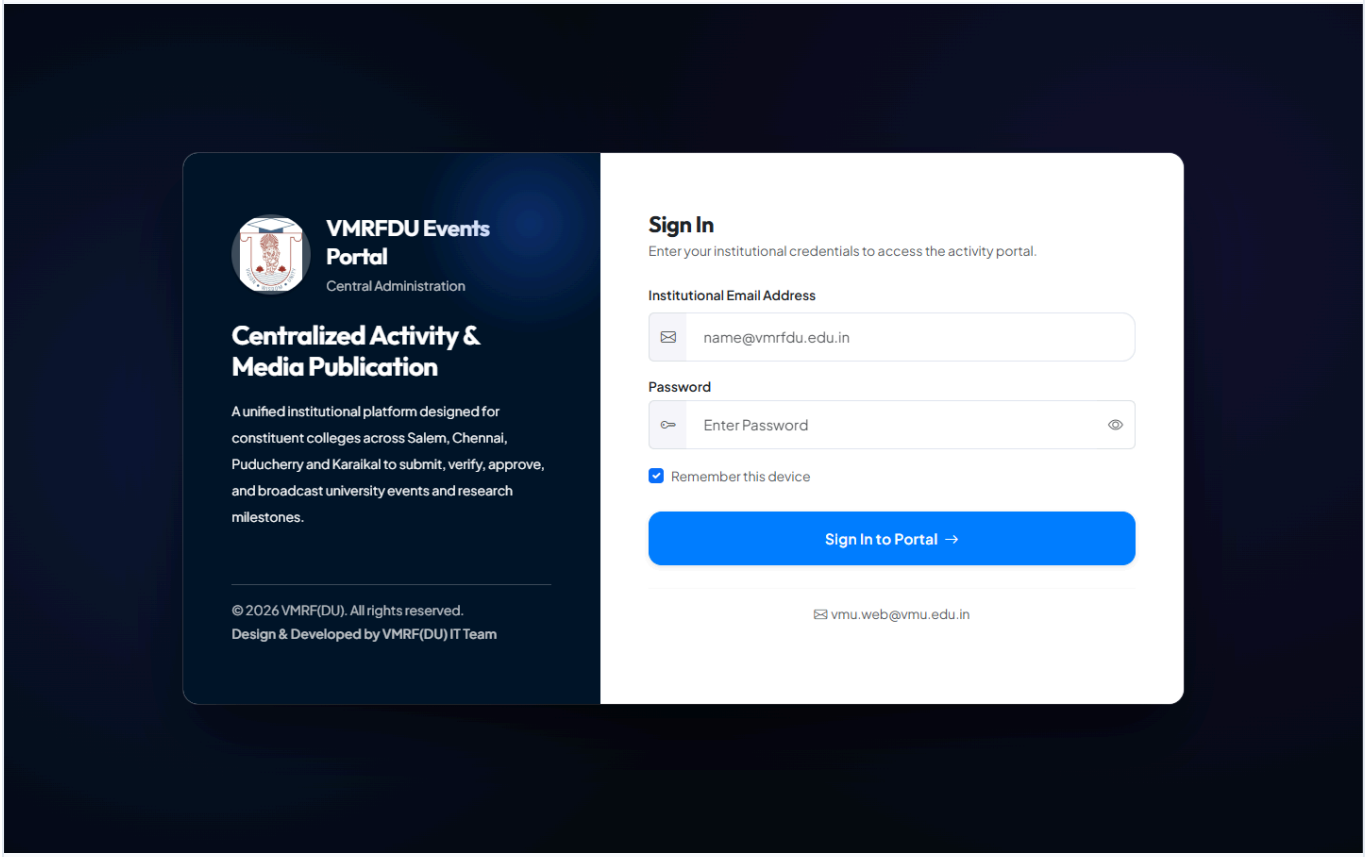

Pages accessible without login — Login, Public Gallery

PUBLIC

Login Page

01 / 42

Secure email + password authentication gateway. On success the system validates role, account status, and lock state — then redirects each user to their role-specific dashboard. Login IP address and timestamp are tracked on every session.

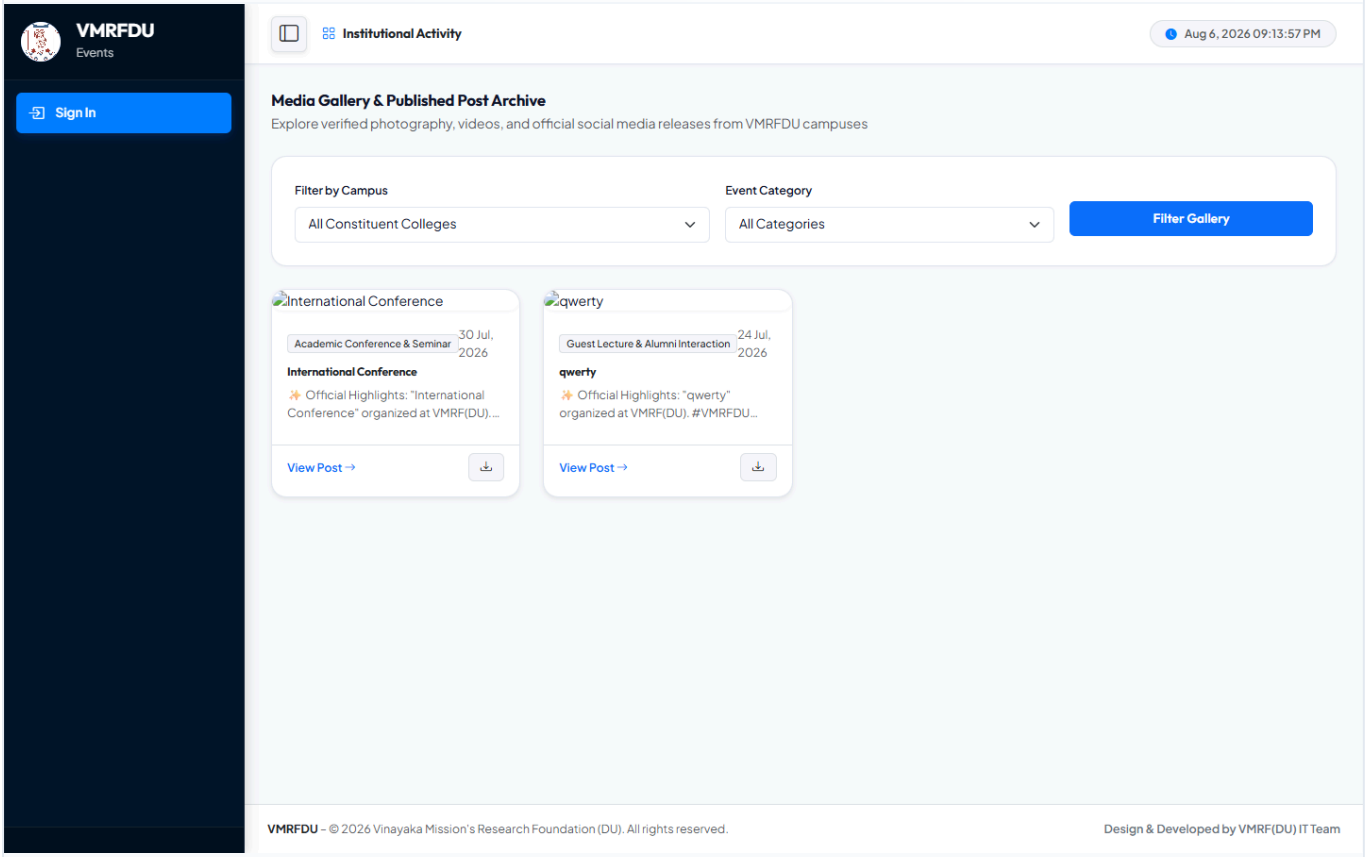

Email + Password Auth | CSRF Protected | Locked/Suspended Detection | Force-Reset Enforcement | IP & Timestamp Tracking

PUBLIC

Public Gallery

02 / 42

Publicly accessible showcase of all published institutional activities. Browse with full-text search, category filter, college filter, and date-range filter. Responsive image grid links to individual activity detail pages.

Full-Text Search | Category Filter | Date Range Filter | College Filter | Responsive Grid

2 Super Admin — Enterprise Control Panel

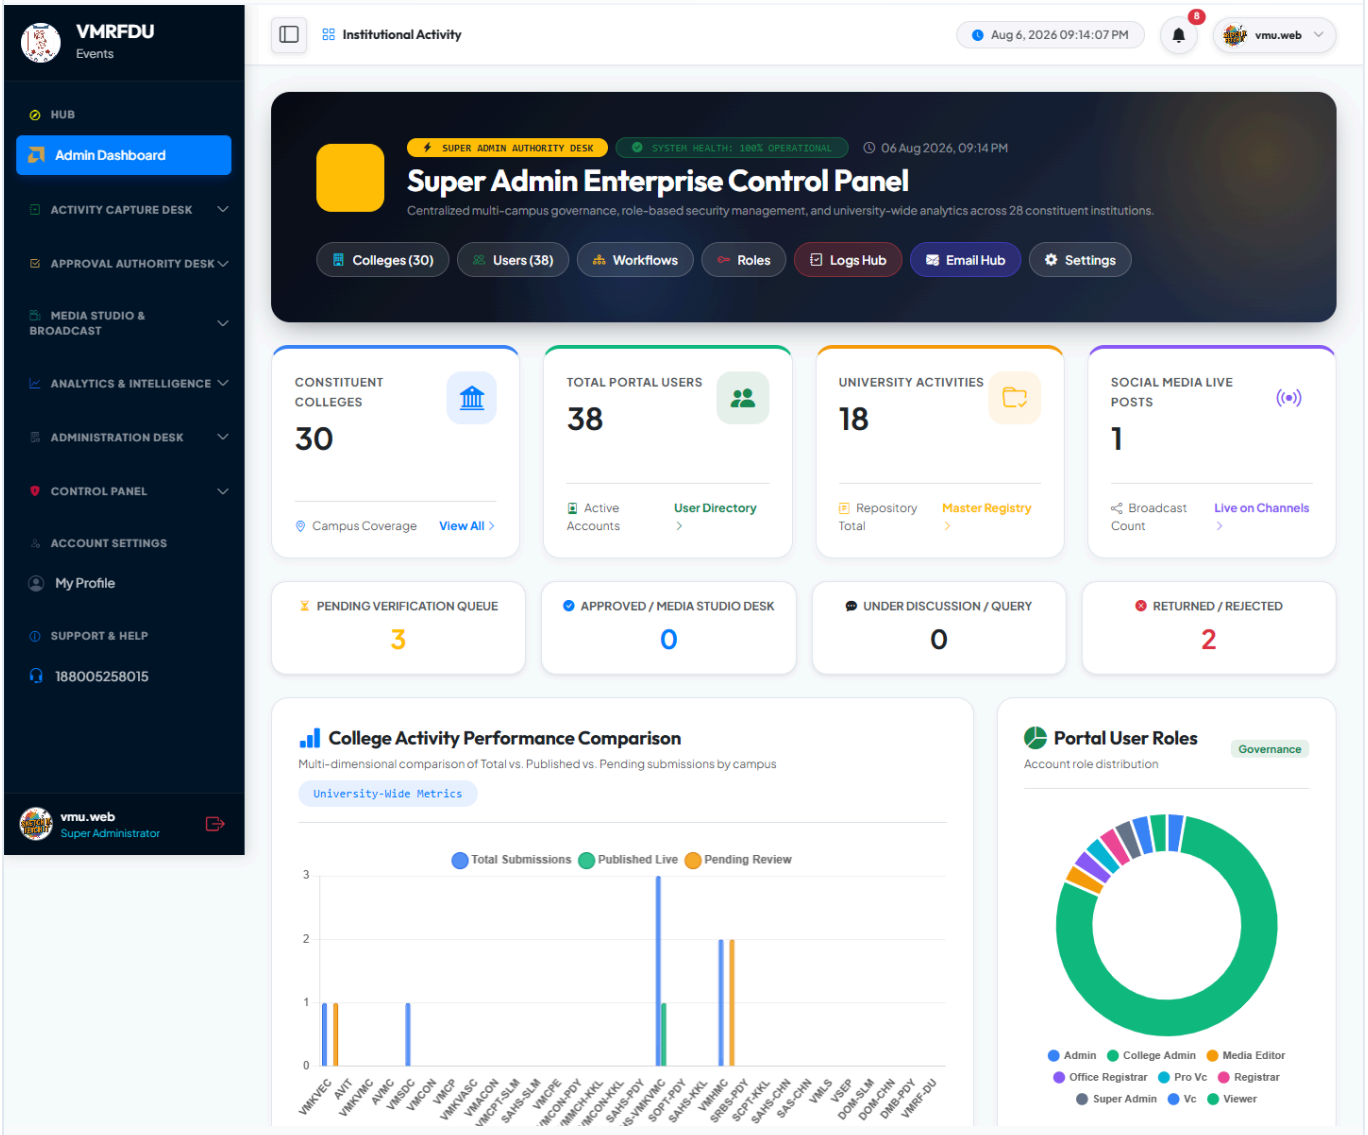

superadmin@vmrfdu.edu.in · Role: super_admin · Unrestricted access to all system functions

SUPER ADMIN

Super Admin Dashboard

04 / 42

System-wide enterprise overview: total activities, users, colleges, workflow status, pending actions across all roles, recent activity feed, and quick-access navigation to every admin module.

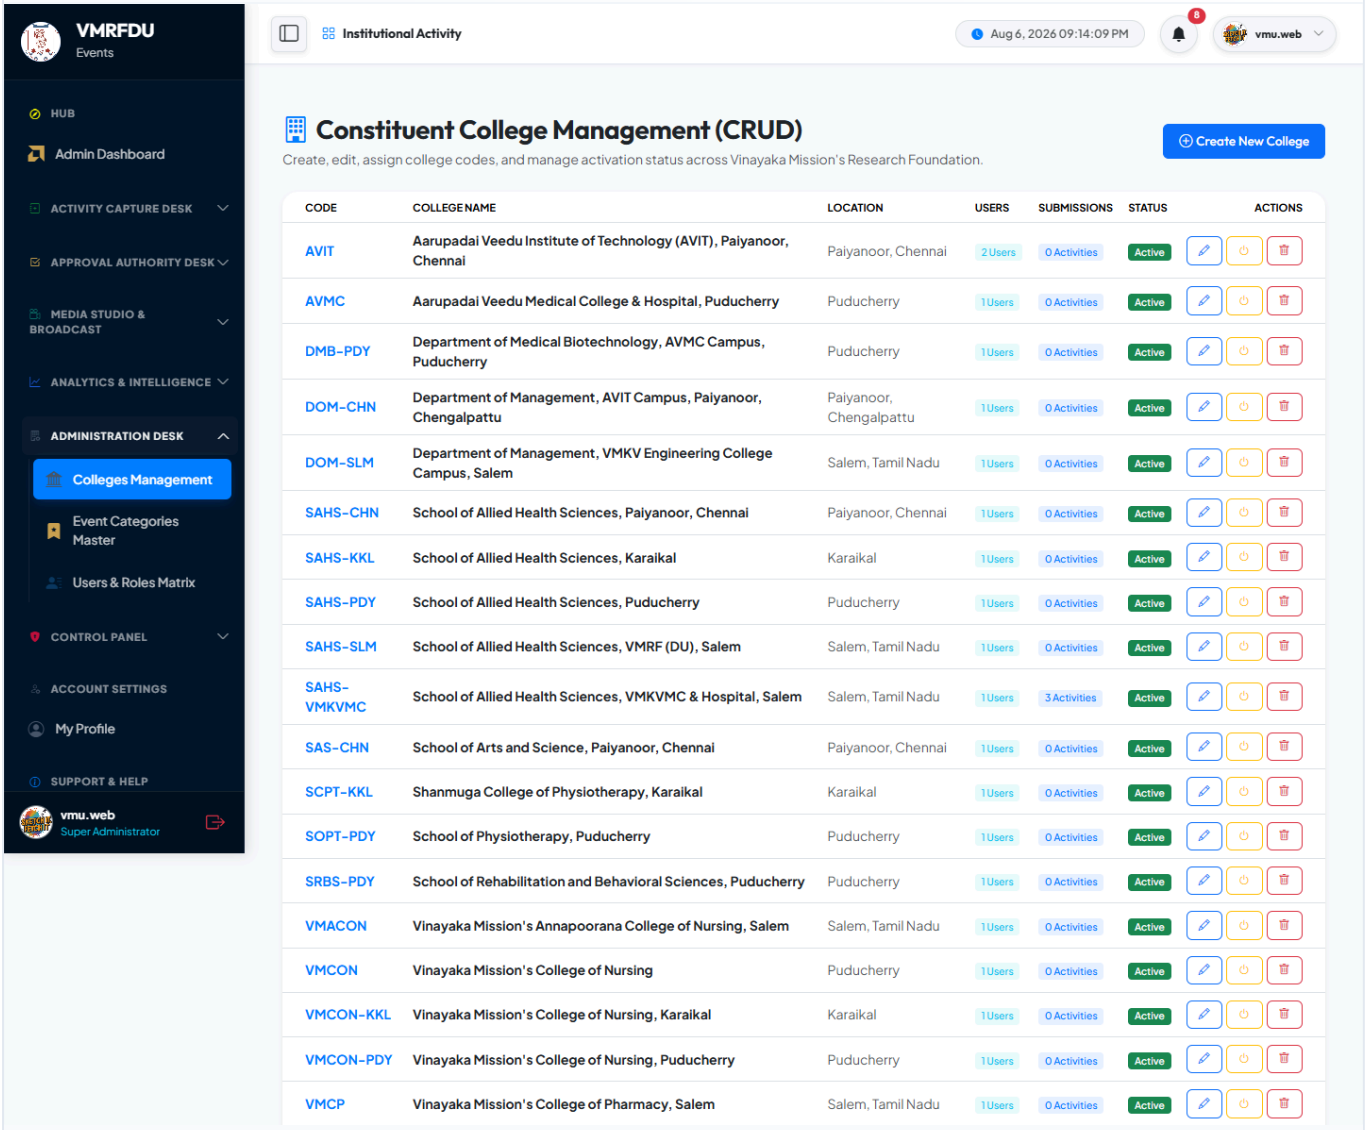

System-Wide KPIs | Users & Colleges | Workflow Status | Quick Actions

SUPER ADMIN

College Management

Full CRUD for all constituent colleges. Create with unique codes (e.g., VMKVEC), set location, dean name, contact email, website. Toggle active/inactive status. All college assignments across users link back to these records.

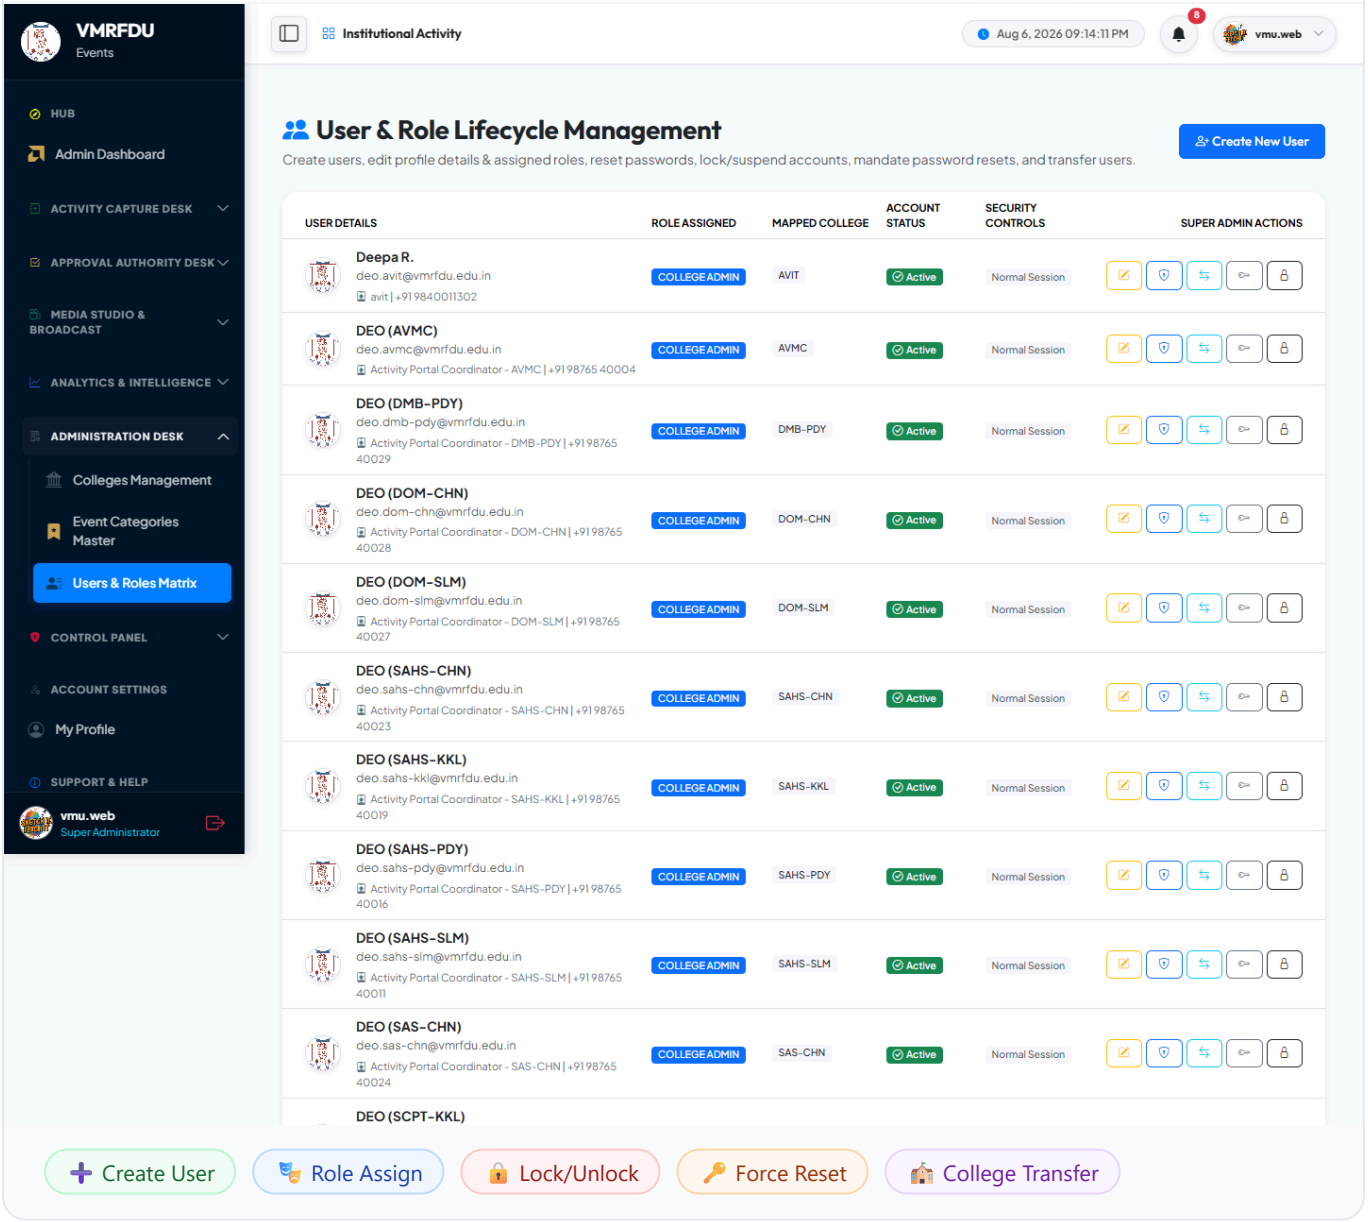

Create College | Edit | Active Toggle | College Code

SUPER ADMIN

User Management

Create and manage all portal user accounts. Assign roles (super_admin, registrar, vc, office_registrar, media_editor, college_admin, department_user), link to colleges, set designation, force password reset, lock/unlock, transfer between colleges.

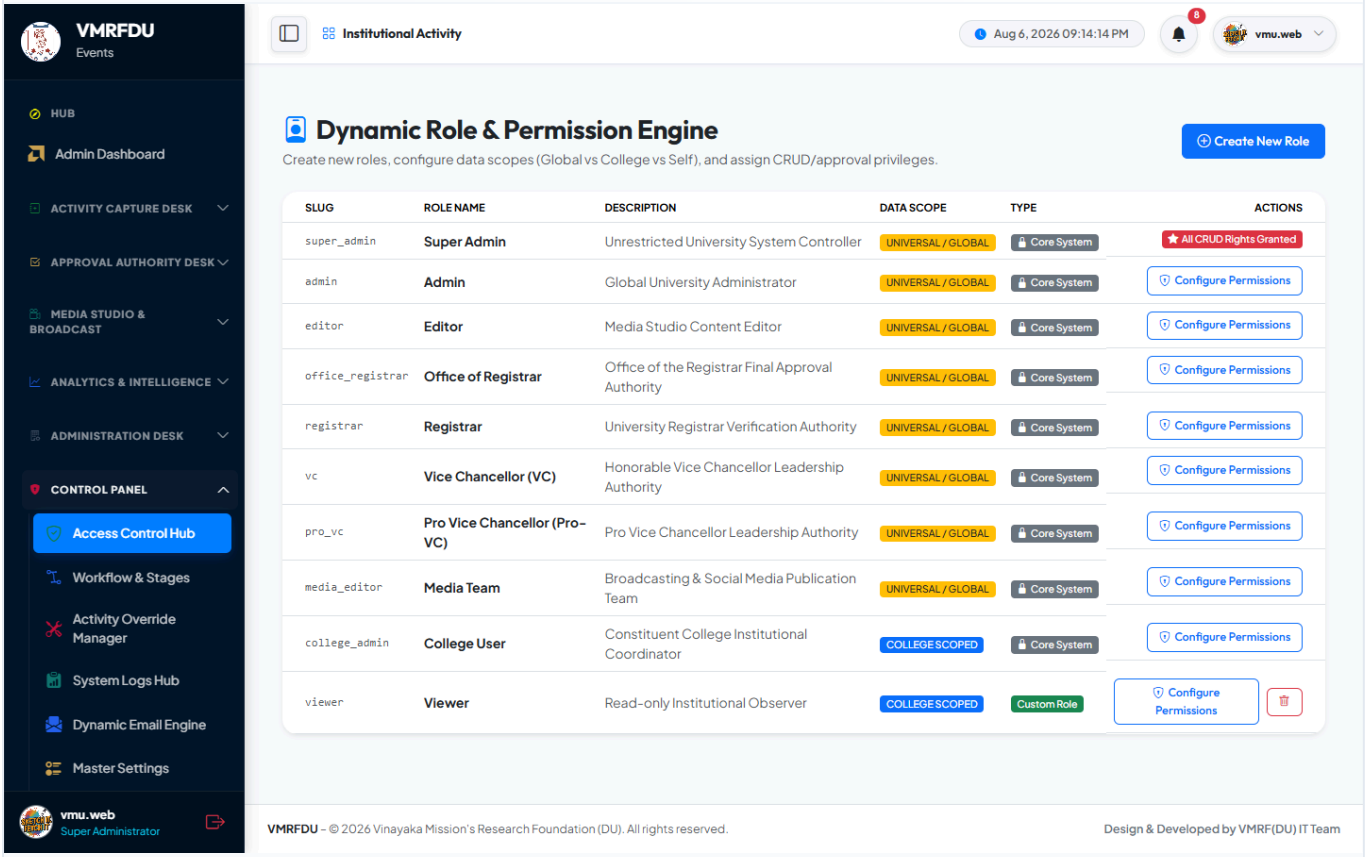

Create User | Role Assign | Lock/Unlock | Force Reset | College Transfer

SUPER ADMIN

Role & Permission Builder

07 / 42

Create dynamic roles with JSON permission matrices. Assign data scopes (global or college-scoped). Configure permissions for each module: colleges, users, activities, approvals, media, analytics, settings, roles, audits.

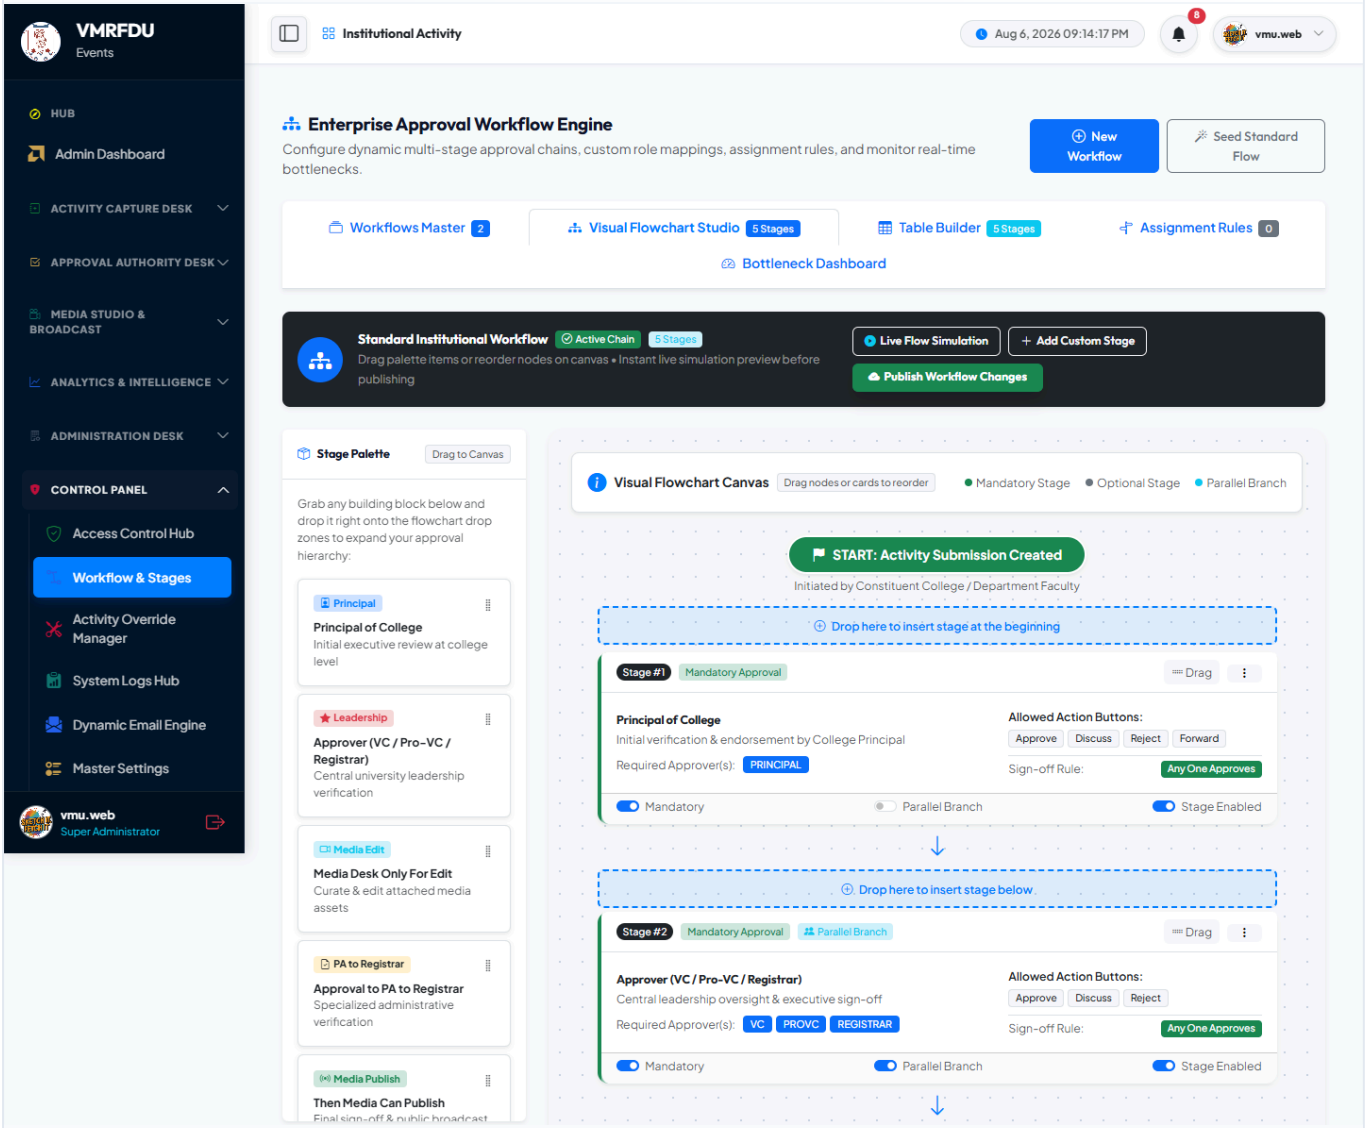

Role Definitions | JSON Permissions | Data Scope | Overrides

SUPER ADMIN

Workflow Engine Configuration

Create, edit, and duplicate approval workflow templates. Configure each stage: name, order, required role, allowed actions (approve/discuss/reject), status transitions on each action. Set routing rules by category, college, or activity type.

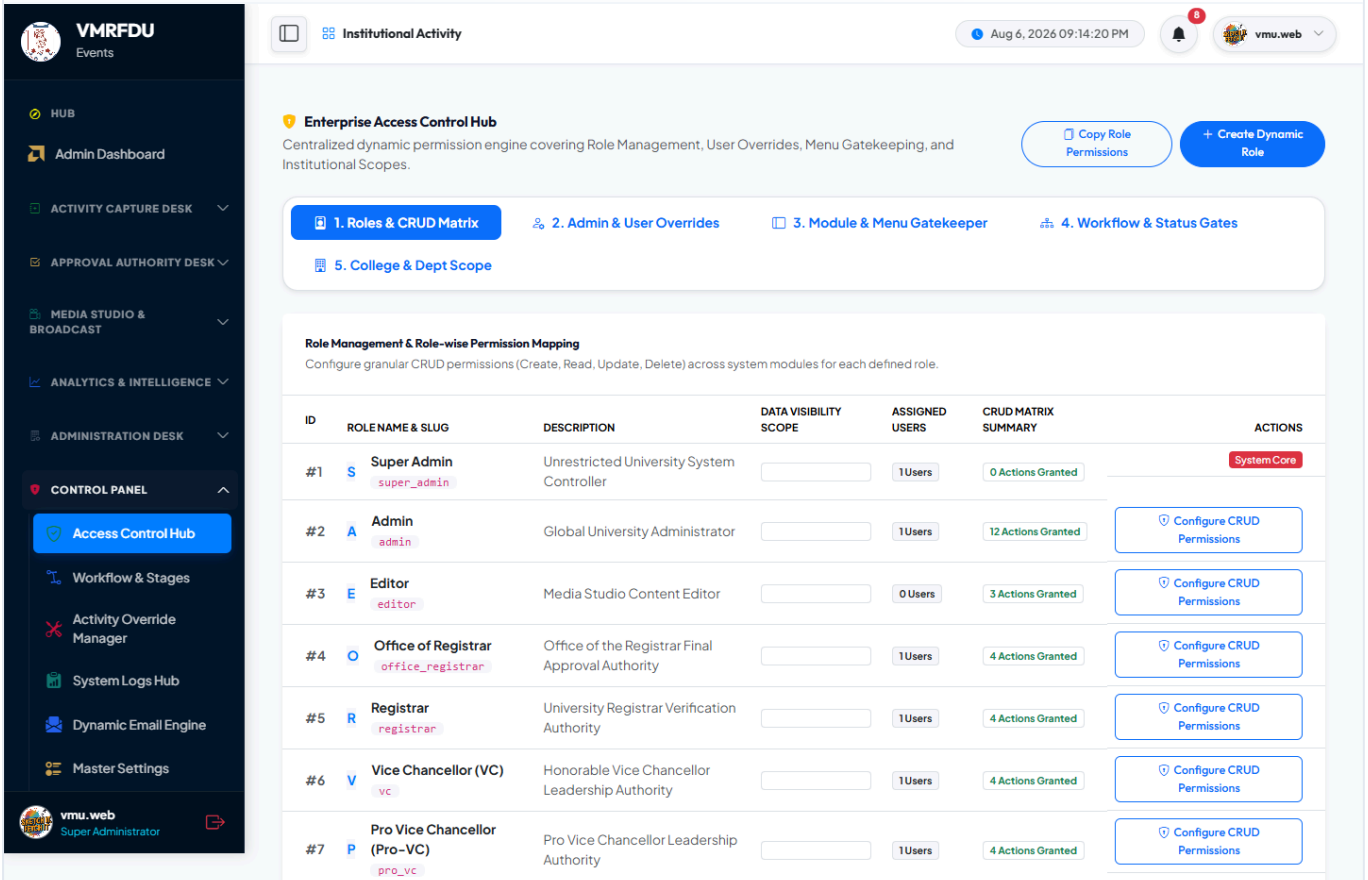

Multi-Stage Workflow | Stage Config | Action Mapping | Templates

SUPER ADMIN

Enterprise Access Control Suite

Per-user permission overrides beyond role defaults. Copy a role's full permission set to multiple users simultaneously. View and manage the complete cross-role permission matrix.

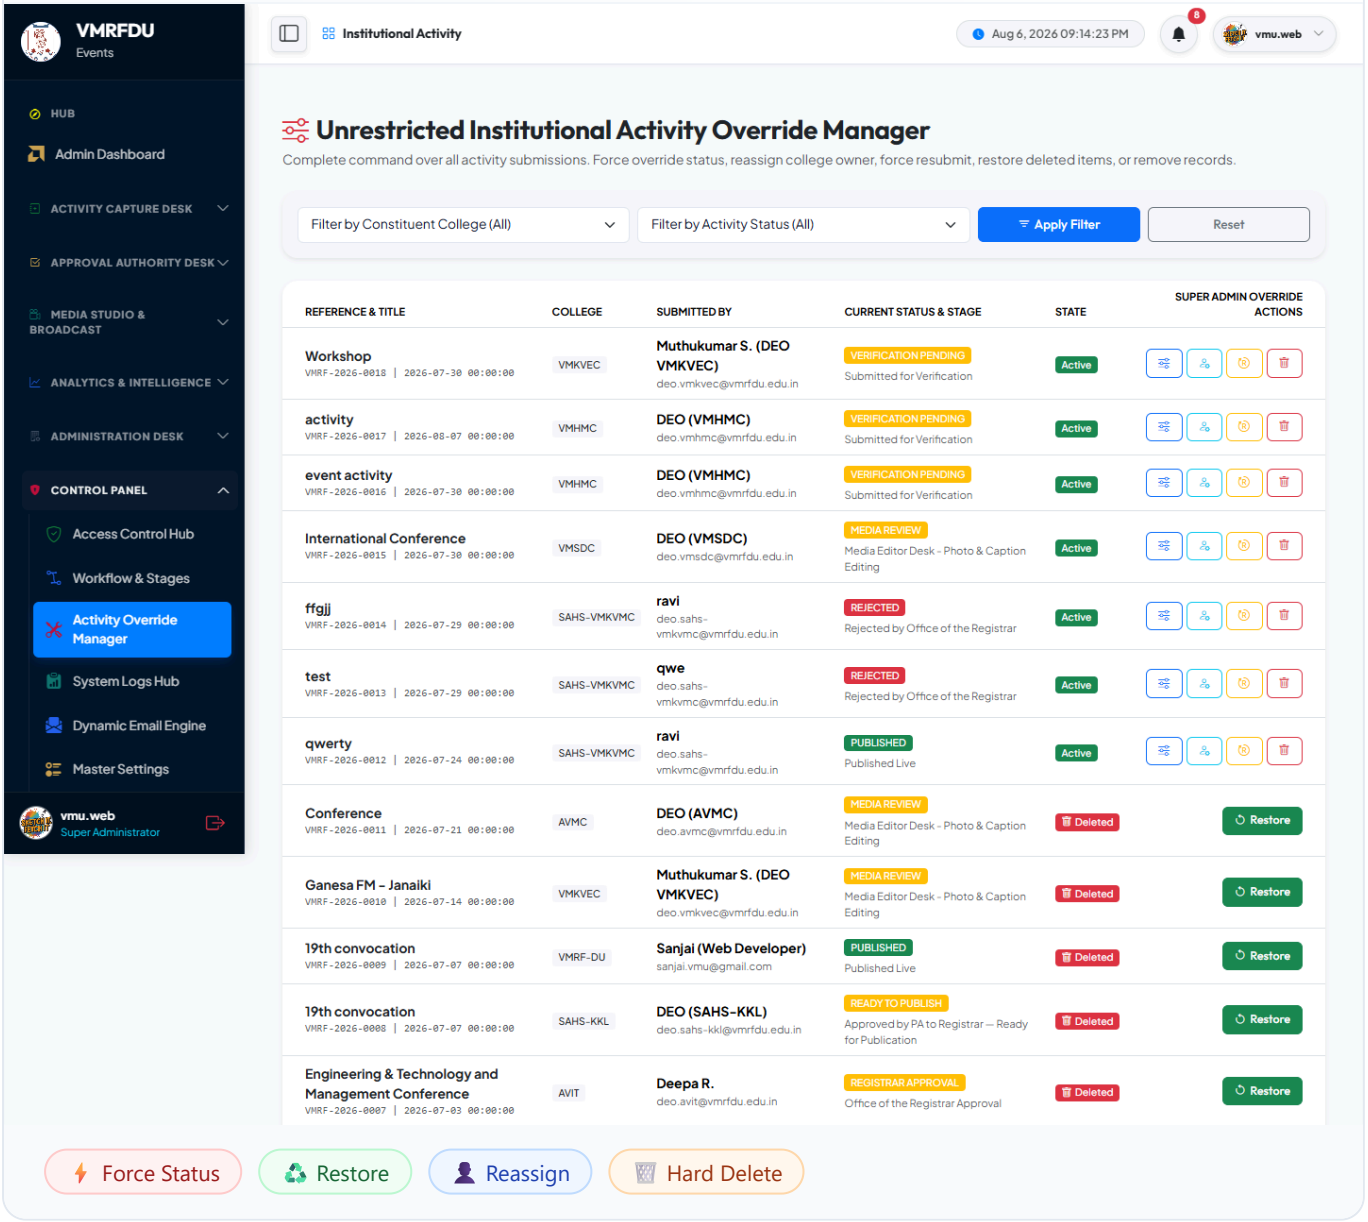

🔑 Per-User Override 📋 Copy Role 🎭 Full Matrix

SUPER ADMIN

Unrestricted Activity Management

Override view of all activities across all colleges and all stages. Force status changes, reassign ownership, restore soft-deleted records, and perform hard deletes. Full administrative control without workflow restrictions.

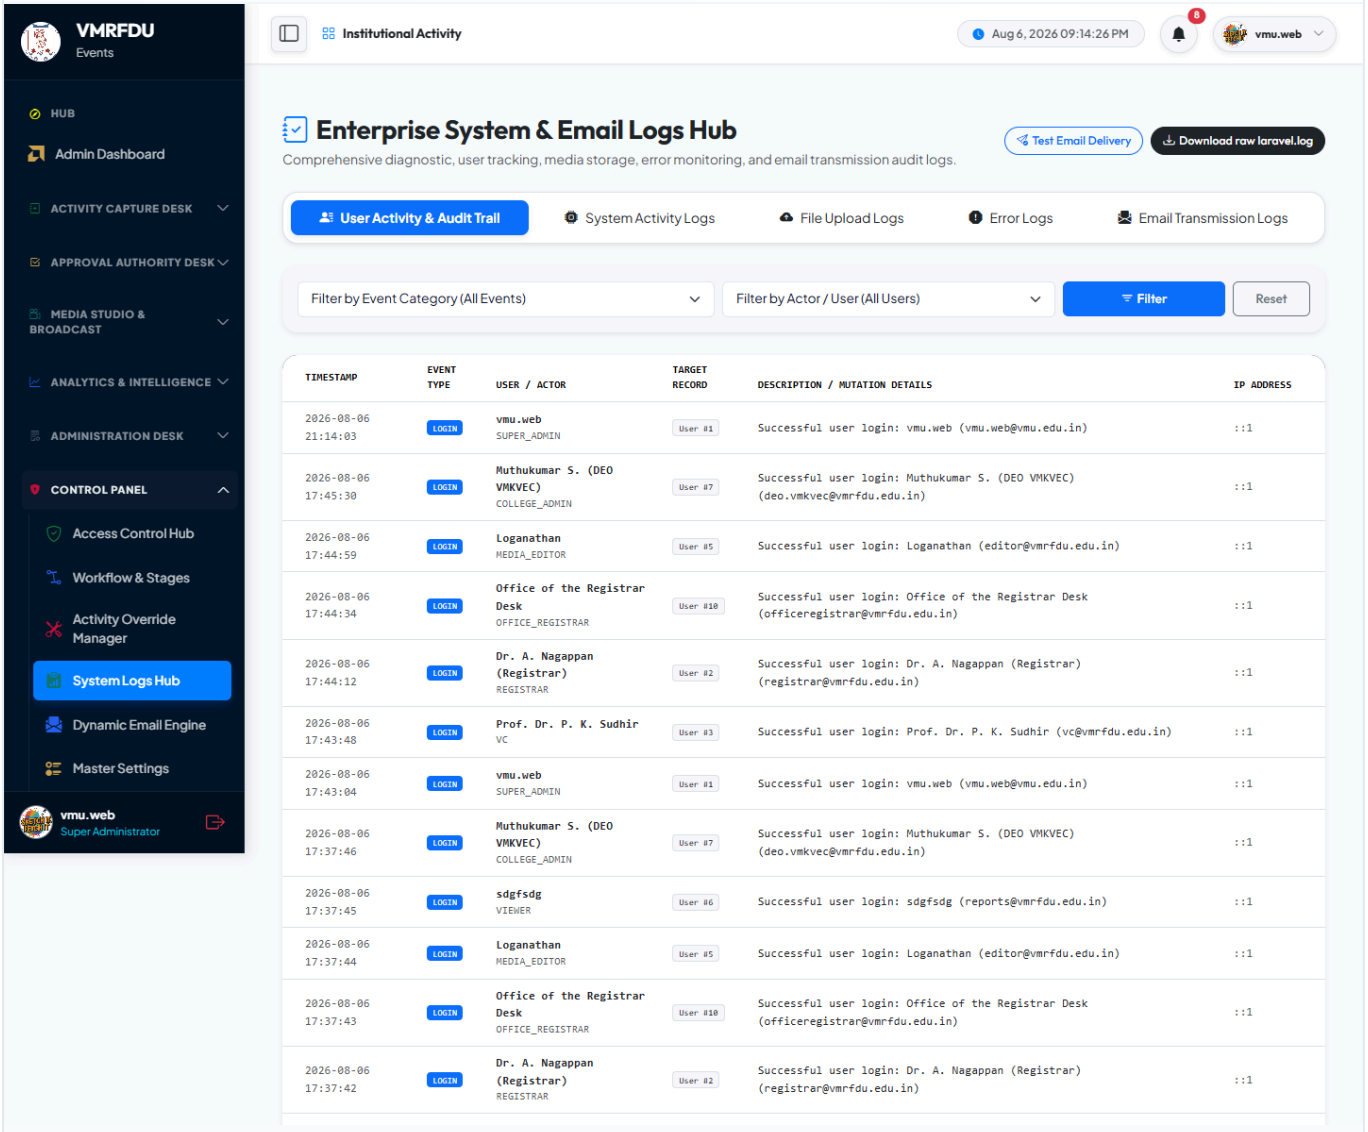

Force Status Restore Reassign Hard Delete

SUPER ADMIN

System Audit Logs

Immutable system-wide audit trail. Every critical action logged with: acting user, action type, affected record ID, before/after values, IP address, and precise timestamp. Cannot be edited or deleted.

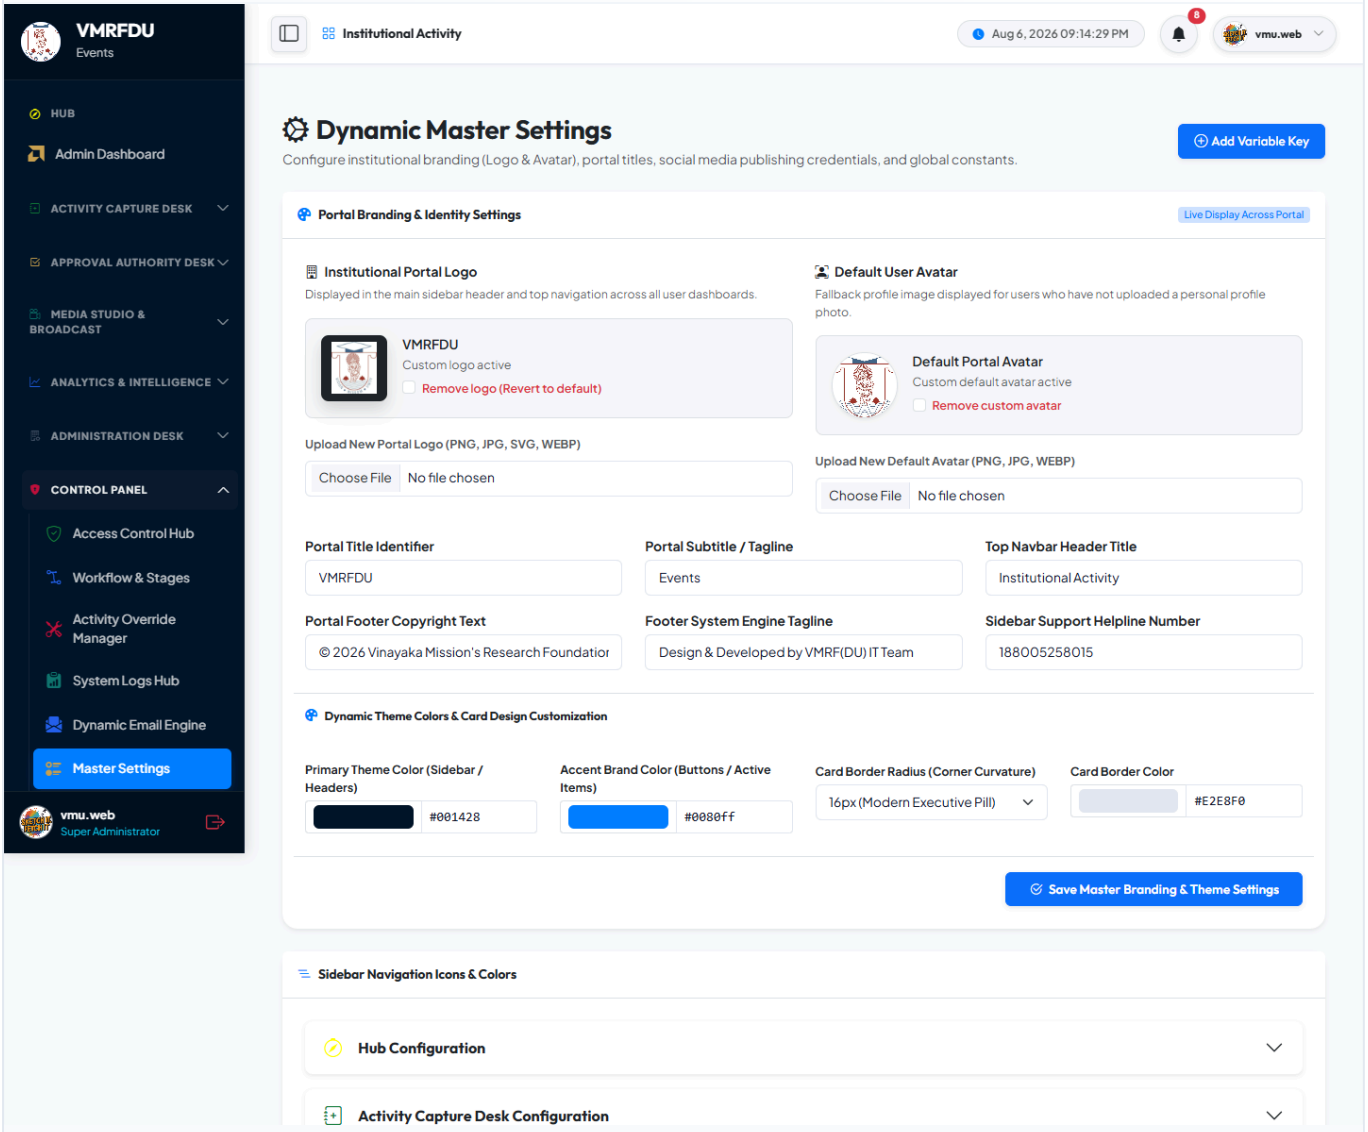

Immutable Records | User + IP | Before/After | Timestamp

SUPER ADMIN

Master Settings & Branding

Portal-wide configuration: upload university logo and favicon, set default user avatar, configure NTP time synchronization, manage session lifetime. Controls the visual identity and core behaviour of the entire portal.

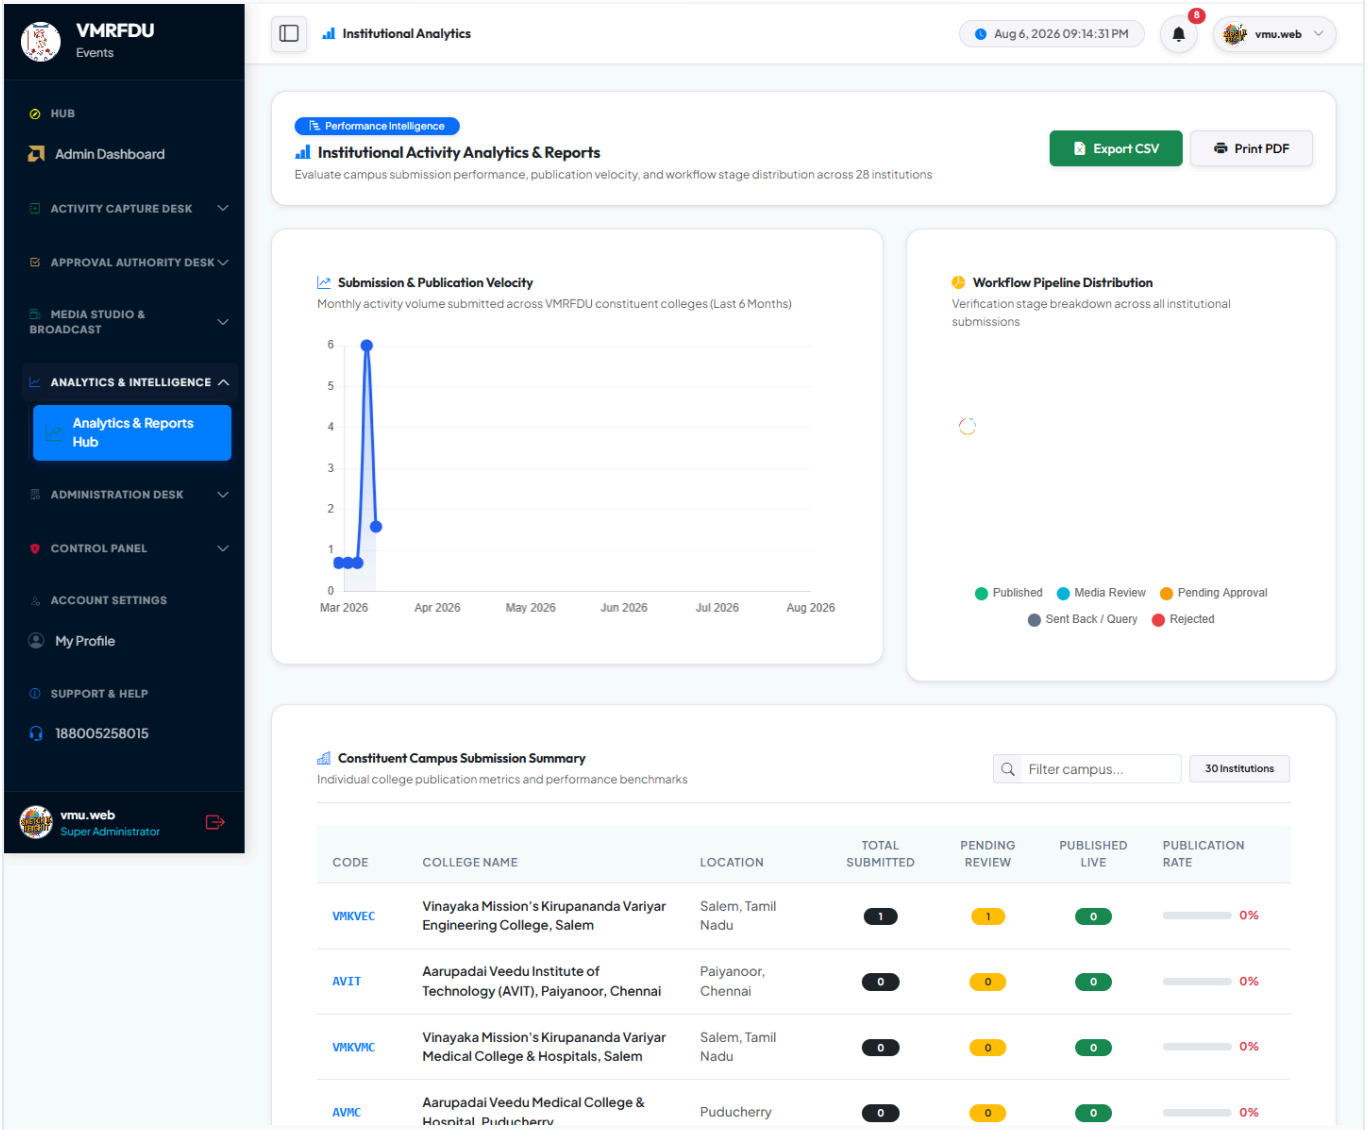

Logo & Favicon · NTP Sync · Session Config · Branding

SUPER ADMIN

Analytics Dashboard (Super Admin)

University-wide KPI dashboard with cross-college data visibility. Charts: activities by category, by college, by approval stage, by month. Export options: CSV download and printable executive report with branding.

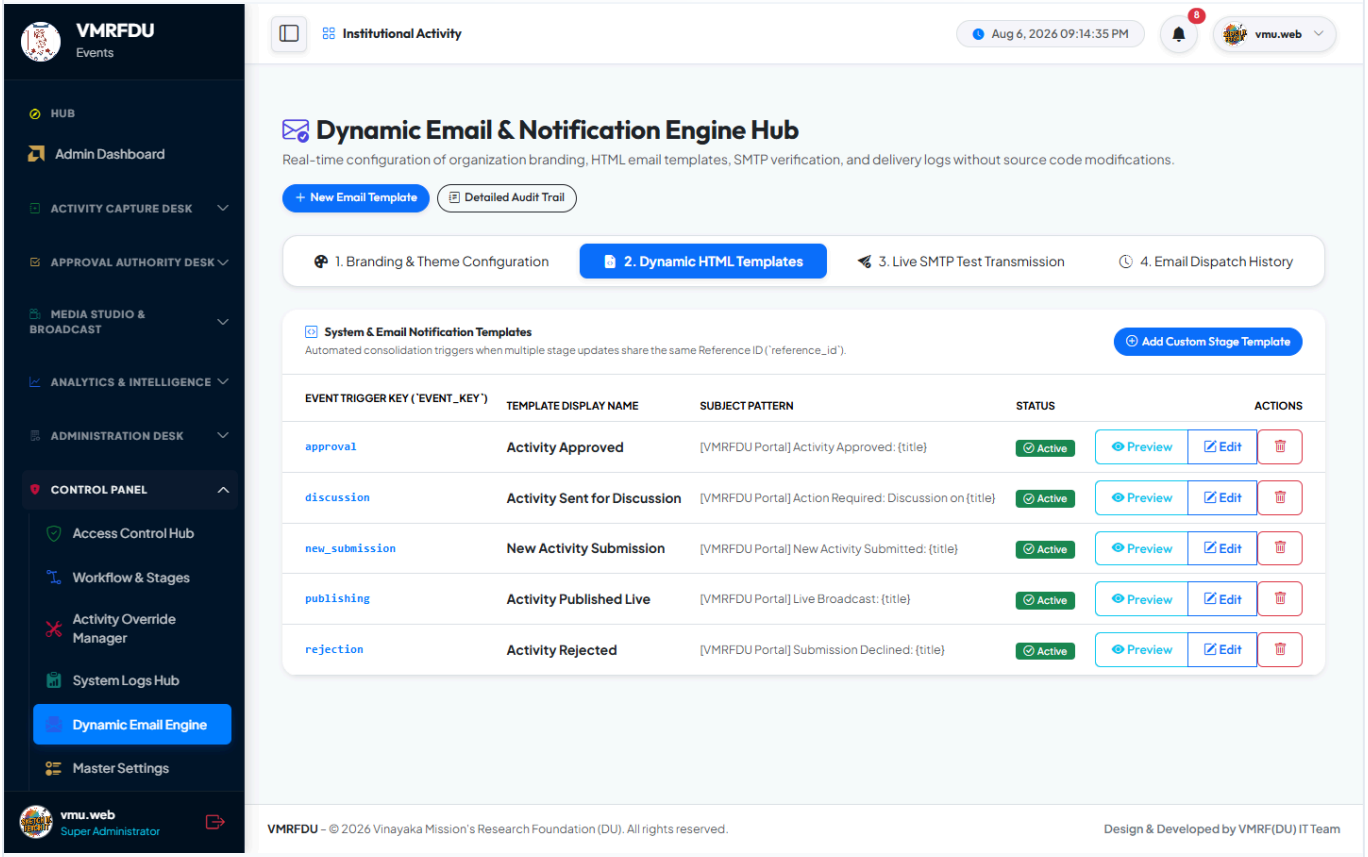

University-Wide KPIs | Trend Charts | CSV Export | Print Report

SUPER ADMIN

In-App Notification Center

Notification inbox with read/unread status tracking. Mark individual or all-as-read. Each notification links to the relevant activity, approval, or system event.

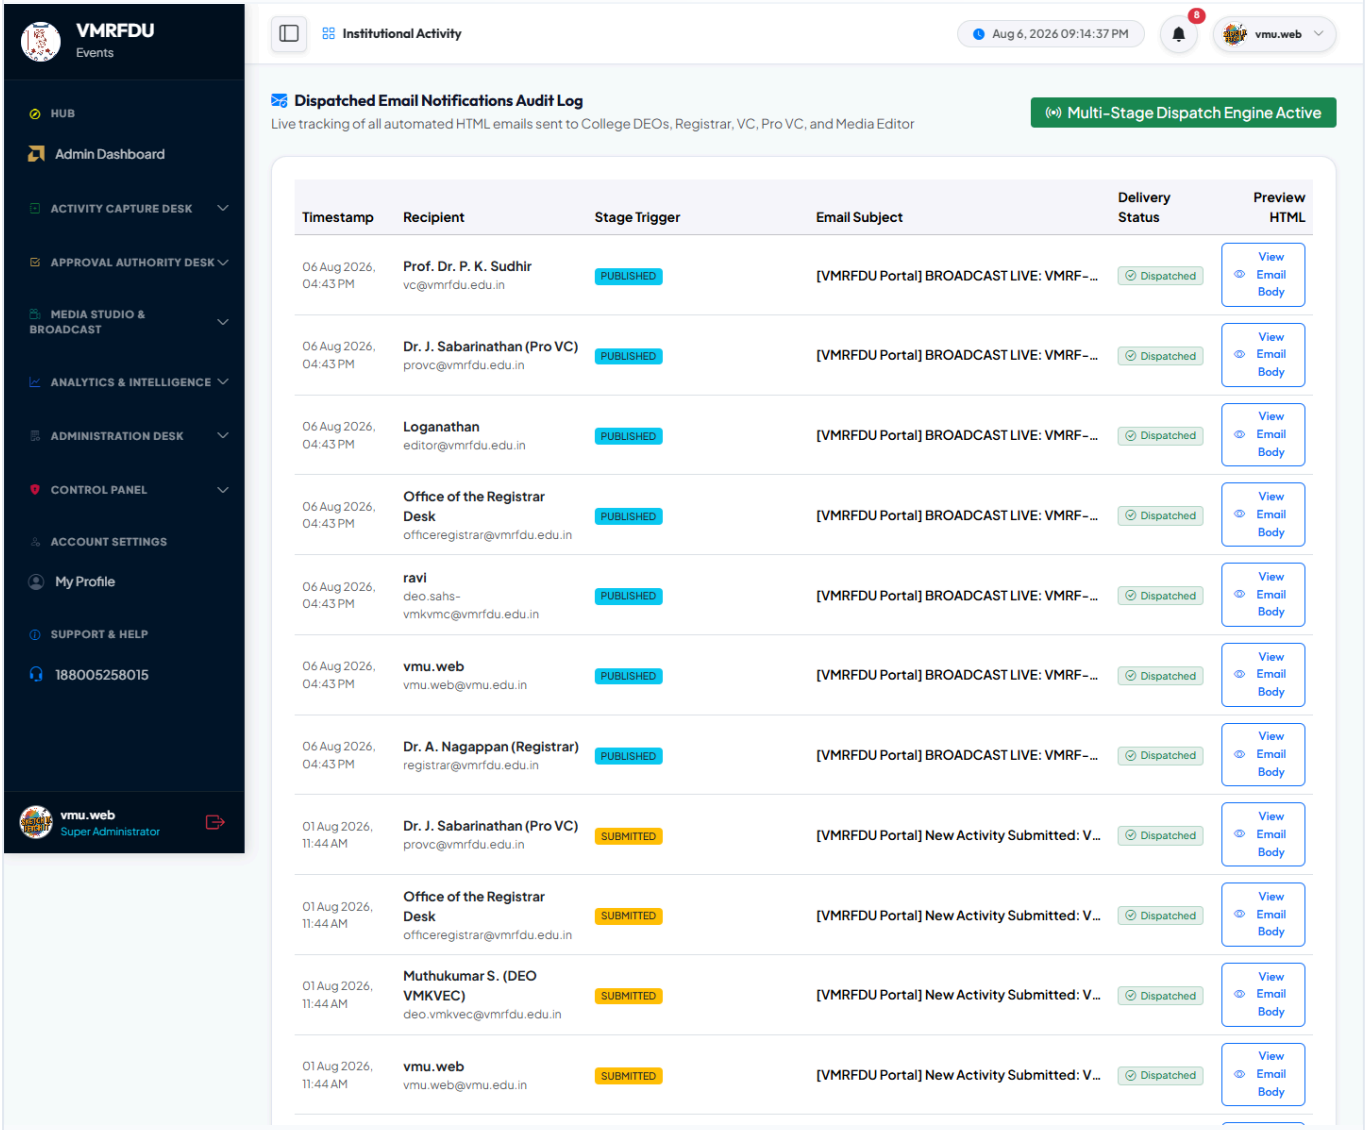

In-App Alerts | Mark All Read | Action Links

SUPER ADMIN

Email Transmission Audit Log

Complete record of every email generated by the portal at each workflow stage. Displays recipient, subject, stage trigger, delivery status (sent/queued/failed), and full HTML body preview for troubleshooting.

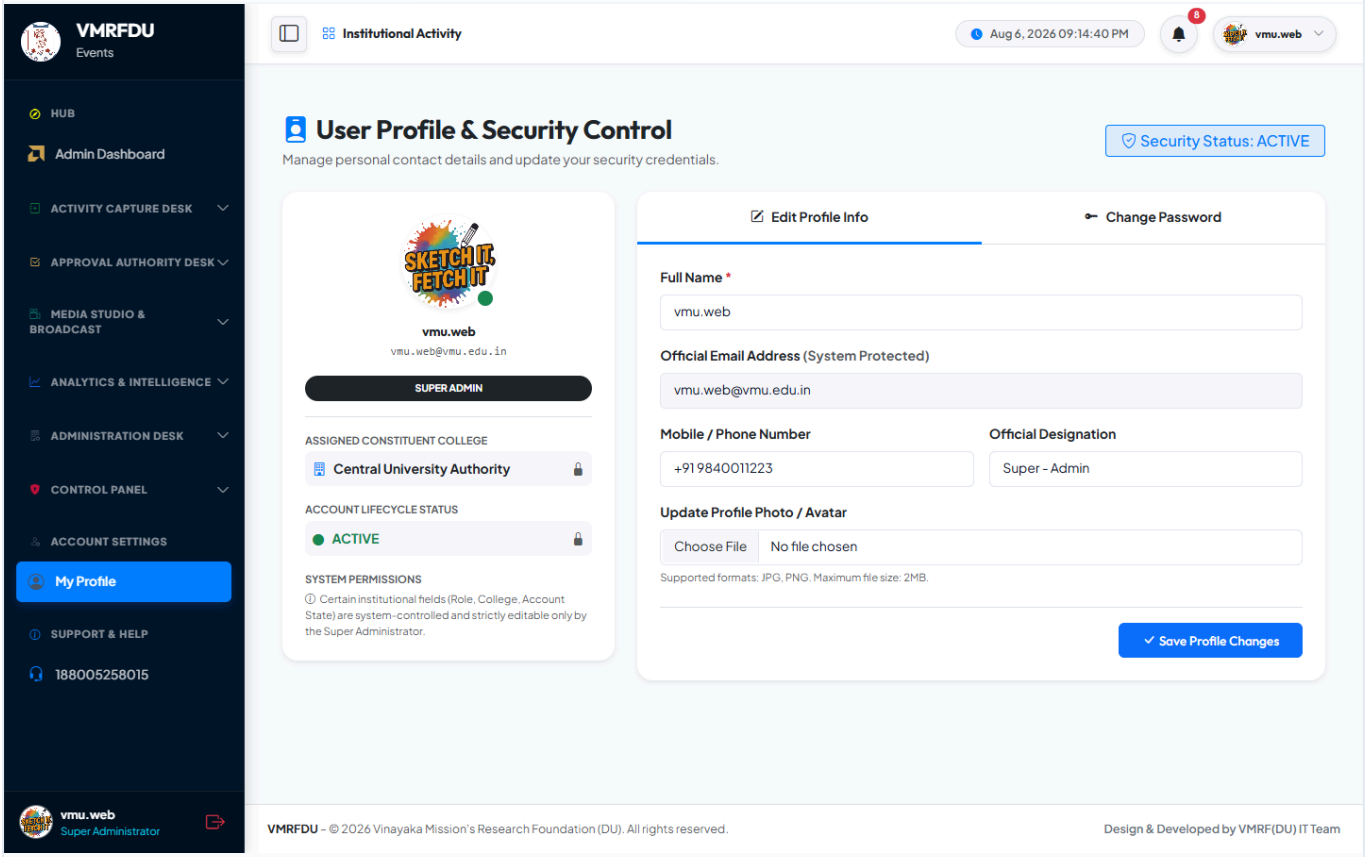

Email Audit | Delivery Status | HTML Preview | Search History

SUPER ADMIN

User Profile — Super Admin

Personal profile management: update name, email, phone, designation, upload avatar, change password with current-password verification.

Edit Info · Avatar Upload · Change Password

3 🏛 Vice Chancellor (VC) — Verification & Oversight

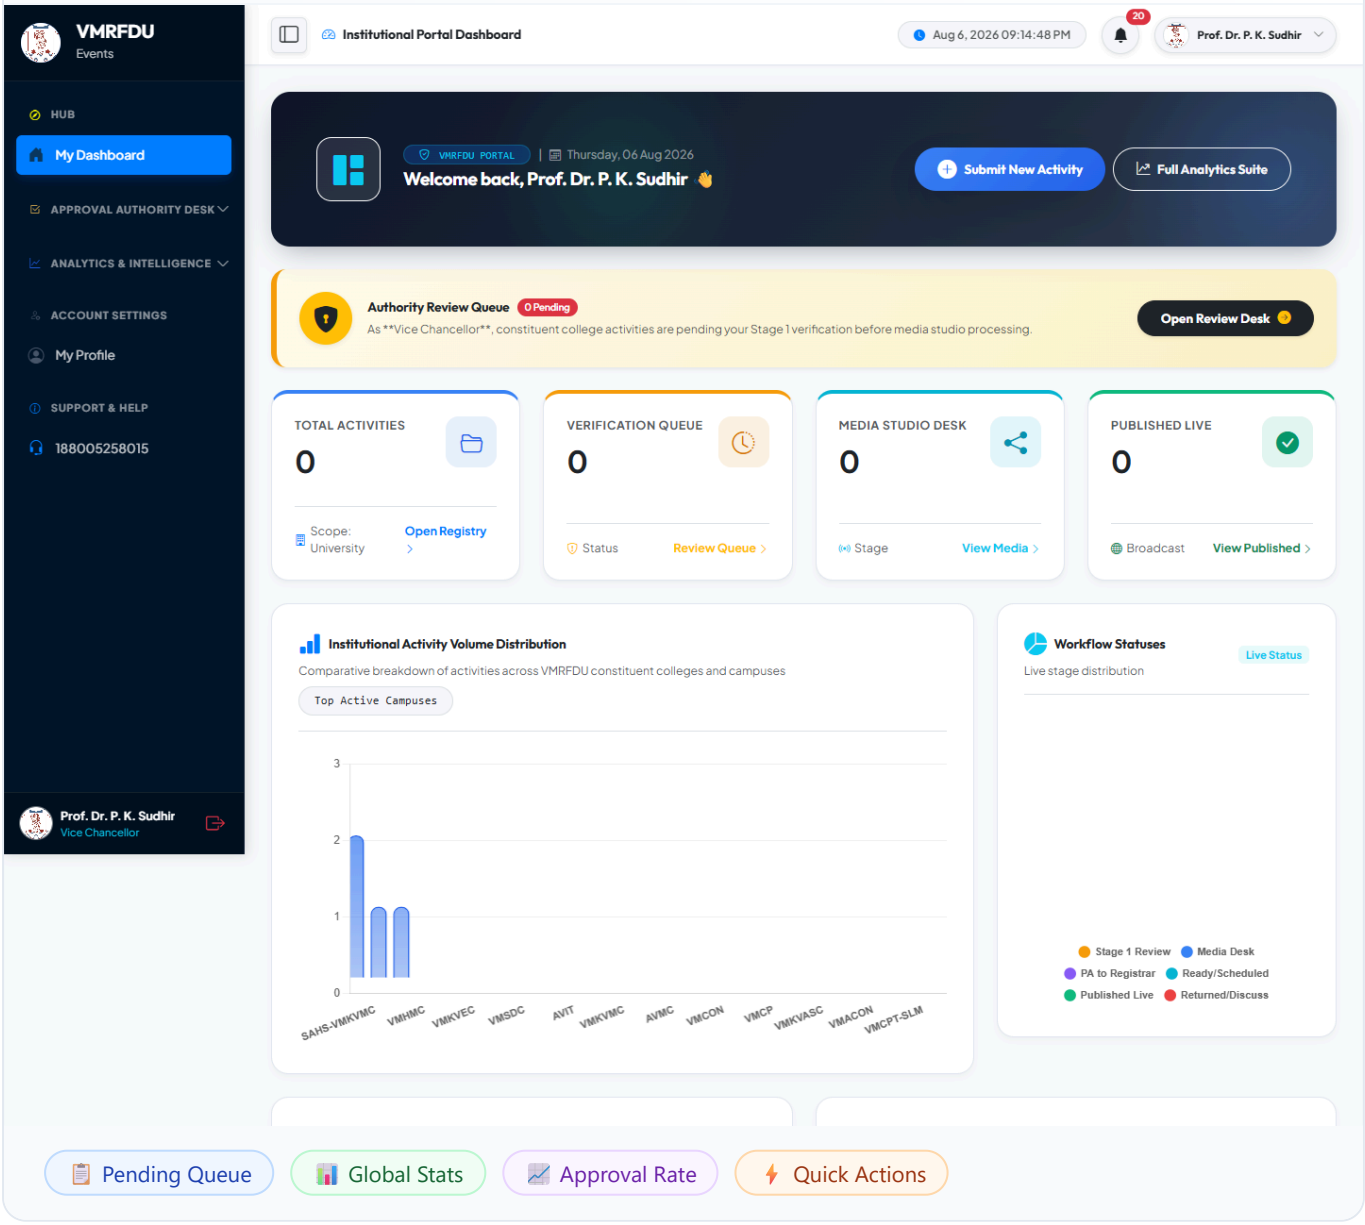

vc@vmrfdu.edu.in · Role: vc · Stage 1 Verification Authority — Global data access, approval queue

VICE CHANCELLOR

VC Dashboard

17 / 42

Vice Chancellor's role-specific homepage: pending verification count, university-wide activity statistics, recent submission feed, approval rate indicators, and quick navigation to the verification queue and analytics.

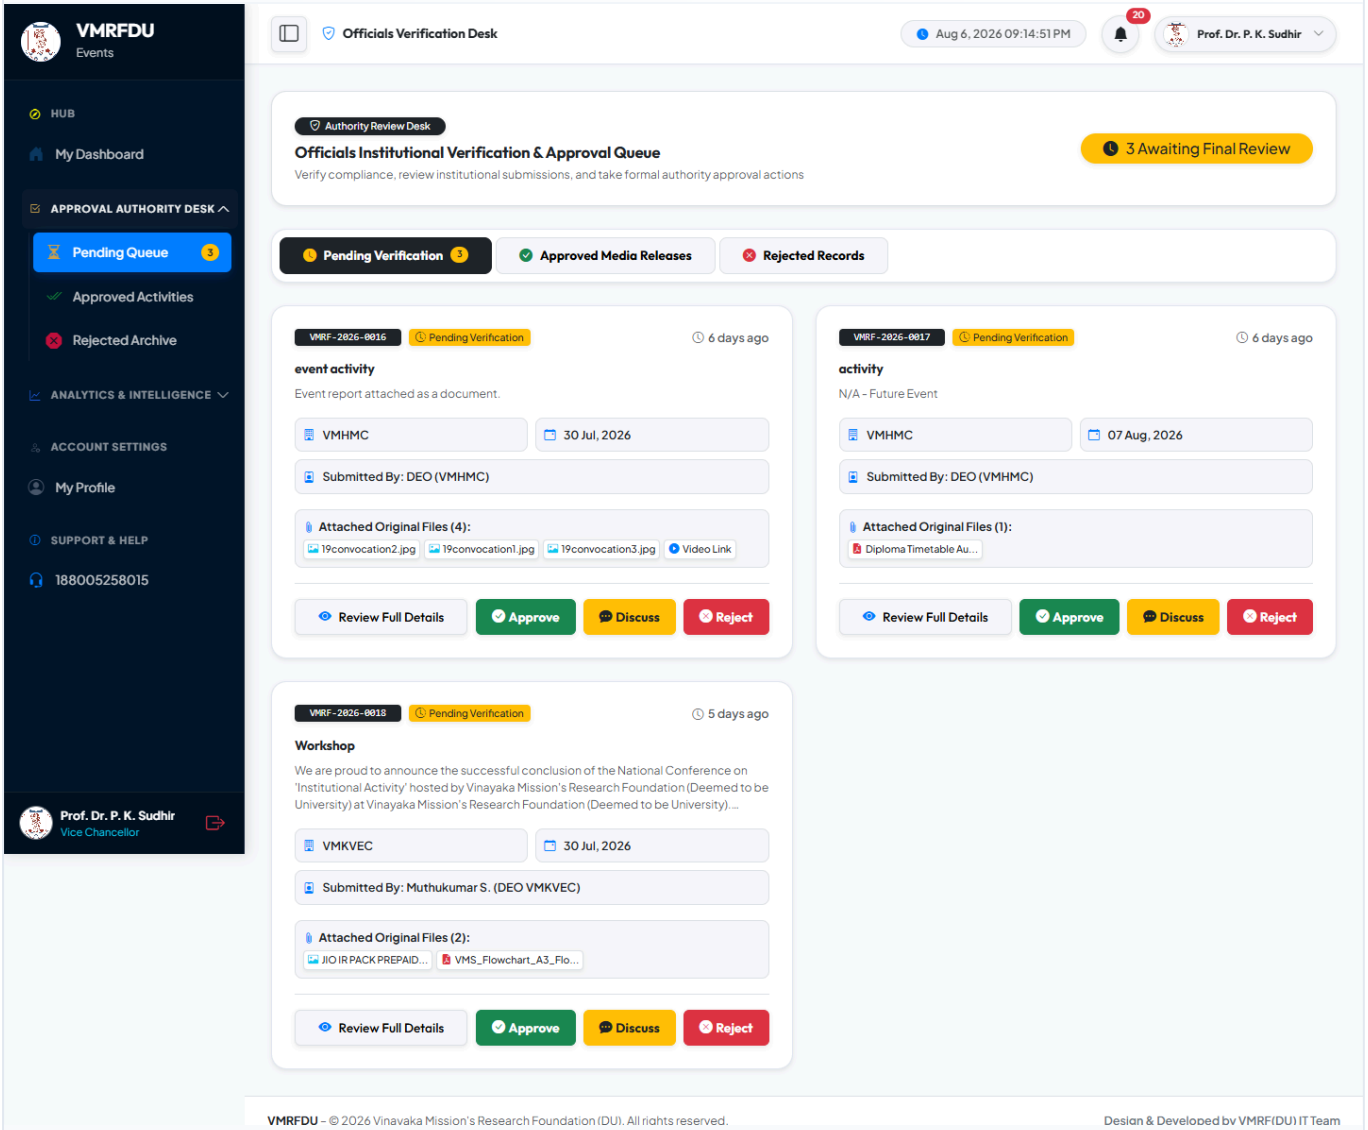

📋 Pending Queue · 📊 Global Stats · 📈 Approval Rate · ⚡ Quick Actions

VICE CHANCELLOR

Verification Queue — Pending Submissions

Stage 1 verification dashboard listing all activities submitted by College Admins awaiting institutional review. Each card shows title, college, event category, date, faculty coordinator, and uploaded photos. Three actions available: Approve / Discuss / Reject.

Approve → media_review

Discuss → Return to College

Reject → Terminated

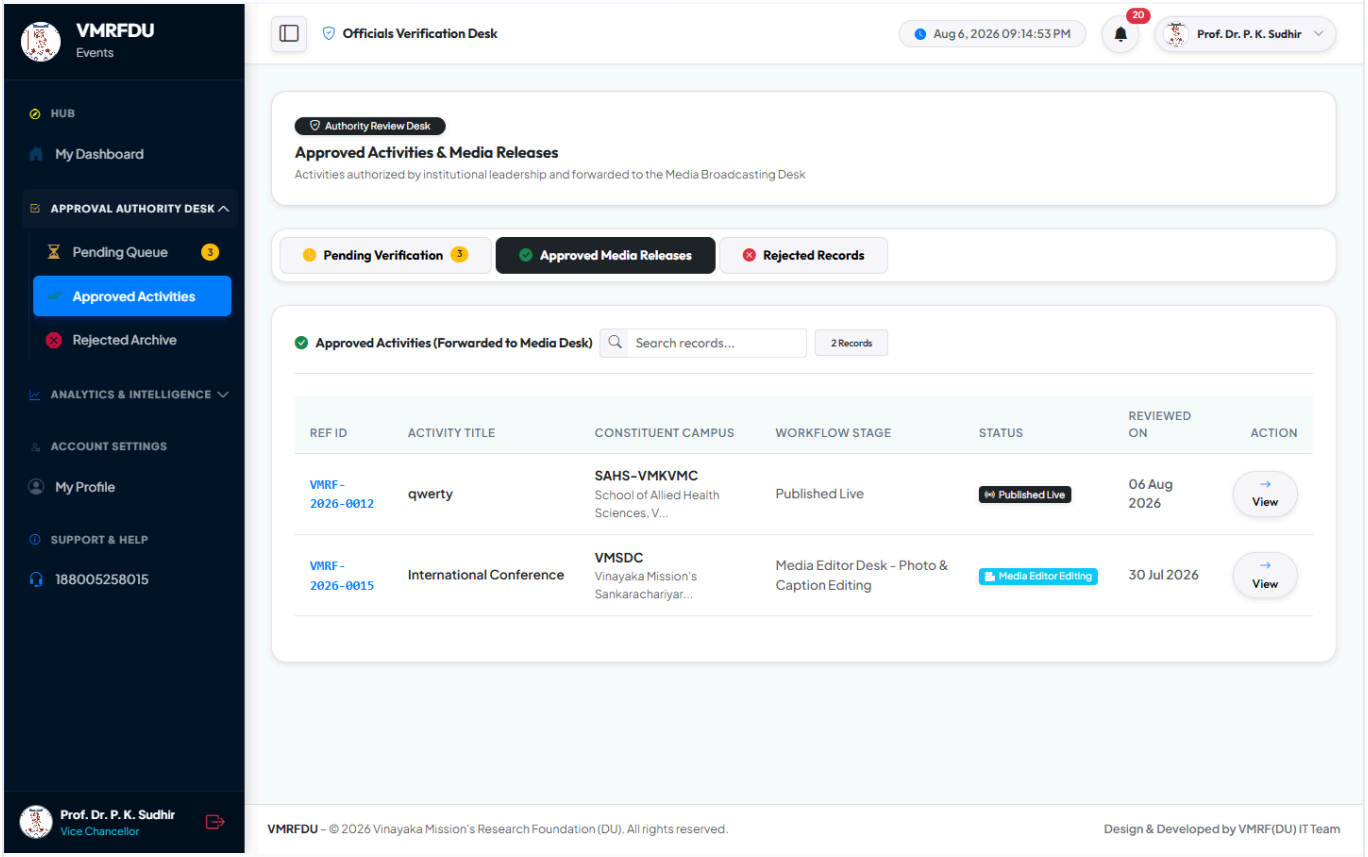

Mandatory Remarks on Discuss/Reject

VICE CHANCELLOR

Approved Submissions List

19 / 42

Historical view of all activities approved by the VC and forwarded to the Media Editor Studio. Shows approval timestamp, current downstream status, and remarks provided at approval.

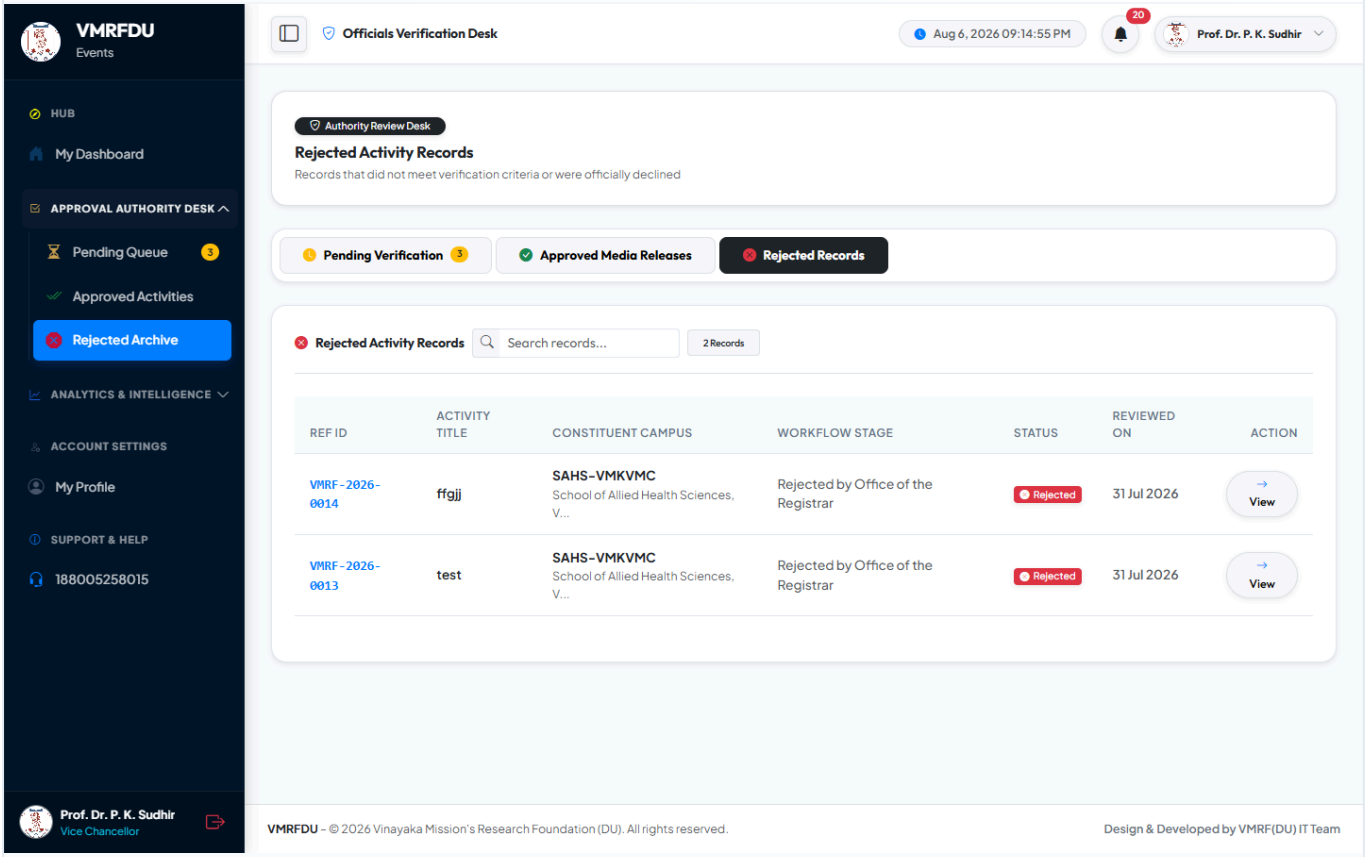

Approved Records | Timestamps | Downstream Status

VICE CHANCELLOR

Rejected Submissions Archive

20 / 42

Record of all activities rejected at Stage 1, with the mandatory rejection reason captured at the time of rejection and timestamp. Full traceability for governance and college feedback.

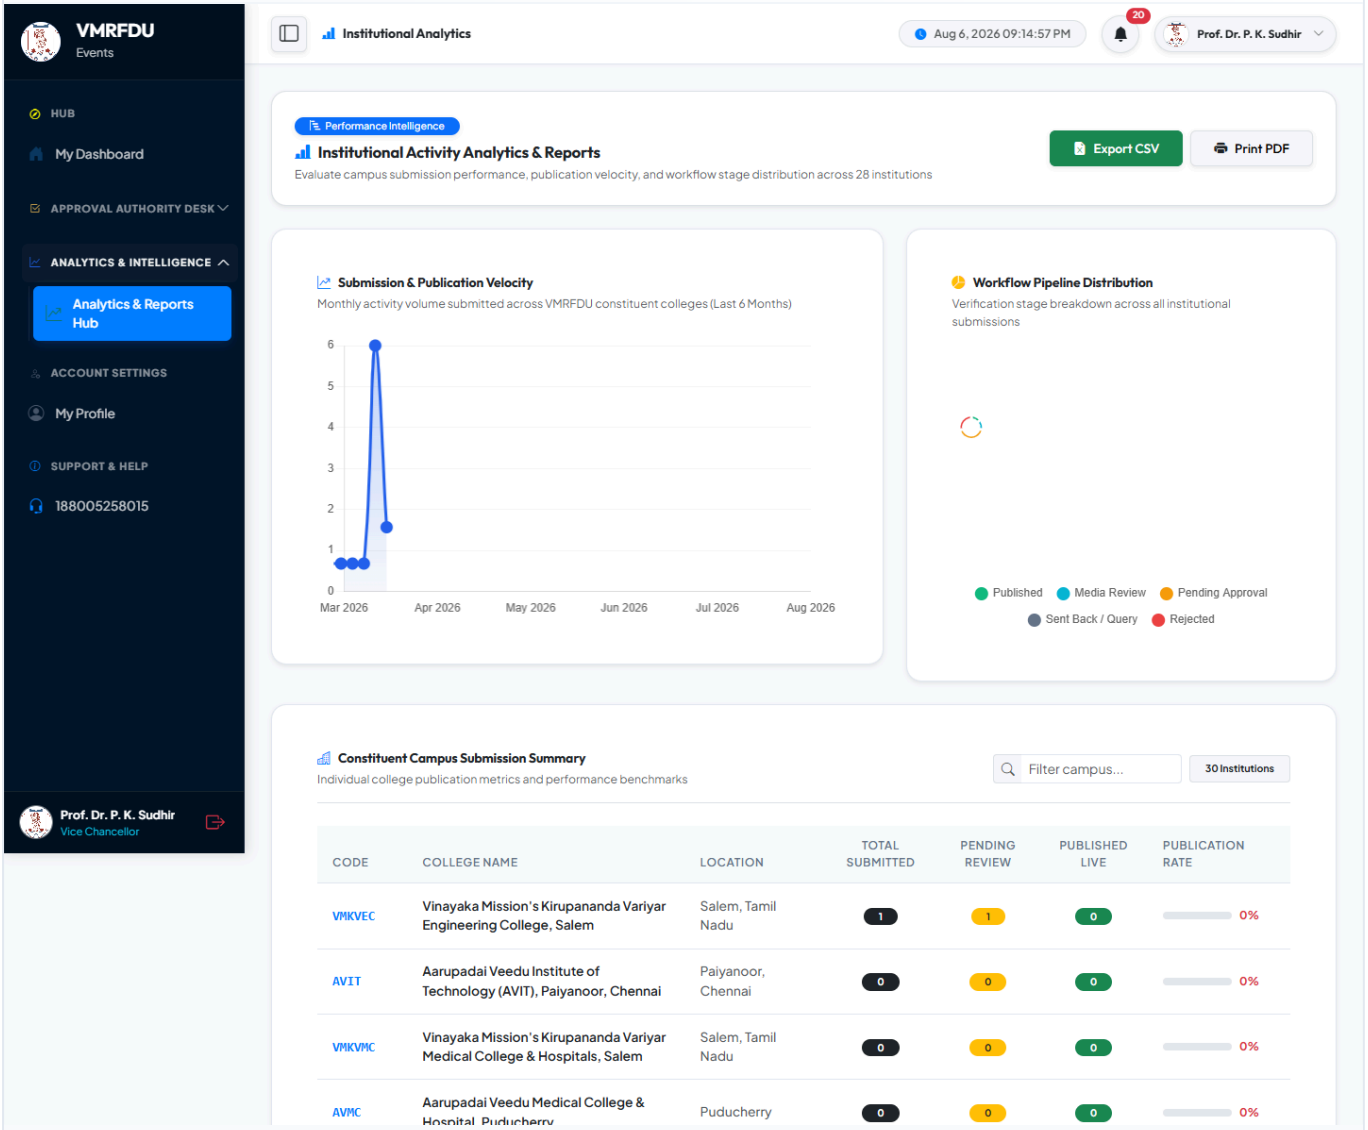

Rejected Records | Rejection Reasons | Timestamps

VICE CHANCELLOR

Analytics Dashboard (VC View)

University-wide analytics with full cross-college visibility — approval rates, submission volumes by category and college, stage-wise distribution, monthly trends. CSV and printable report export.

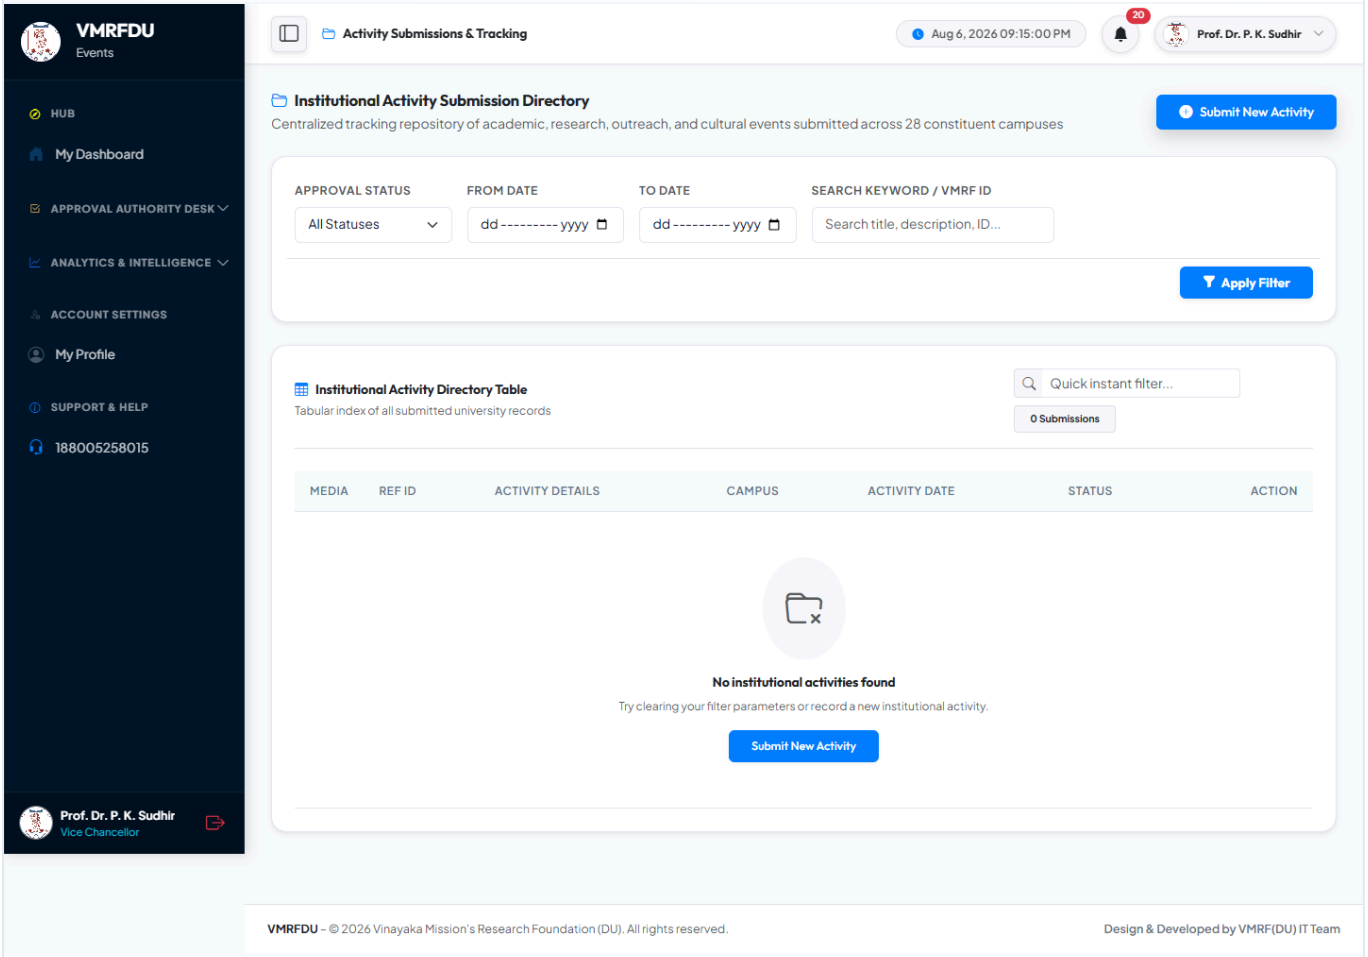

University-Wide Trends CSV/Print

VICE CHANCELLOR

All Submissions View (VC)

Global read-only view of all activity submissions across all colleges in every status — for monitoring and oversight without triggering workflow transitions.

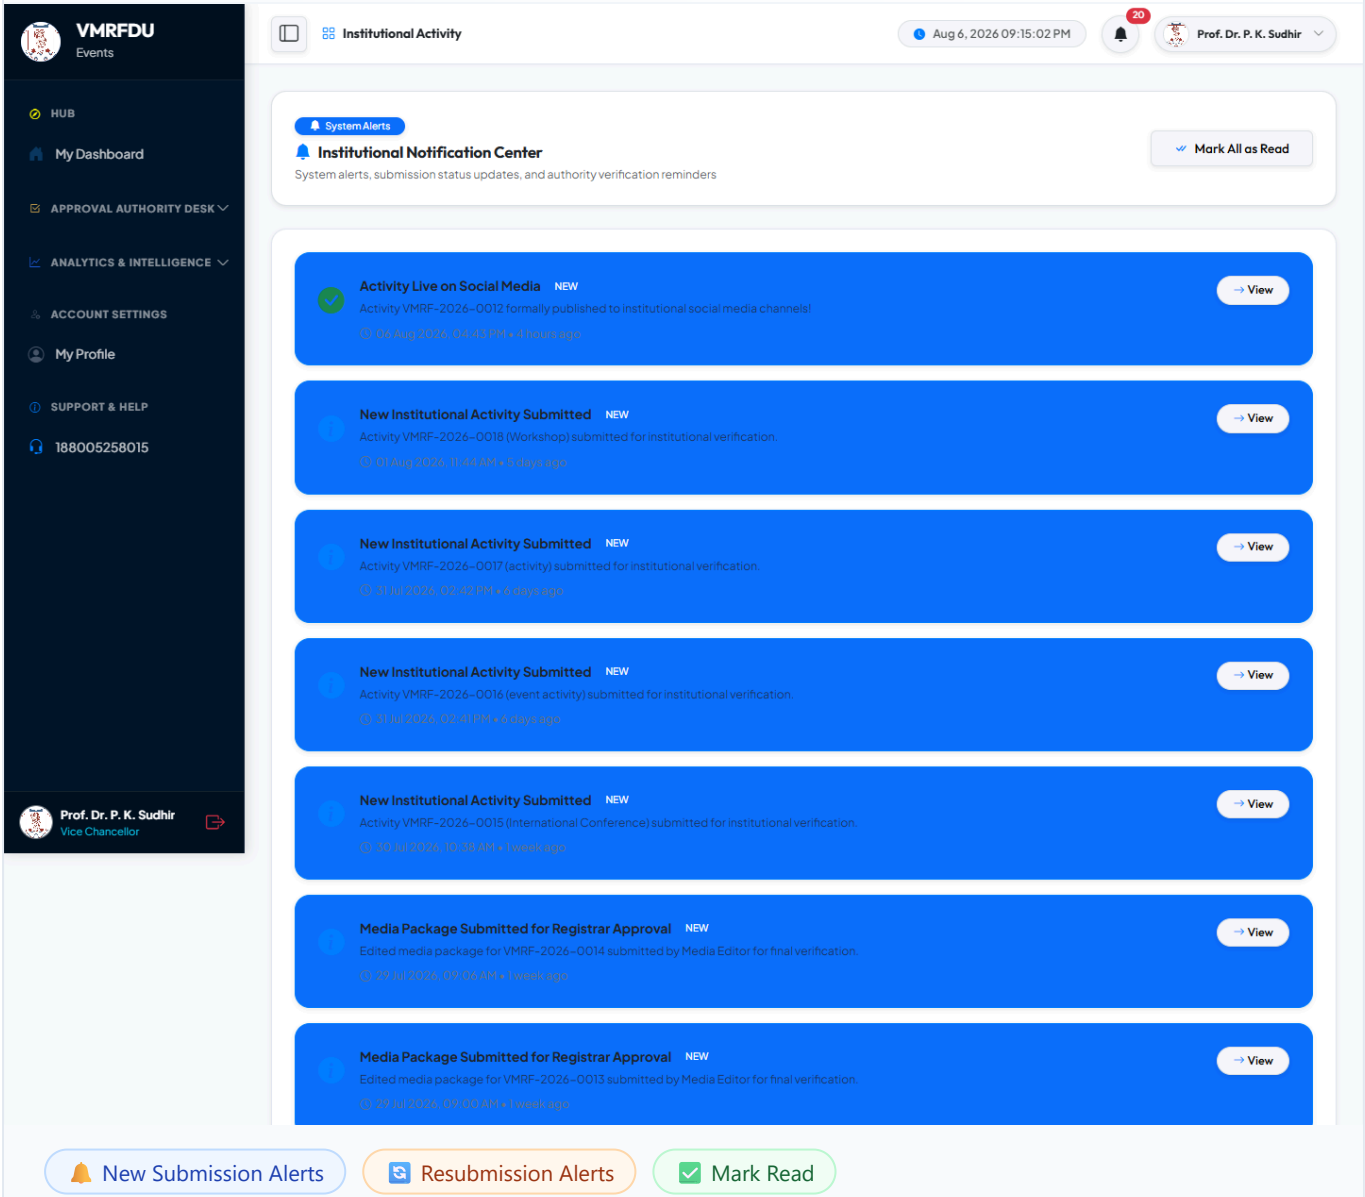

All Colleges | All Statuses | Read-Only Oversight

VICE CHANCELLOR

Notifications (VC)

In-app notifications for the VC: new submissions awaiting verification, resubmissions after discussion feedback, and system-level alerts.

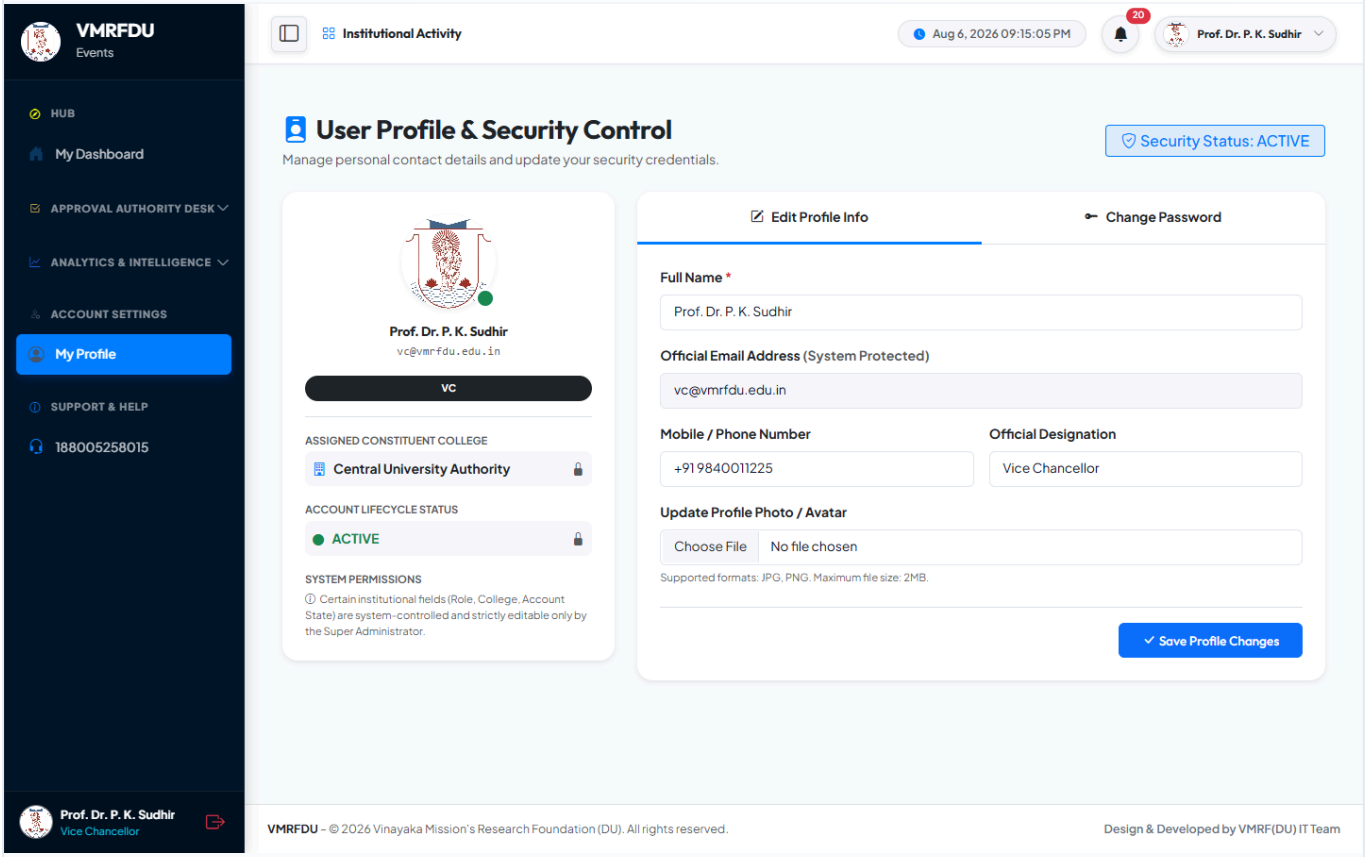

New Submission Alerts | Resubmission Alerts | Mark Read

VICE CHANCELLOR

User Profile (VC)

Personal profile management for the Vice Chancellor: update information, upload avatar, change password.

Edit Info | Avatar | Password

3B Pro Vice Chancellor (Pro VC) — Verification & Oversight

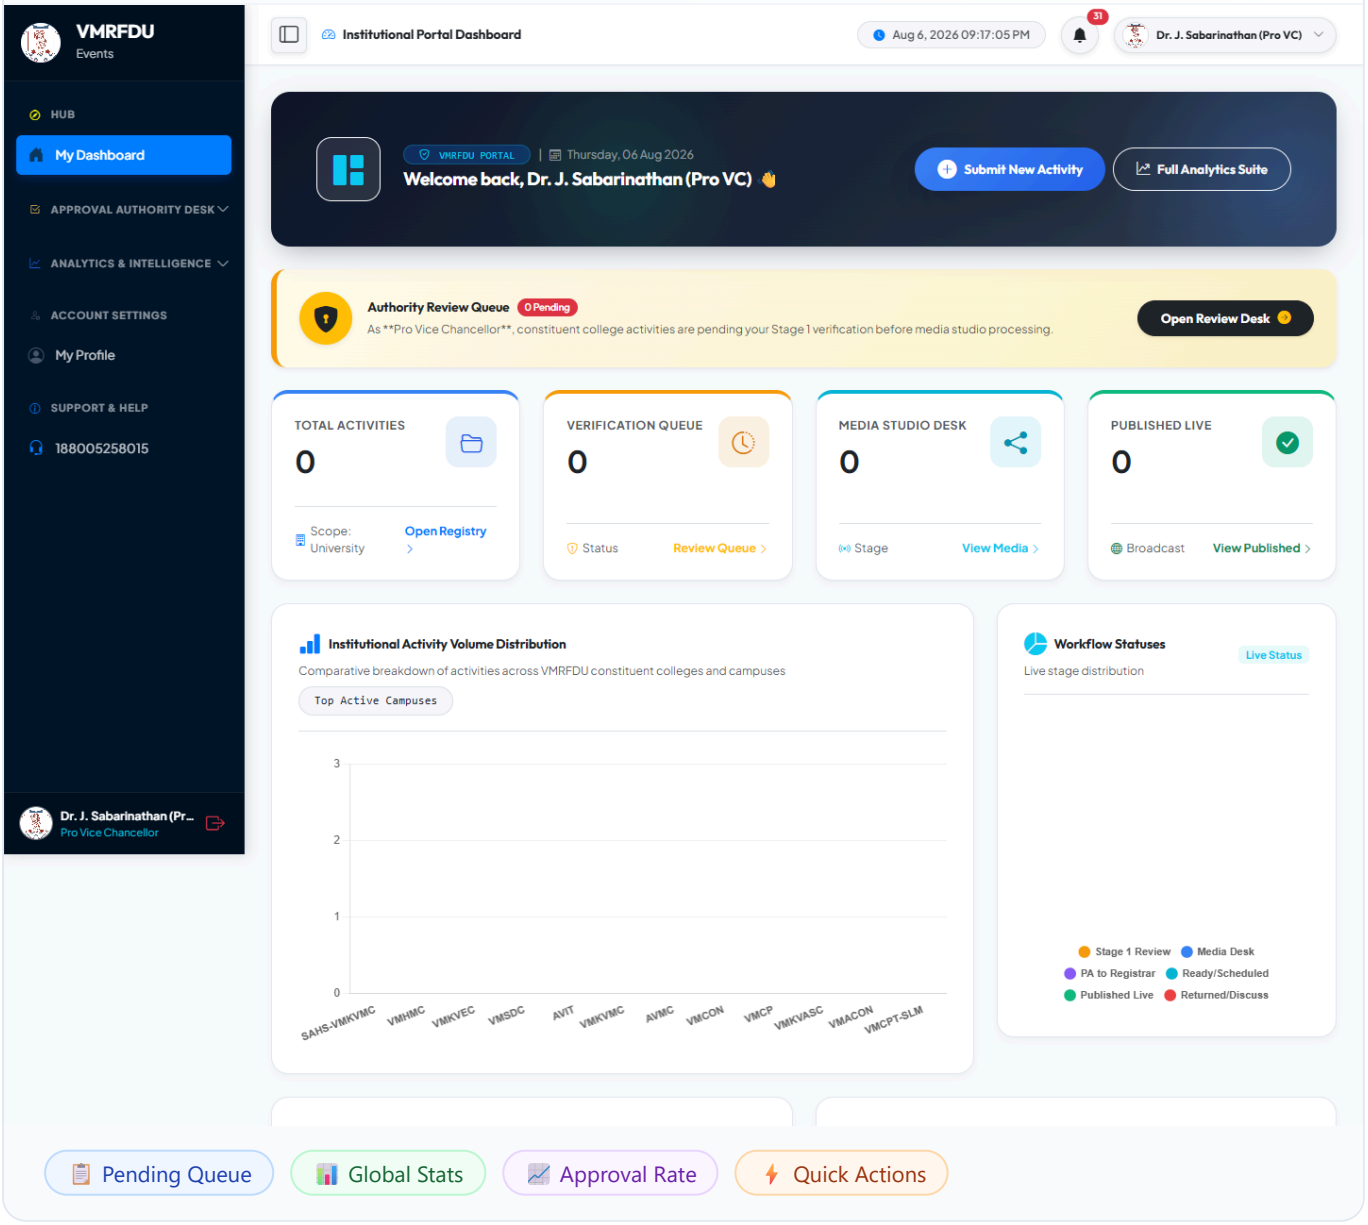

provc@vmrfdu.edu.in · Role: pro_vc · Stage 1 Verification Authority — Global data access, approval queue

PRO VICE CHANCELLOR

Pro VC Dashboard

43 / 50

Pro Vice Chancellor's role-specific homepage: pending verification count, university-wide activity statistics, recent submission feed, approval rate indicators, and quick navigation to the verification queue and analytics.

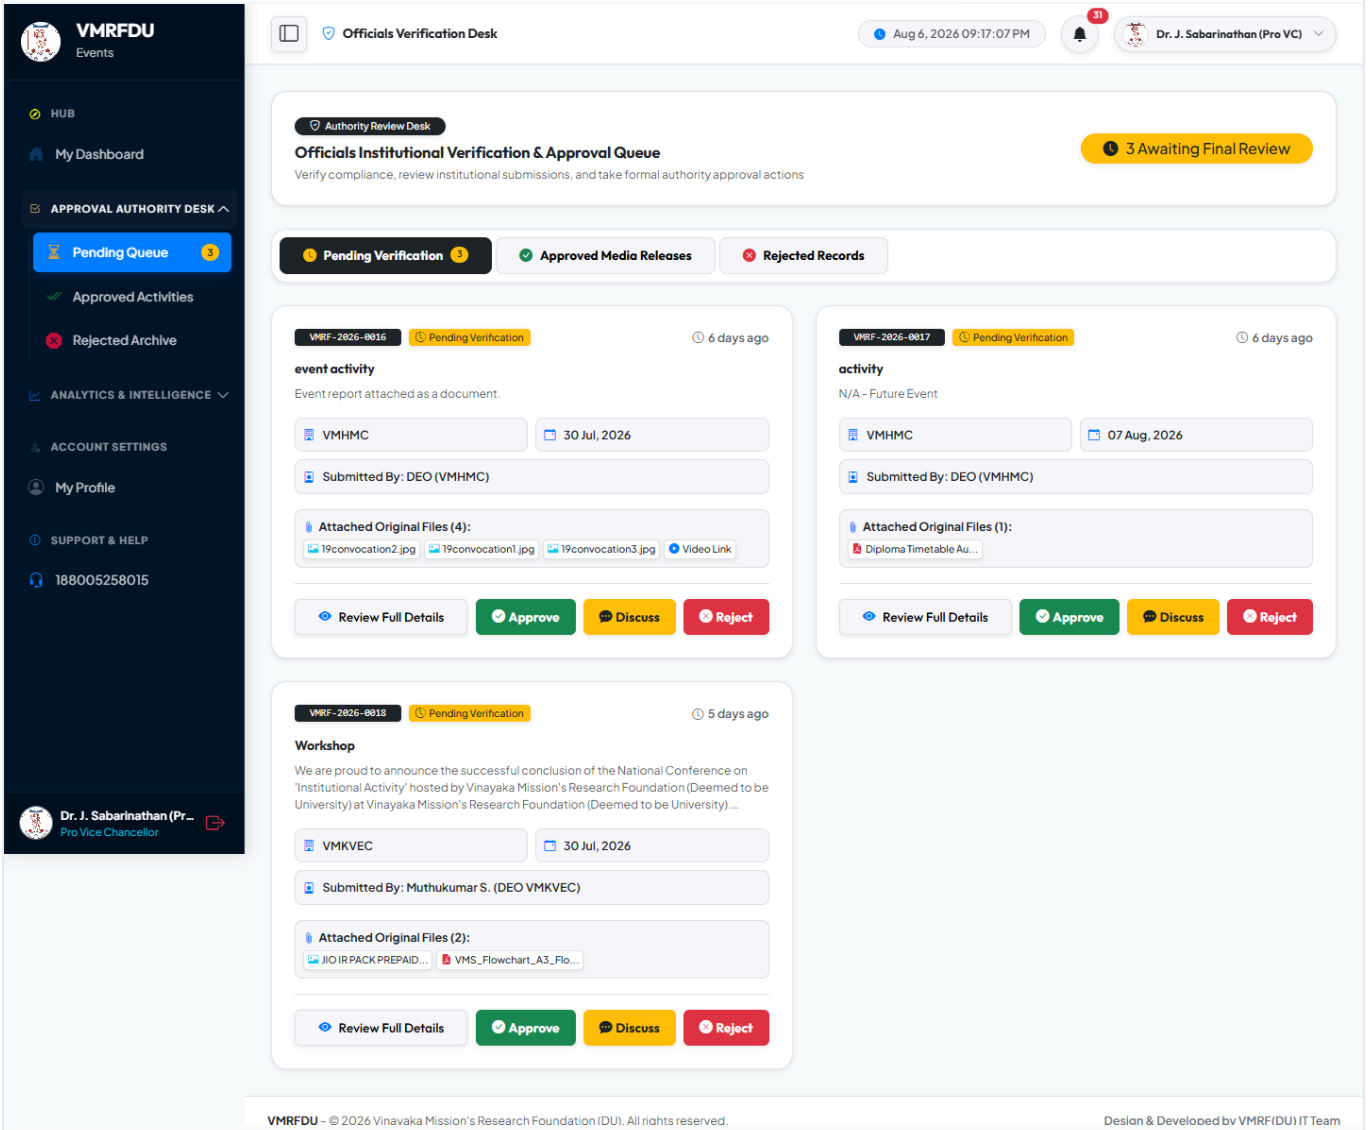

Pending Queue · Global Stats · Approval Rate · Quick Actions

PRO VICE CHANCELLOR

Verification Queue — Pending Submissions

Stage 1 verification dashboard listing all activities submitted by College Admins awaiting institutional review. Each card shows title, college, event category, date, faculty coordinator, and uploaded photos. Three actions available: Approve / Discuss / Reject.

Approve → media_review

Discuss → Return to College

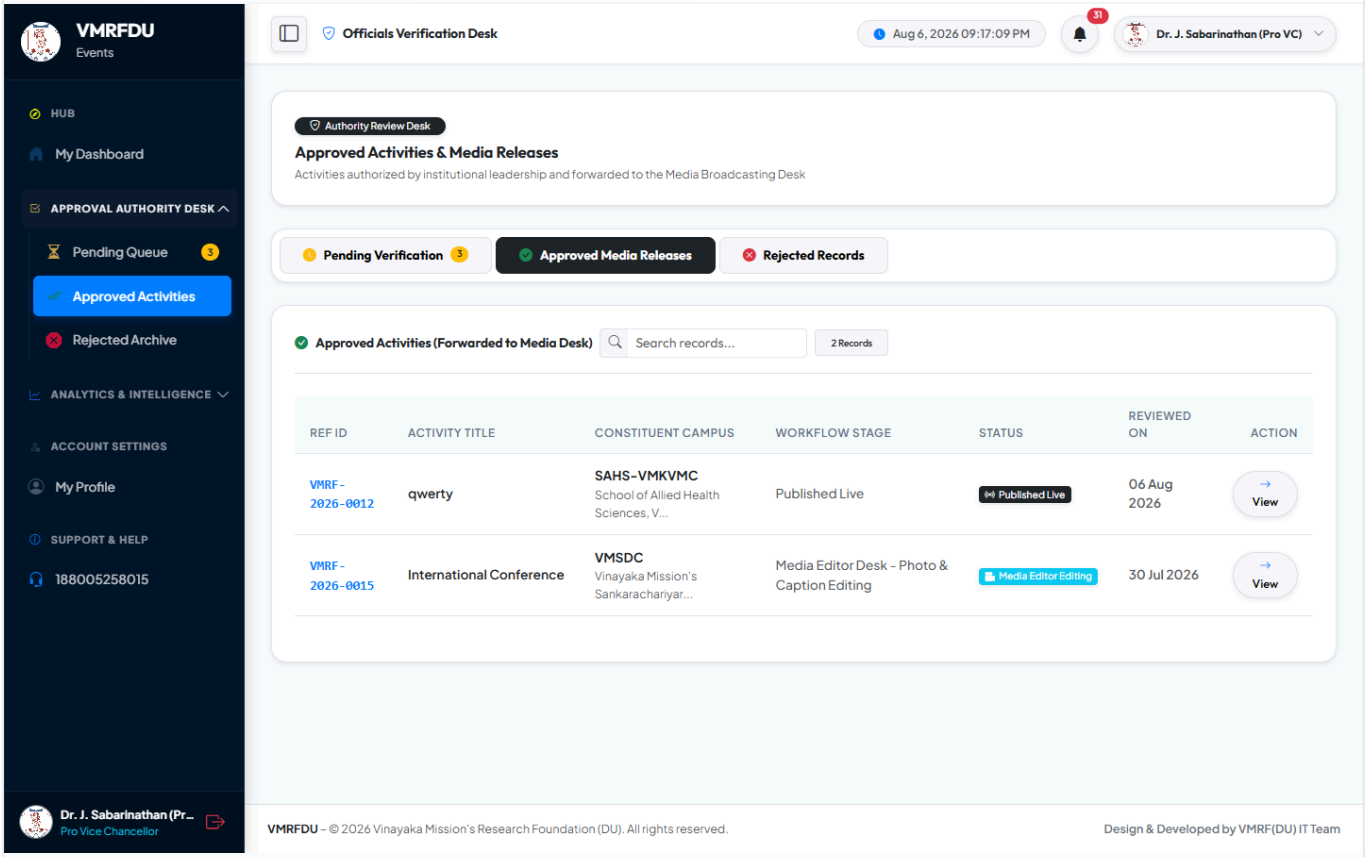

Reject → Terminated

Mandatory Remarks on Discuss/Reject

PRO VICE CHANCELLOR

Approved Submissions List

Historical view of all activities approved by the Pro VC and forwarded to the Media Editor Studio. Shows approval timestamp, current downstream status, and remarks provided at approval.

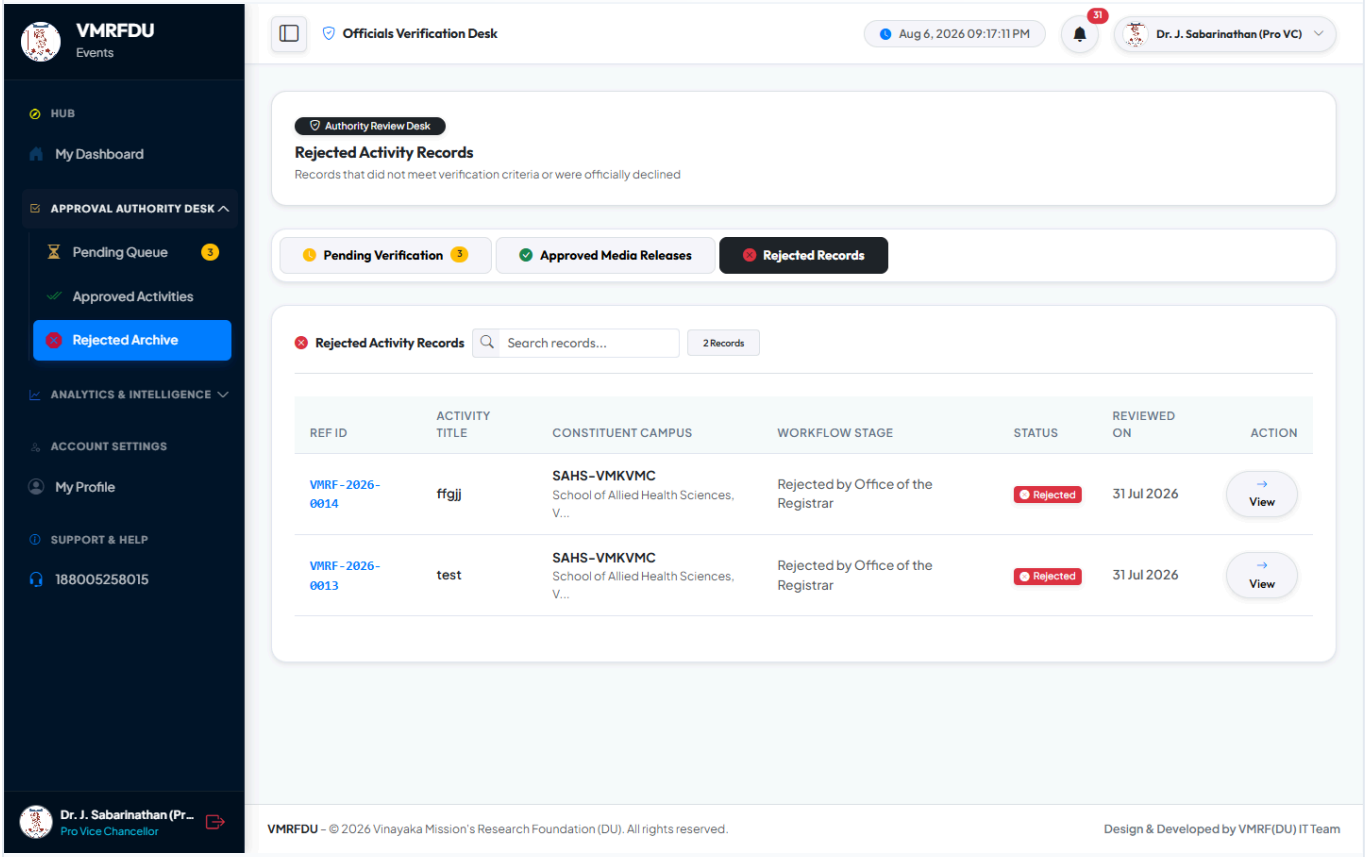

Approved Records | Timestamps | Downstream Status

PRO VICE CHANCELLOR

Rejected Submissions Archive

Record of all activities rejected at Stage 1, with the mandatory rejection reason captured at the time of rejection and timestamp. Full traceability for governance and college feedback.

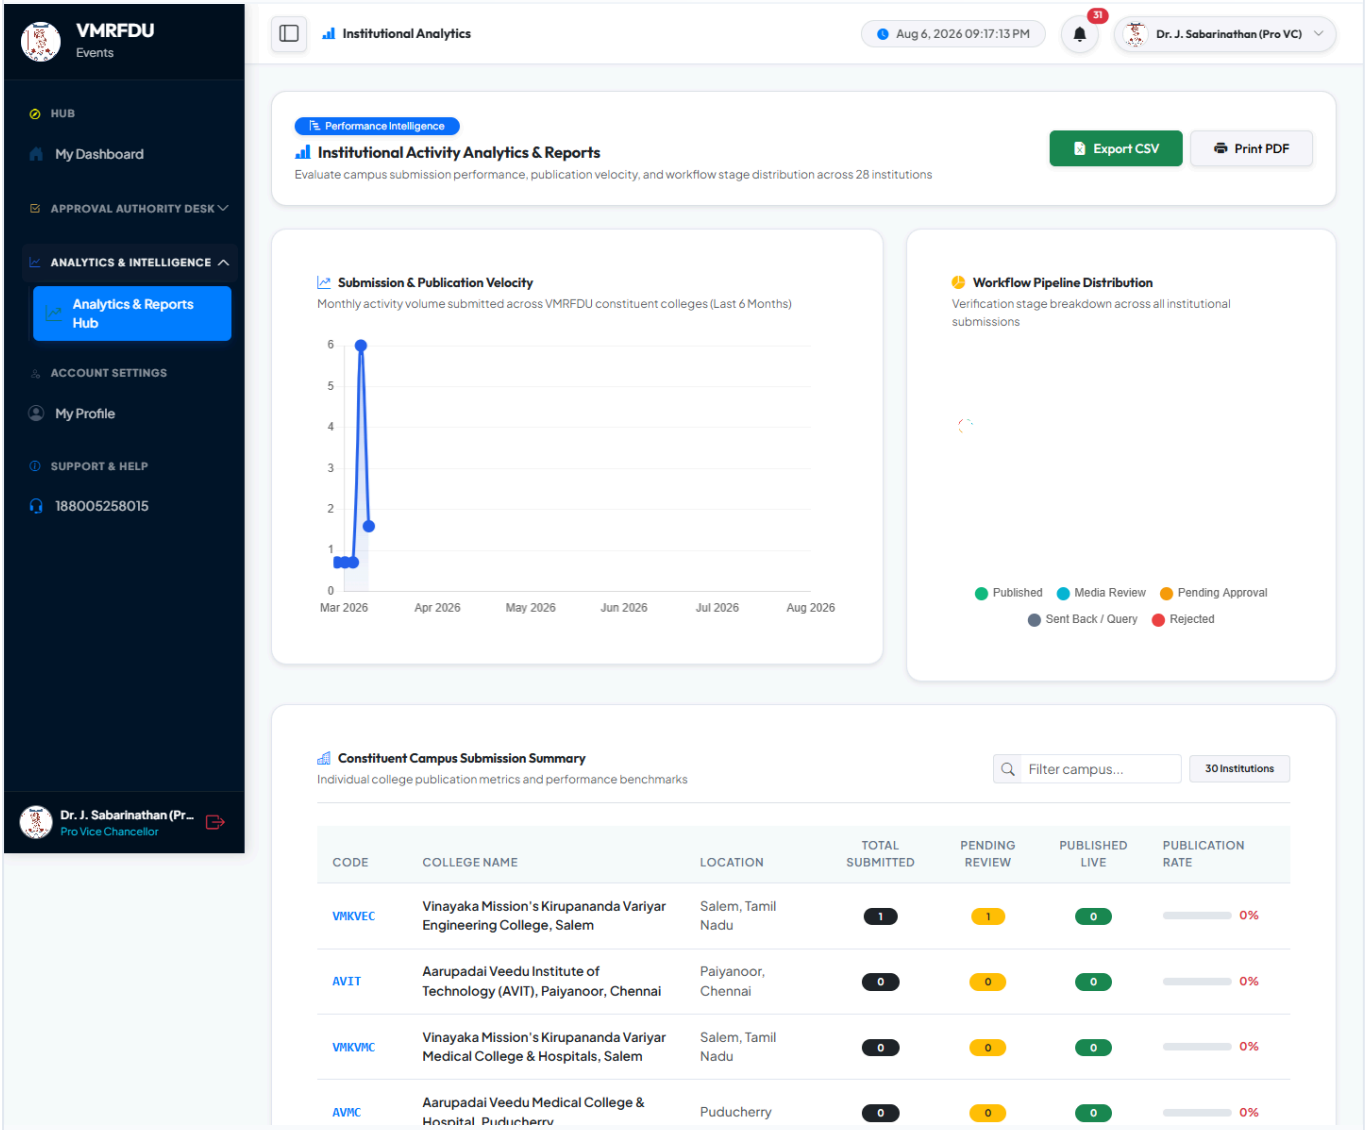

Rejected Records | Rejection Reasons | Timestamps

PRO VICE CHANCELLOR

Analytics Dashboard (Pro VC View)

University-wide analytics with full cross-college visibility — approval rates, submission volumes by category and college, stage-wise distribution, monthly trends. CSV and printable report export.

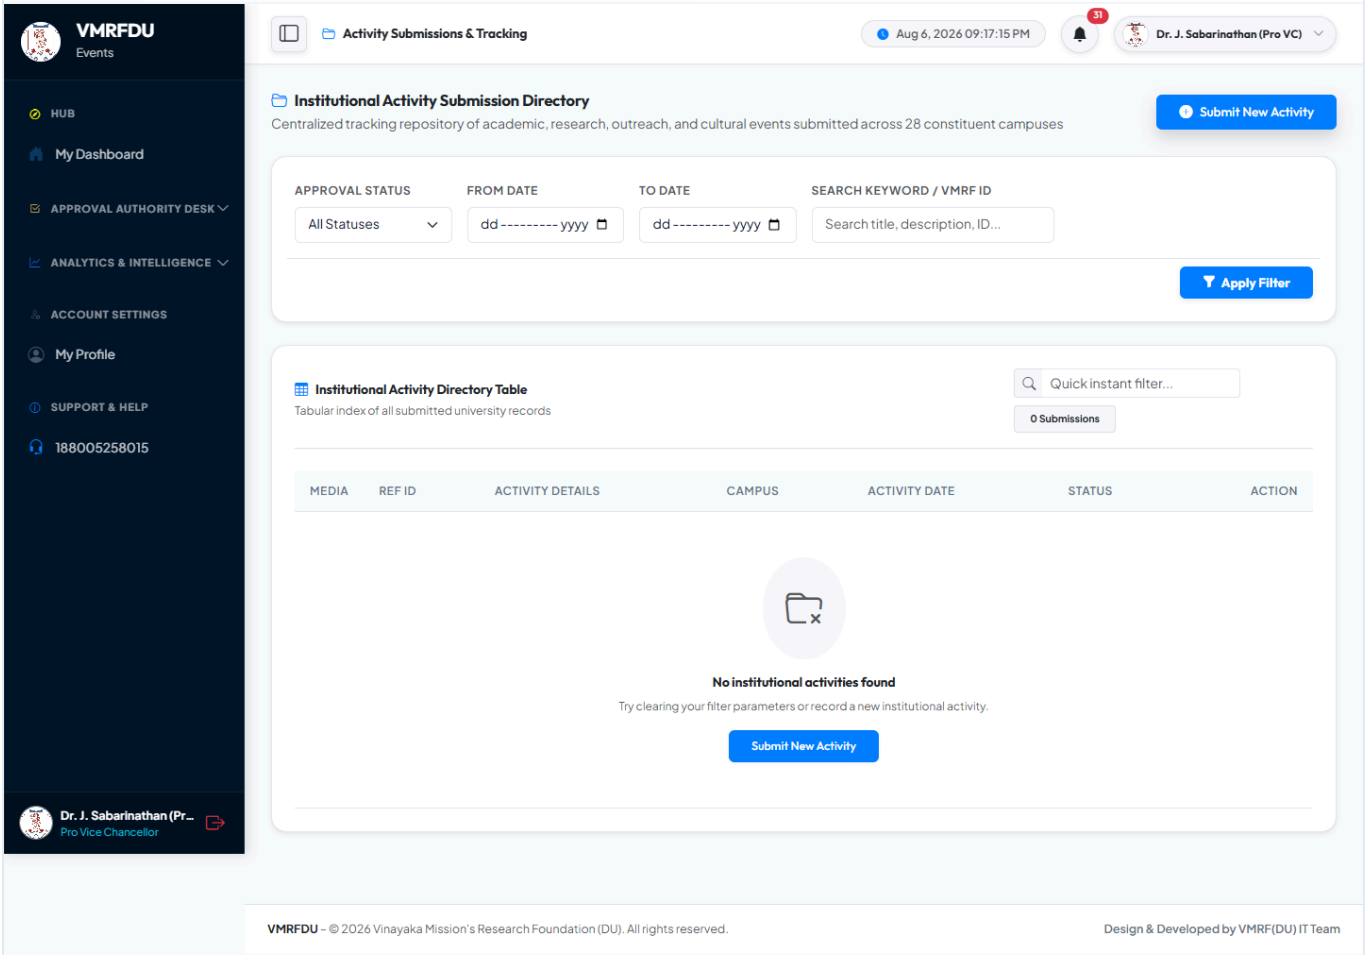

University-Wide | Trends | CSV/Print

PRO VICE CHANCELLOR

All Submissions View (Pro VC)

Global read-only view of all activity submissions across all colleges in every status — for monitoring and oversight without triggering workflow transitions.

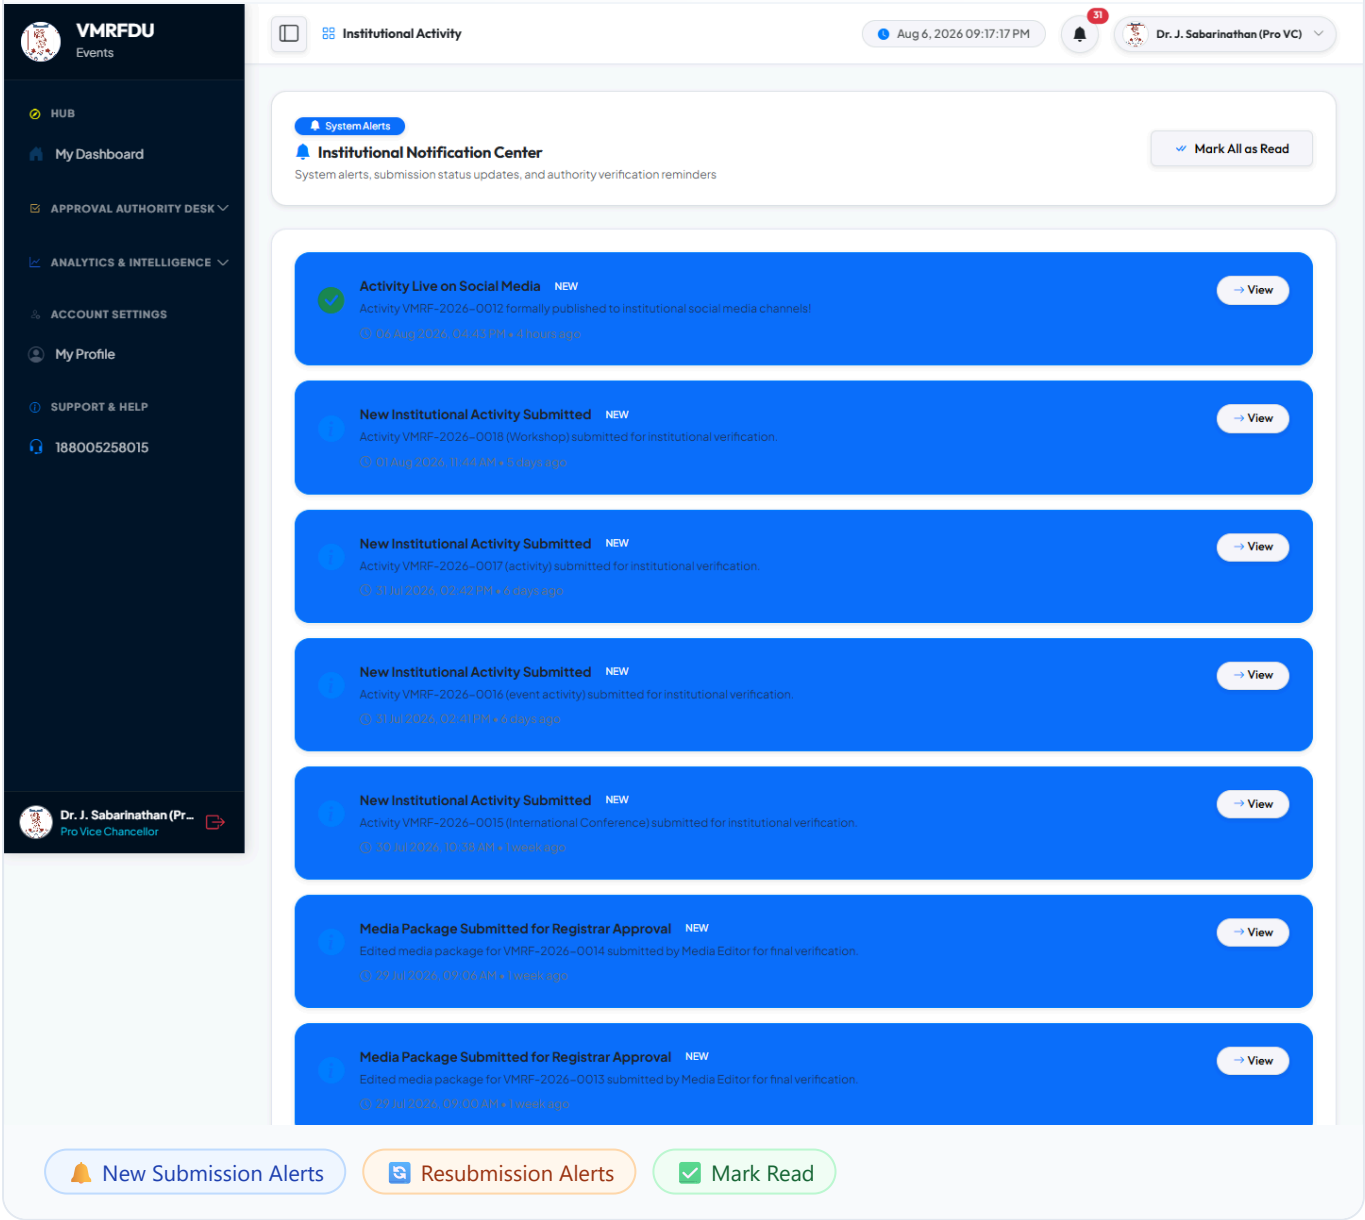

All Colleges | All Statuses | Read-Only Oversight

PRO VICE CHANCELLOR

Notifications (Pro VC)

In-app notifications for the Pro VC: new submissions awaiting verification, resubmissions after discussion feedback, and system-level alerts.

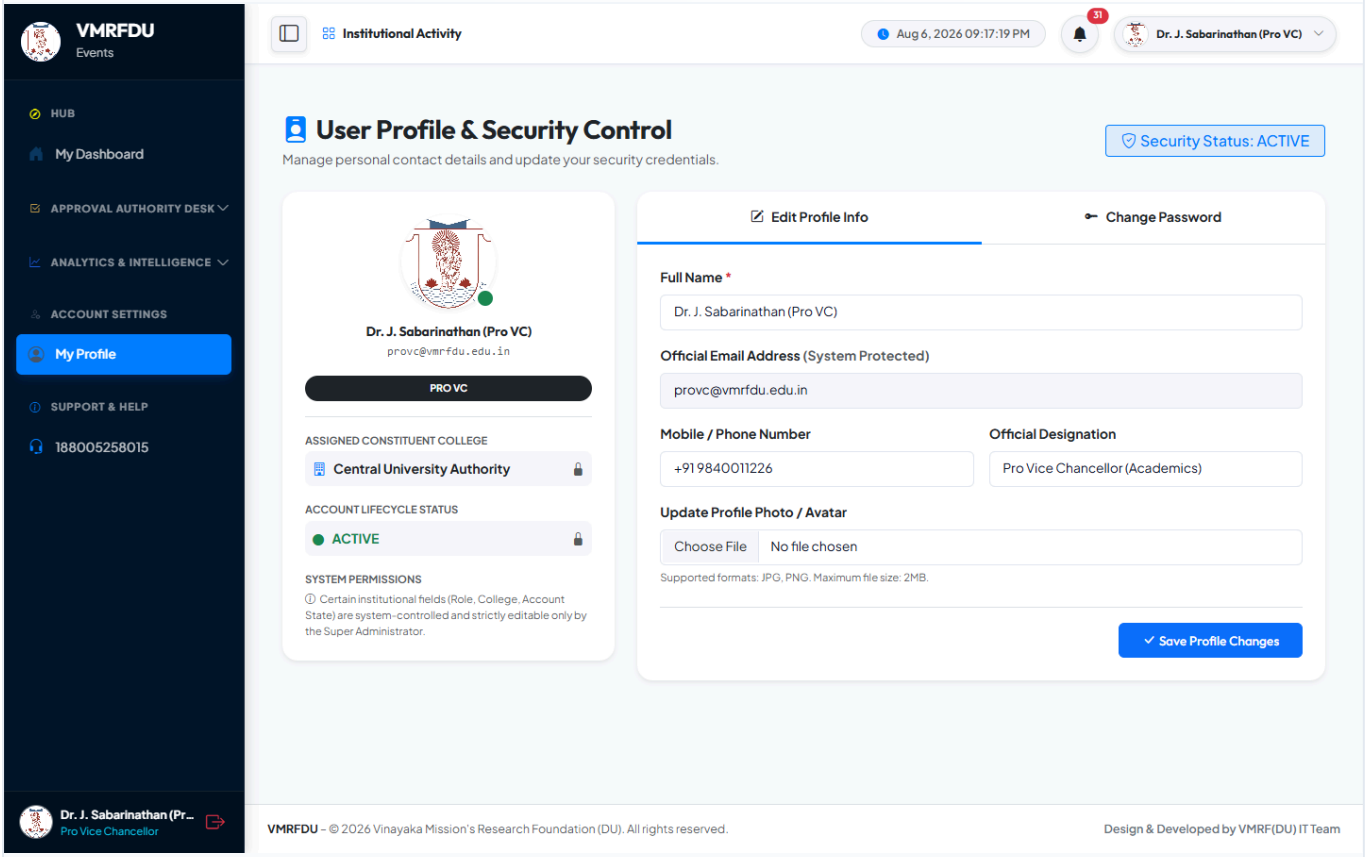

New Submission Alerts | Resubmission Alerts | Mark Read

PRO VICE CHANCELLOR

User Profile (Pro VC)

46 / 50

Personal profile management for the Pro Vice Chancellor: update information, upload avatar, change password.

📋 Office of Registrar — Stage 2 Final Authorization

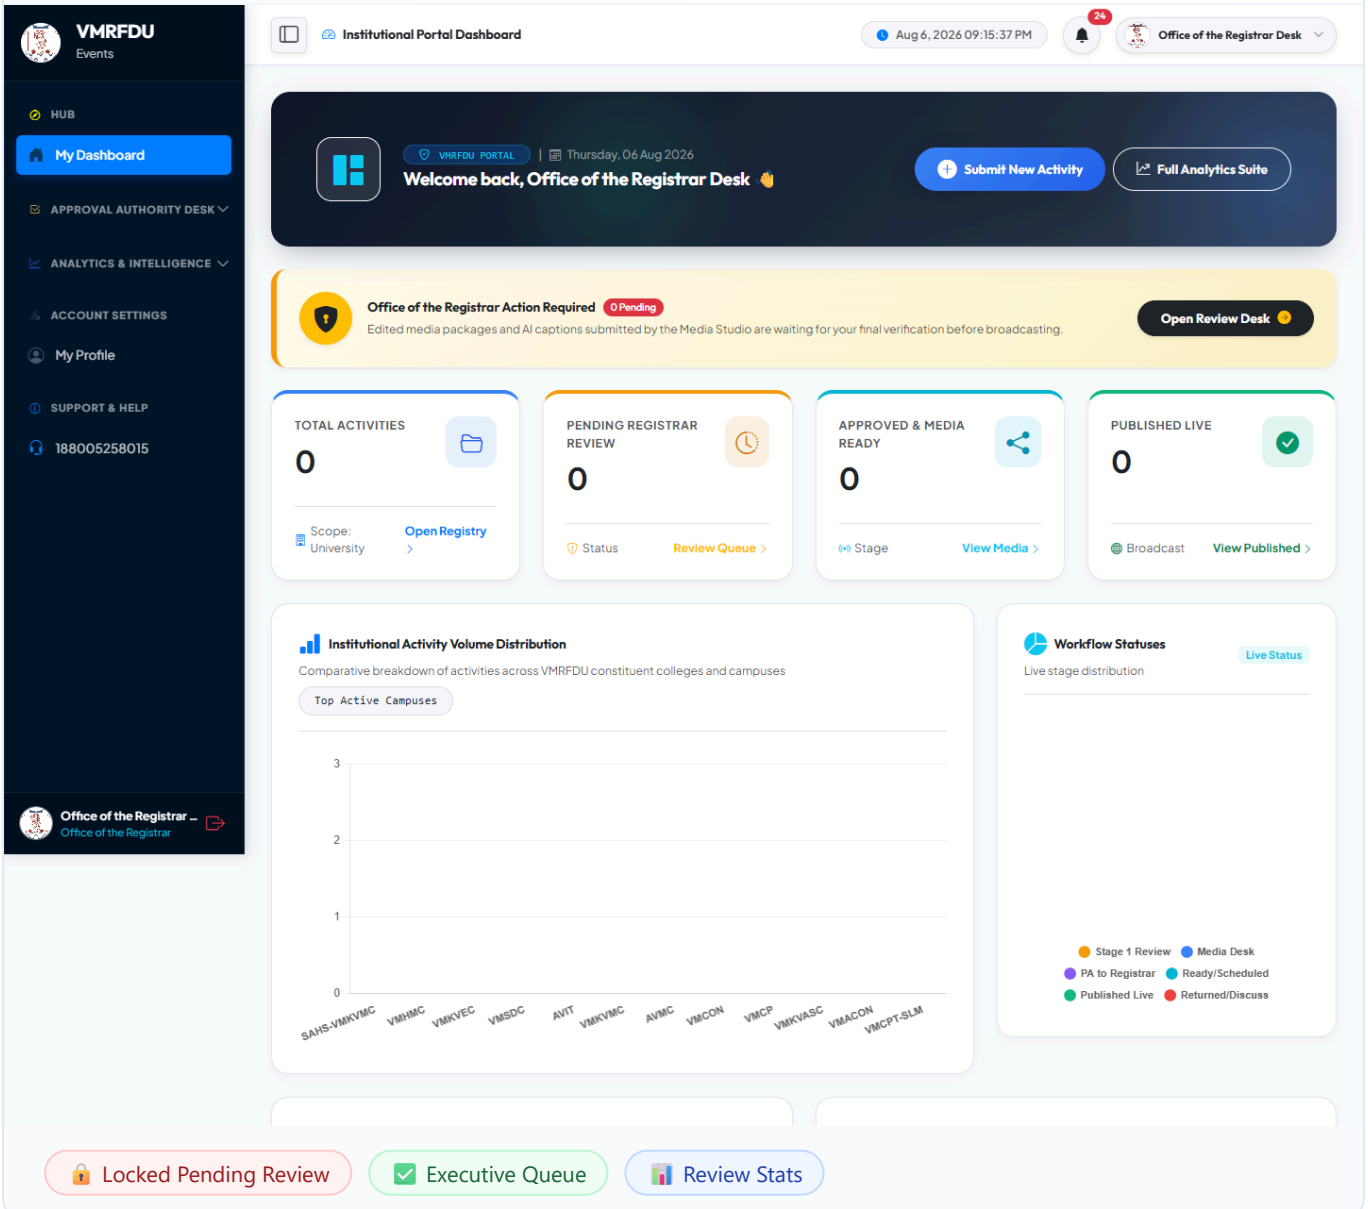

officeregistrar@vmrfdu.edu.in · Role: office_registrar · Executive review of media packages before broadcast

OFFICE REGISTRAR

Office of Registrar Dashboard

25 / 42

Role-specific homepage: locked submissions pending Stage 2 executive review, approval queue, and status of previously reviewed media packages.

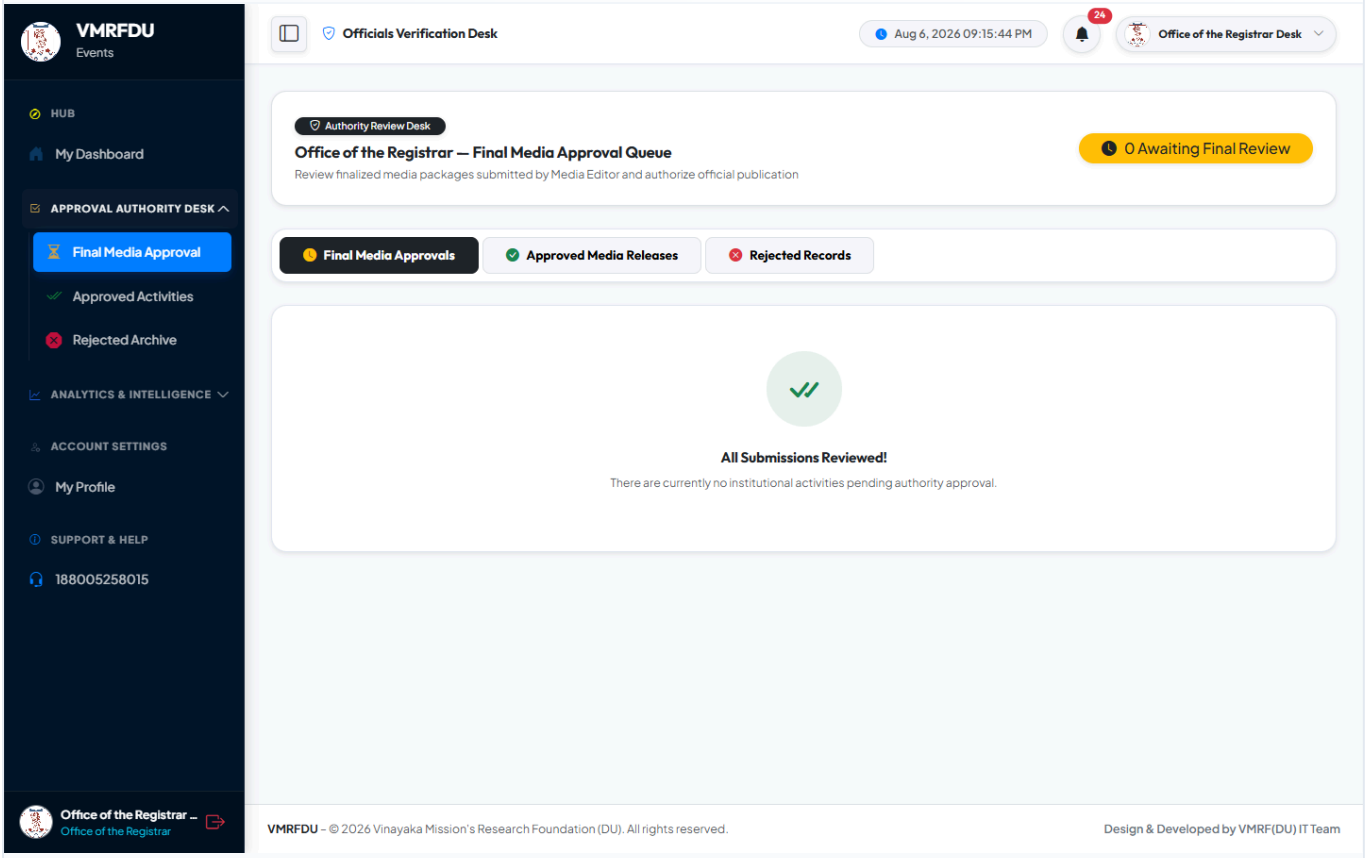

🔒 Locked Pending Review | ✅ Executive Queue | 📊 Review Stats

OFFICE REGISTRAR

Stage 2 Media Review Queue (🔒 Locked Packages)

Executive review interface for locked media packages submitted by the Media Editor. Displays optimized photos, AI-generated captions, and complete activity details. Approve → ready_to_publish; Discuss → 🔓 unlocks and returns to Media Editor with feedback.

🔒 Locked Records

✅ Approve → ready_to_publish

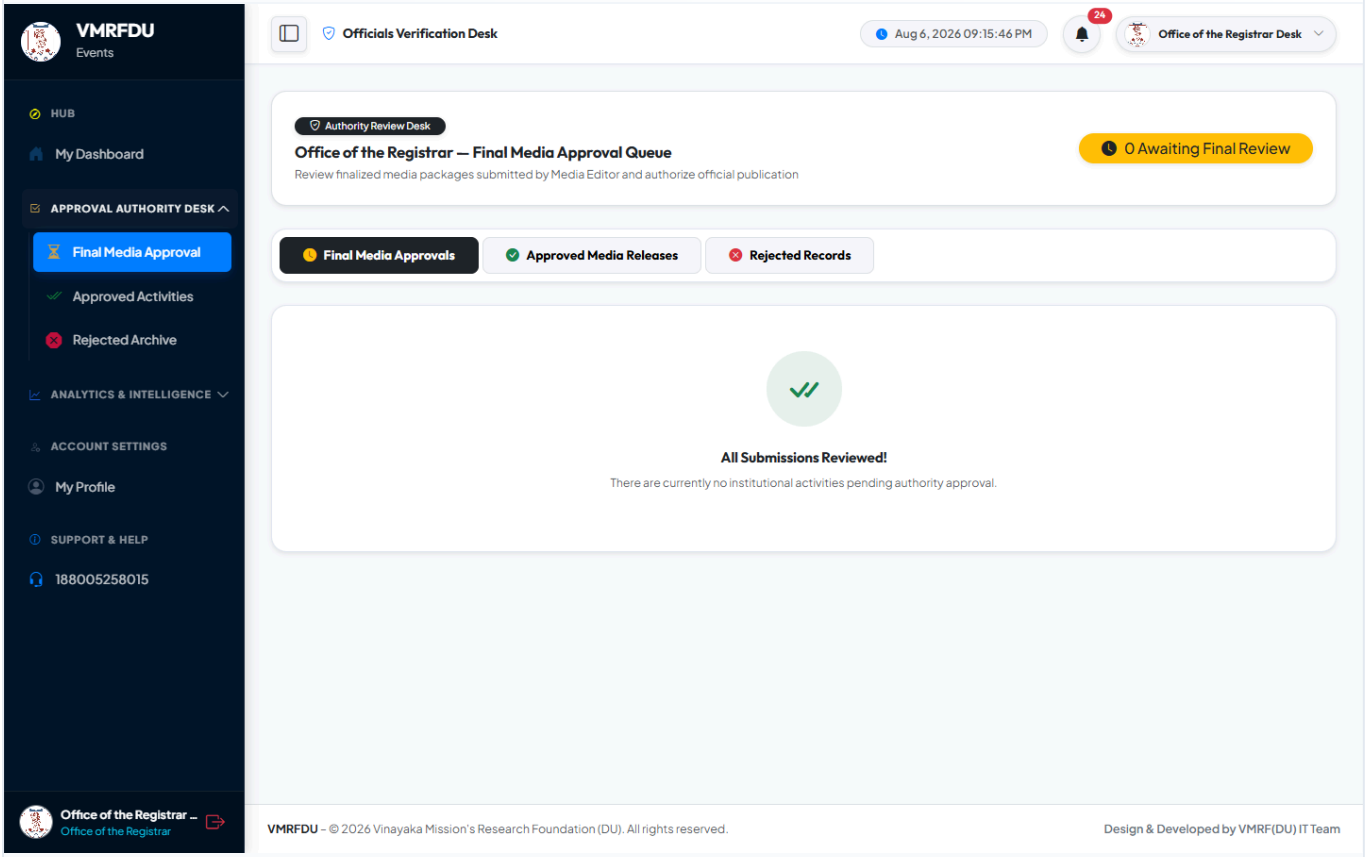

💬 Discuss → 🔓 Unlocks to Editor

📸 Media Package Preview

OFFICE REGISTRAR

Approvals View (Office Registrar)

Full view of all activities that the Office of Registrar has approved or sent for discussion, with audit trail of decisions and timestamps.

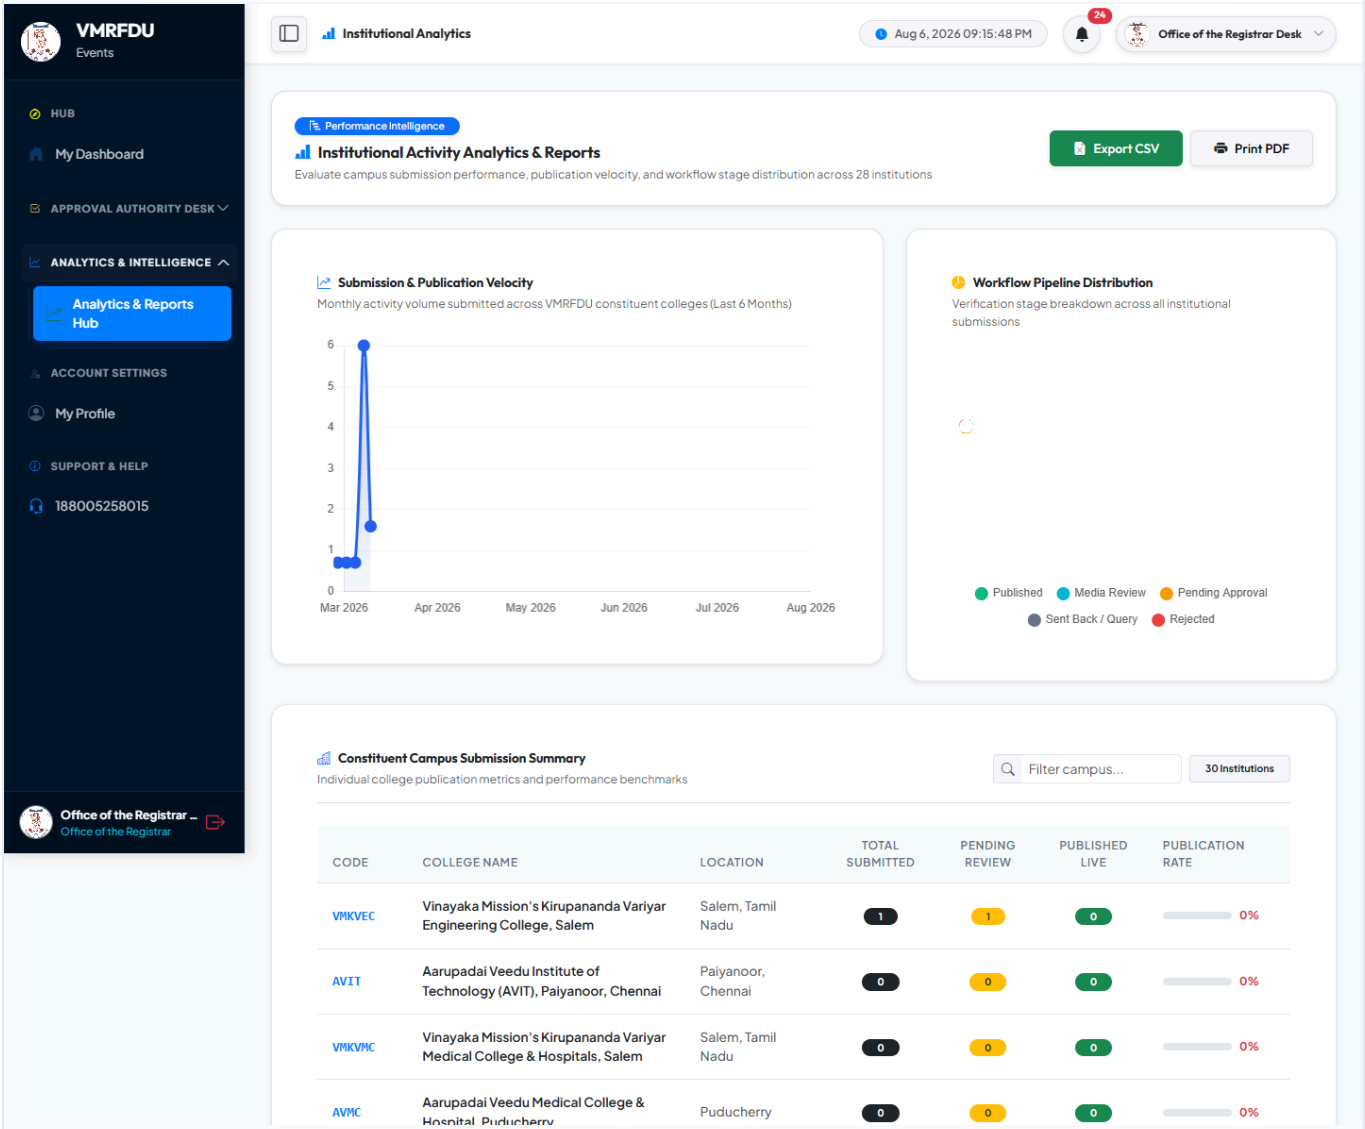

Approved Archive | Discuss History | Decision Timeline

OFFICE REGISTRAR

Analytics Dashboard (Office Registrar)

KPI analytics from the Office of Registrar's perspective: media review throughput, approval rates, turnaround times for Stage 2 reviews.

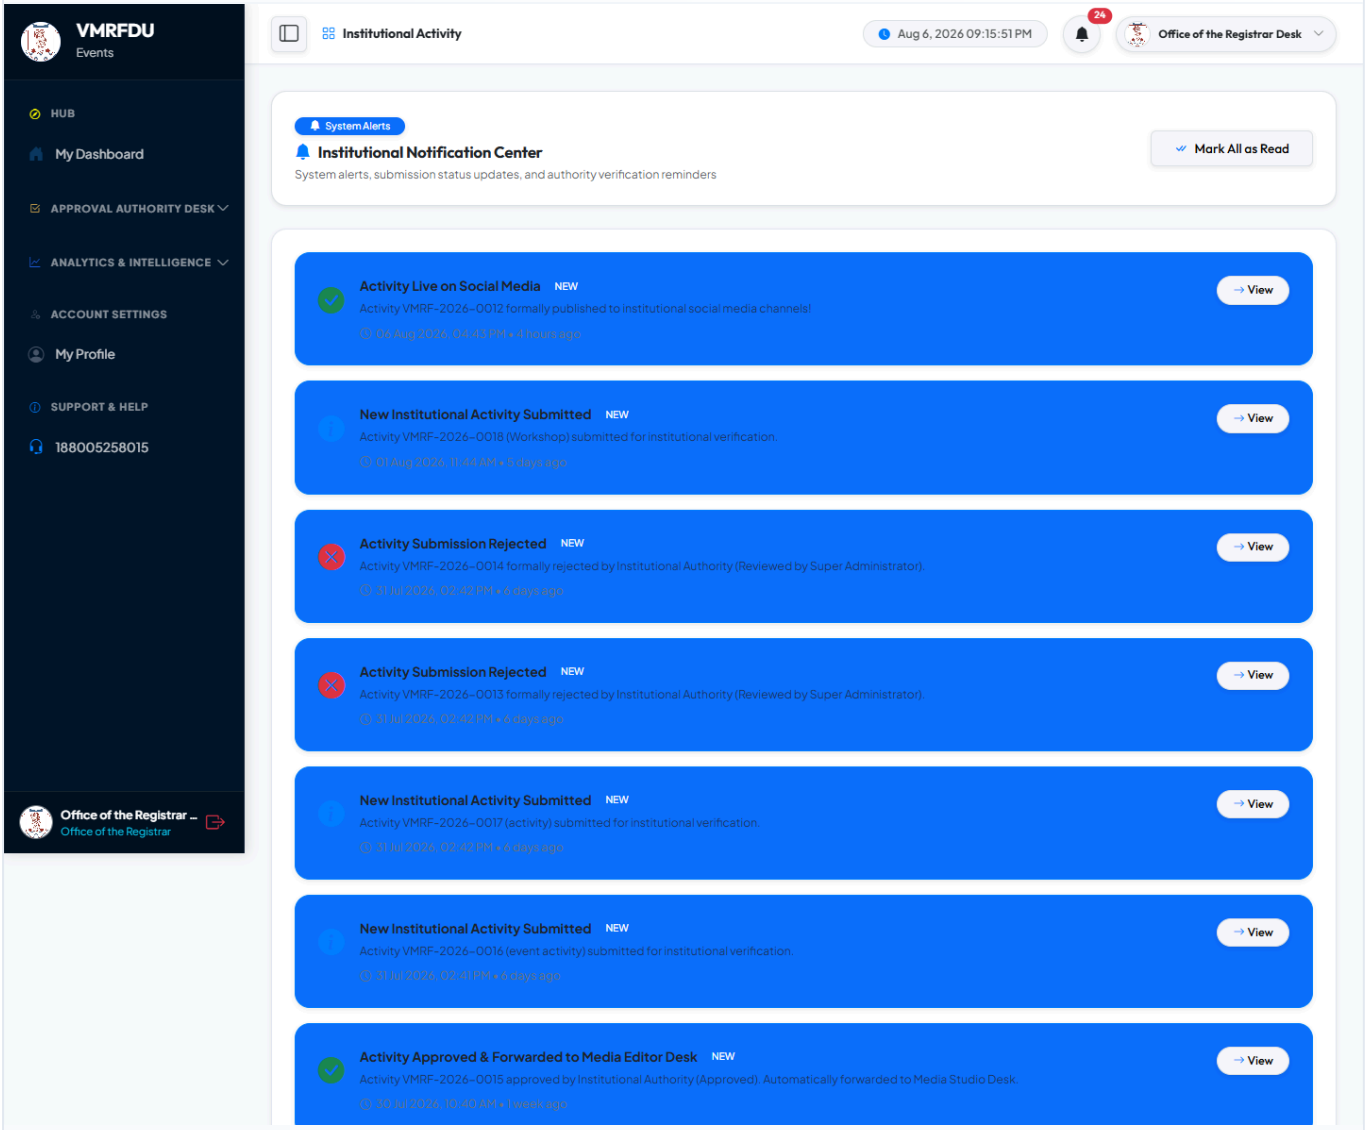

Review KPIs | Throughput | Turnaround

OFFICE REGISTRAR

Notifications (Office of Registrar)

Alerts when the Media Editor submits a new package for Stage 2 review, and confirmations when actions are completed.

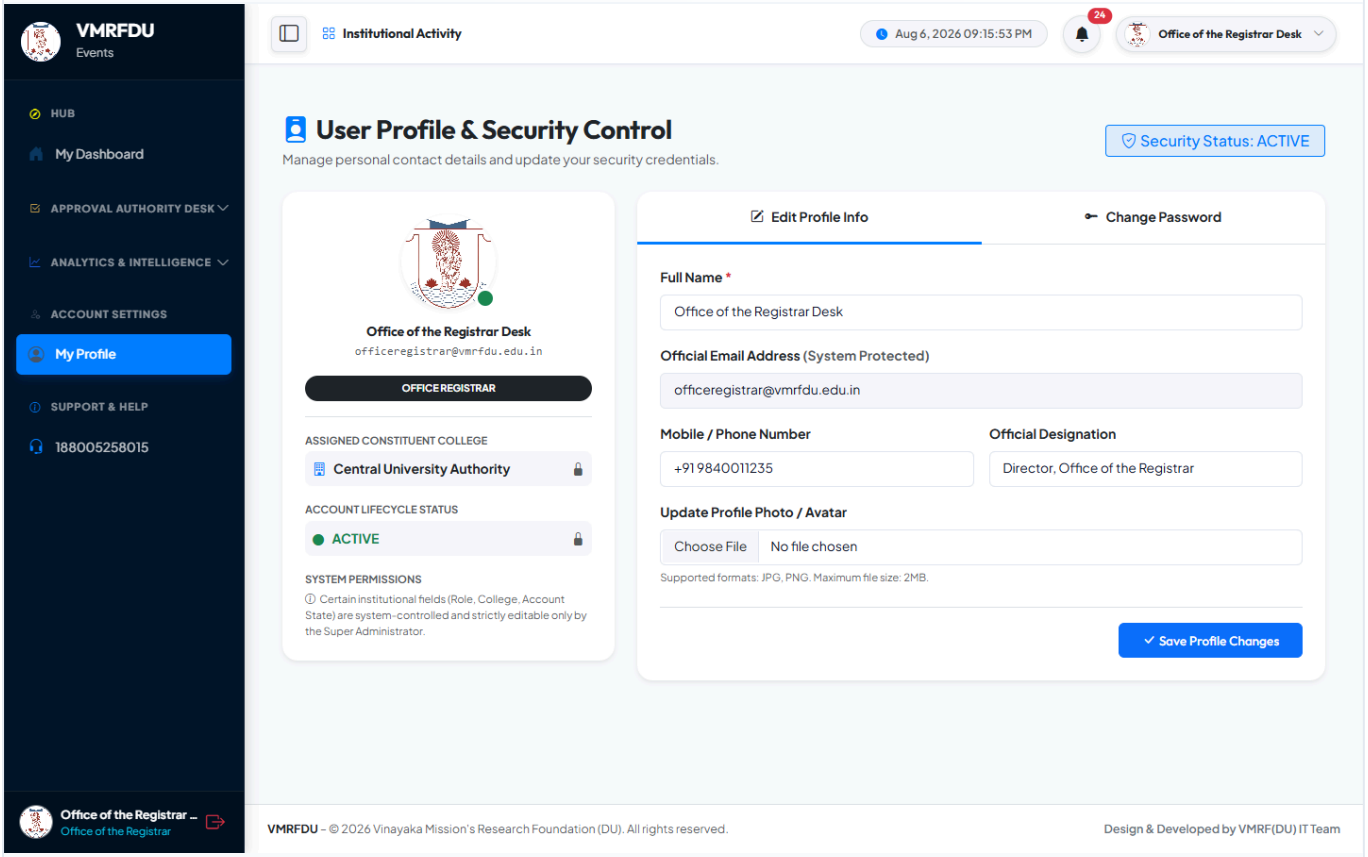

🔒 New Package Alert ✅ Approval Confirm

OFFICE REGISTRAR

User Profile (Office of Registrar)

30 / 42

Profile management: update personal information, upload avatar, change password.

Edit Info | Avatar | Password

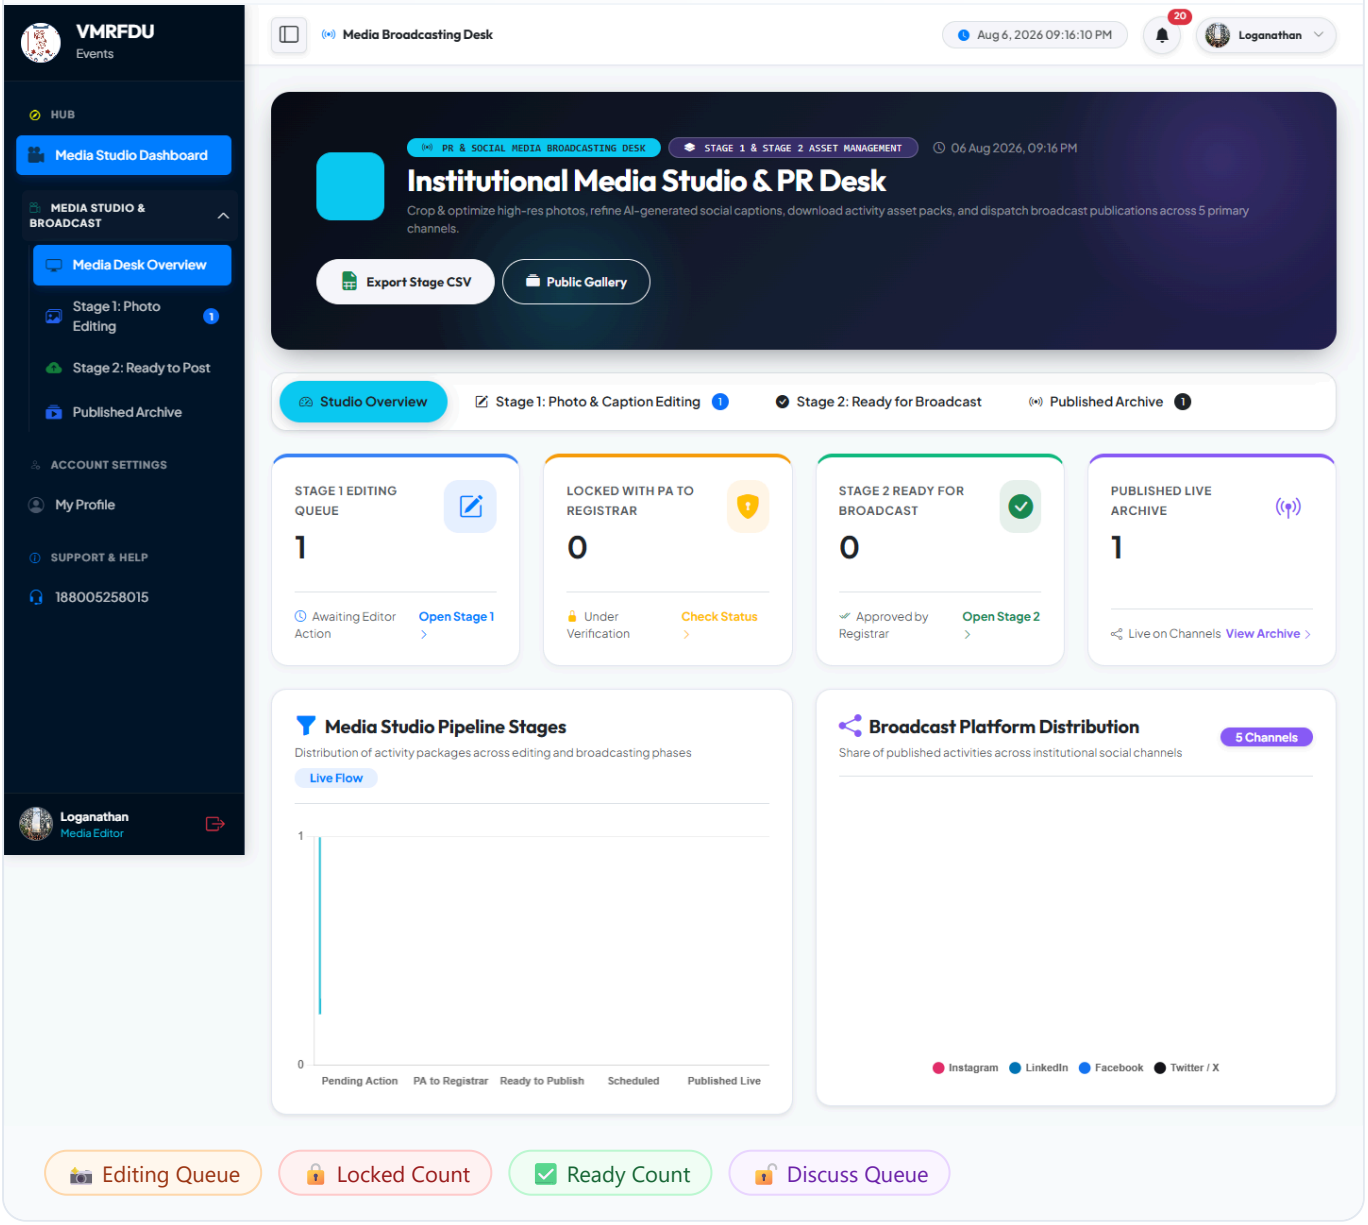

5 Media Editor Desk — Studio & Broadcast

editor@vmrfdu.edu.in · Role: media_editor (Karthik N., Lead Media Editor) · Photo, caption, ZIP, publishing

MEDIA EDITOR

Media Editor Dashboard

The Media Editor's command centre — lands directly on the Media Studio. Displays queue counts: editing queue (media_review), locked submissions pending Stage 2 (registrar_approval 🔒), revision queue (editor_discuss 🔓), and ready-to-publish.

Editing Queue · Locked Count · Ready Count · Discuss Queue

MEDIA EDITOR

Media Studio — Editing Queue & Locked Submissions

All activities in media_review status appear in the editing queue for photo optimization and caption refinement. After submitting to the Office of Registrar, records move to the Locked section (🔒 read-only padlock) until Stage 2 is resolved. Activities in editor_discuss are returned for revision.

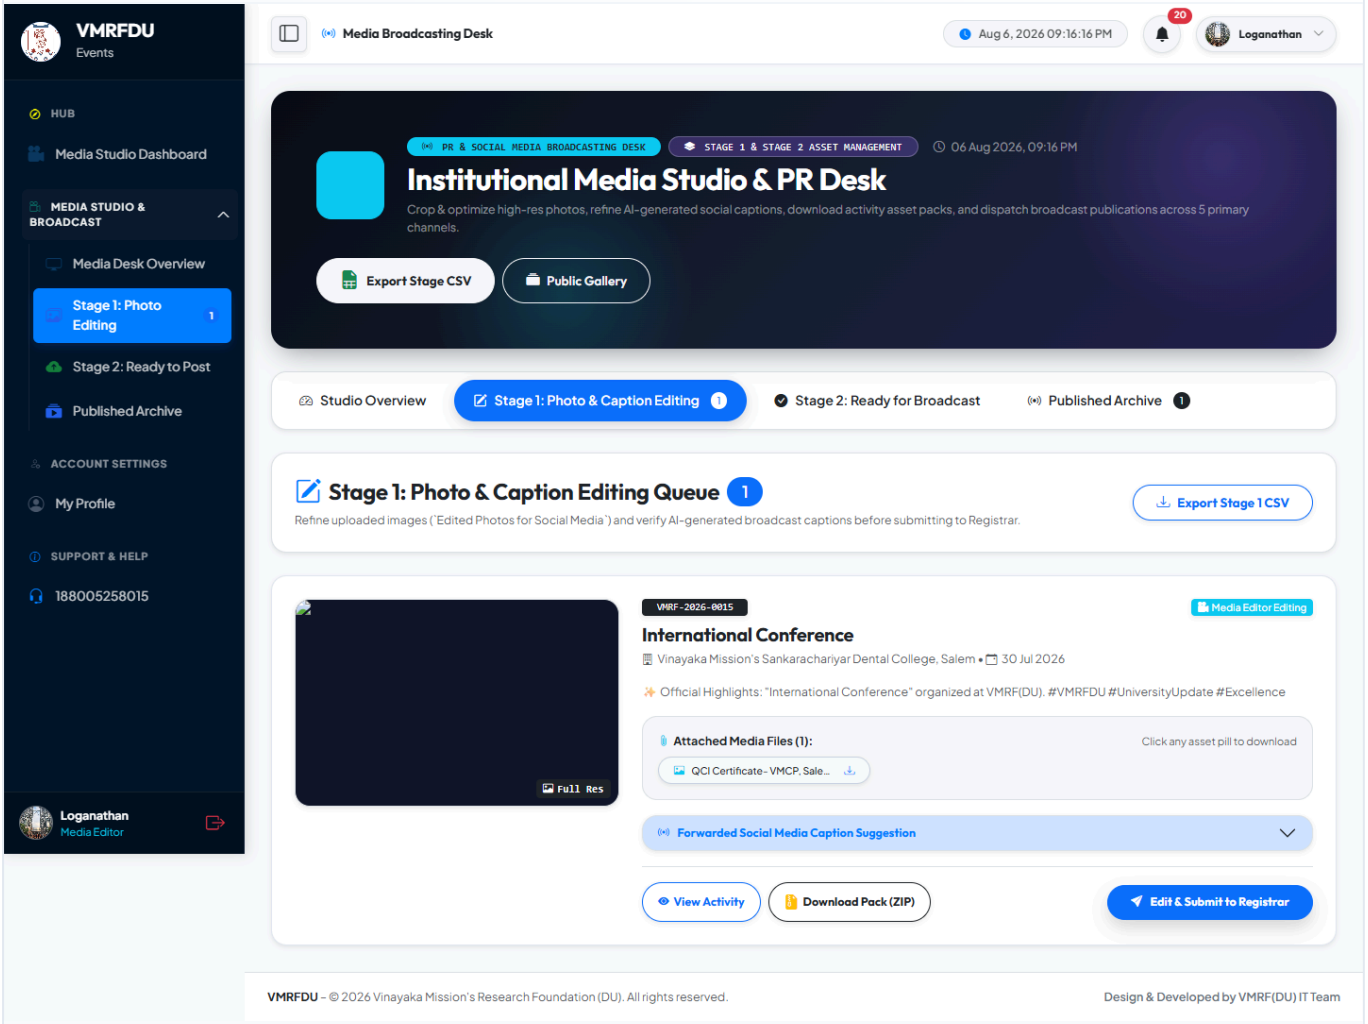

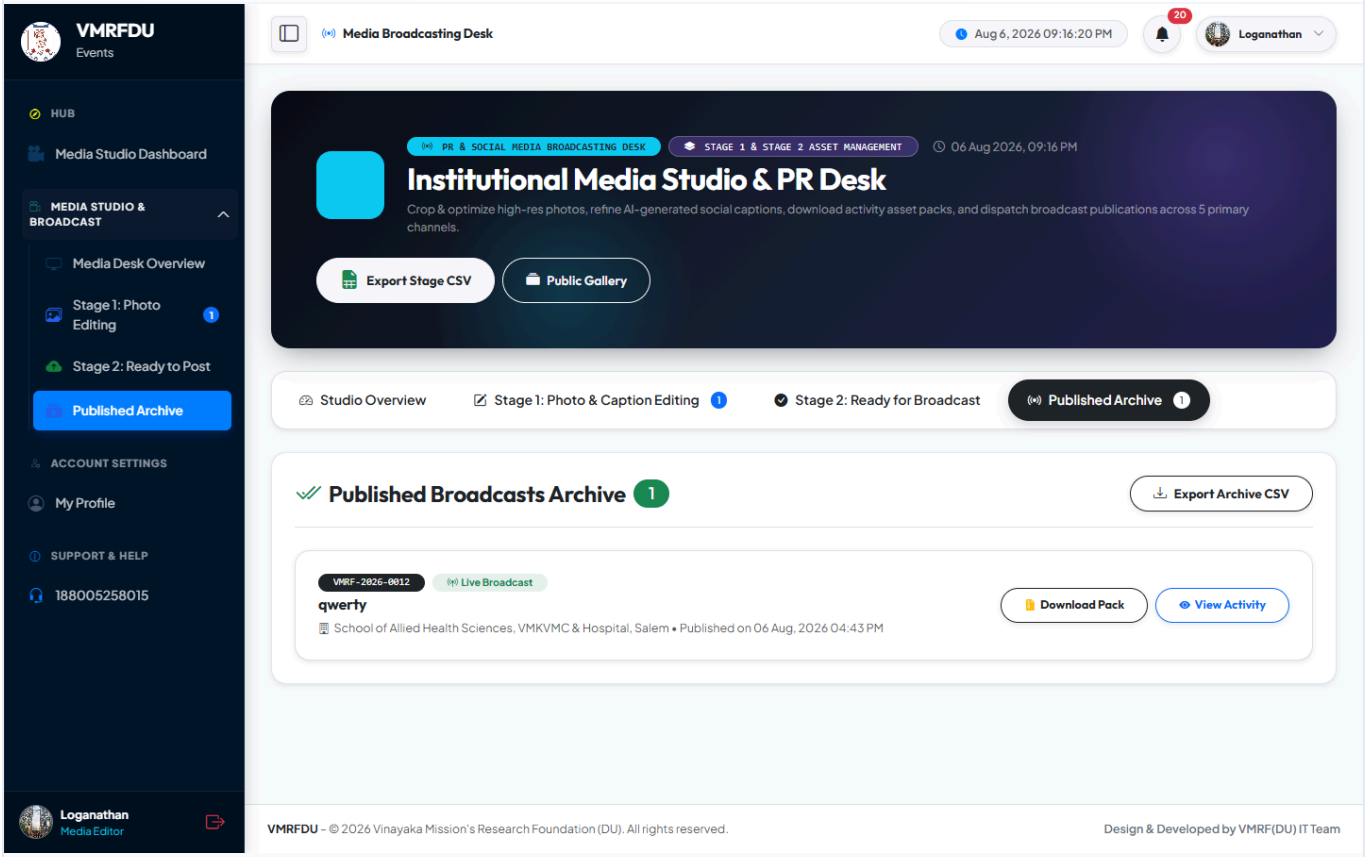

Photo Optimization | Caption Refinement | Locked Records | Submit to Registrar | ZIP Pack Export | editor_discuss Queue

MEDIA EDITOR

Submission History (Media Editor)

Media Editor's view of all submissions processed, including their current downstream status after Stage 2 review and publication.

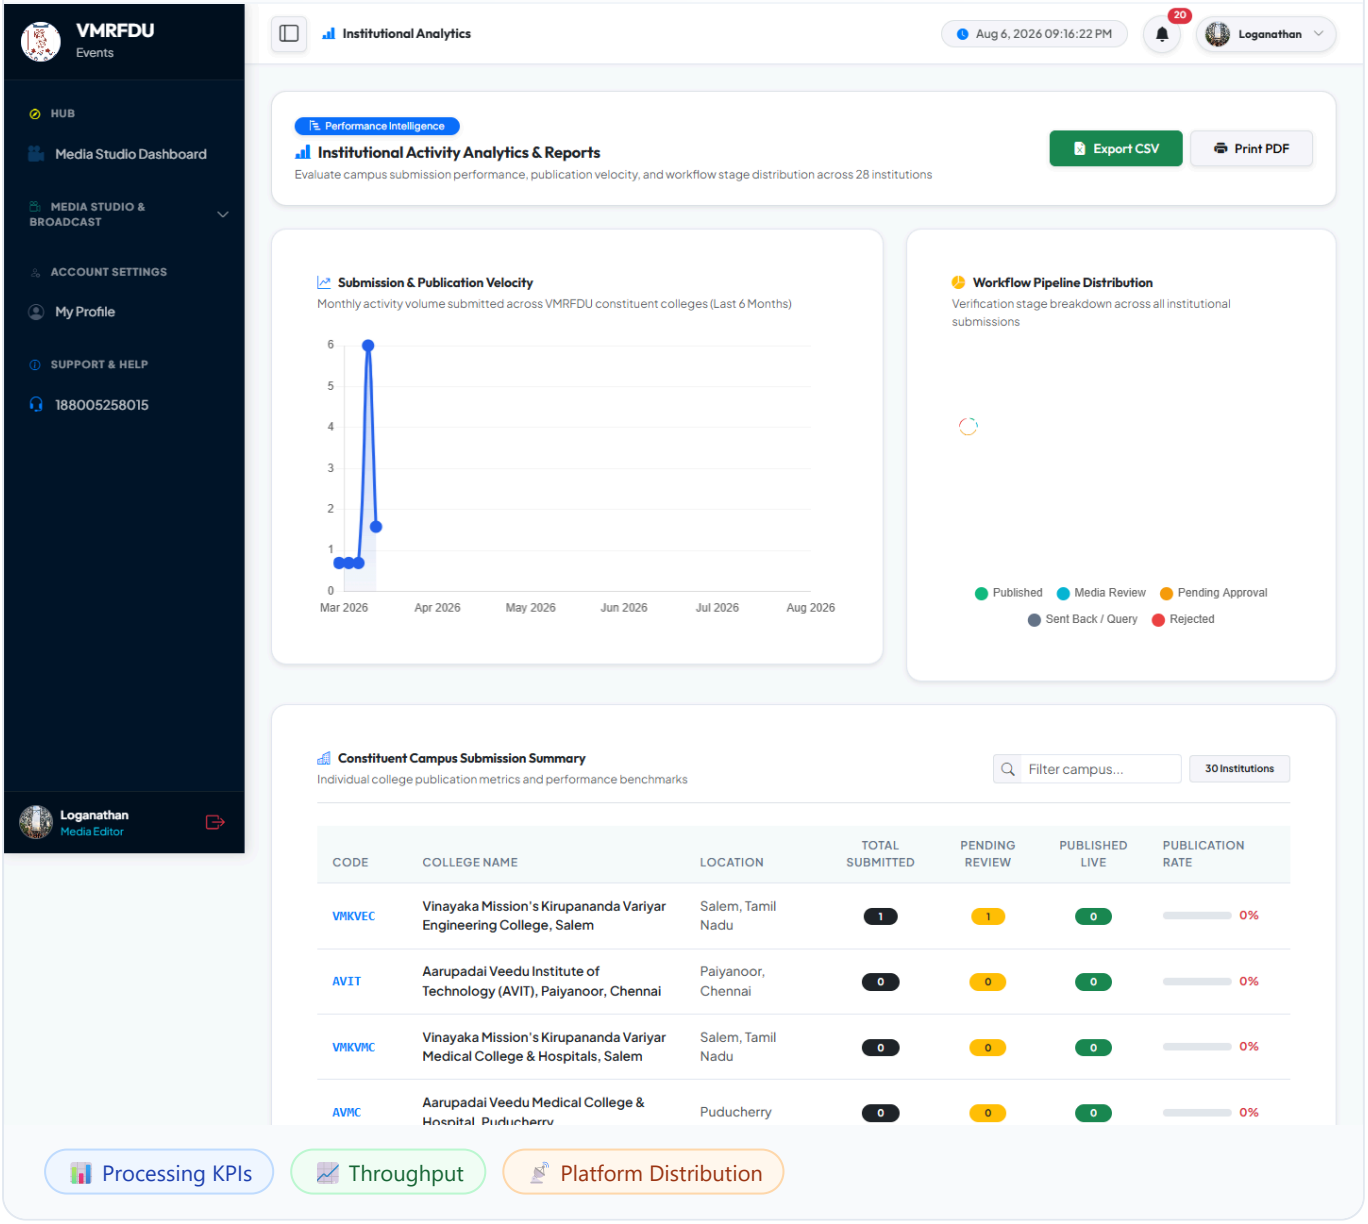

Processed History | Published | Status Tracking

MEDIA EDITOR

Analytics Dashboard (Media Editor)

Media processing KPIs: editing throughput, average processing time, publishing rates, and platform distribution across Instagram, LinkedIn, Twitter/X, and Portal Archive.

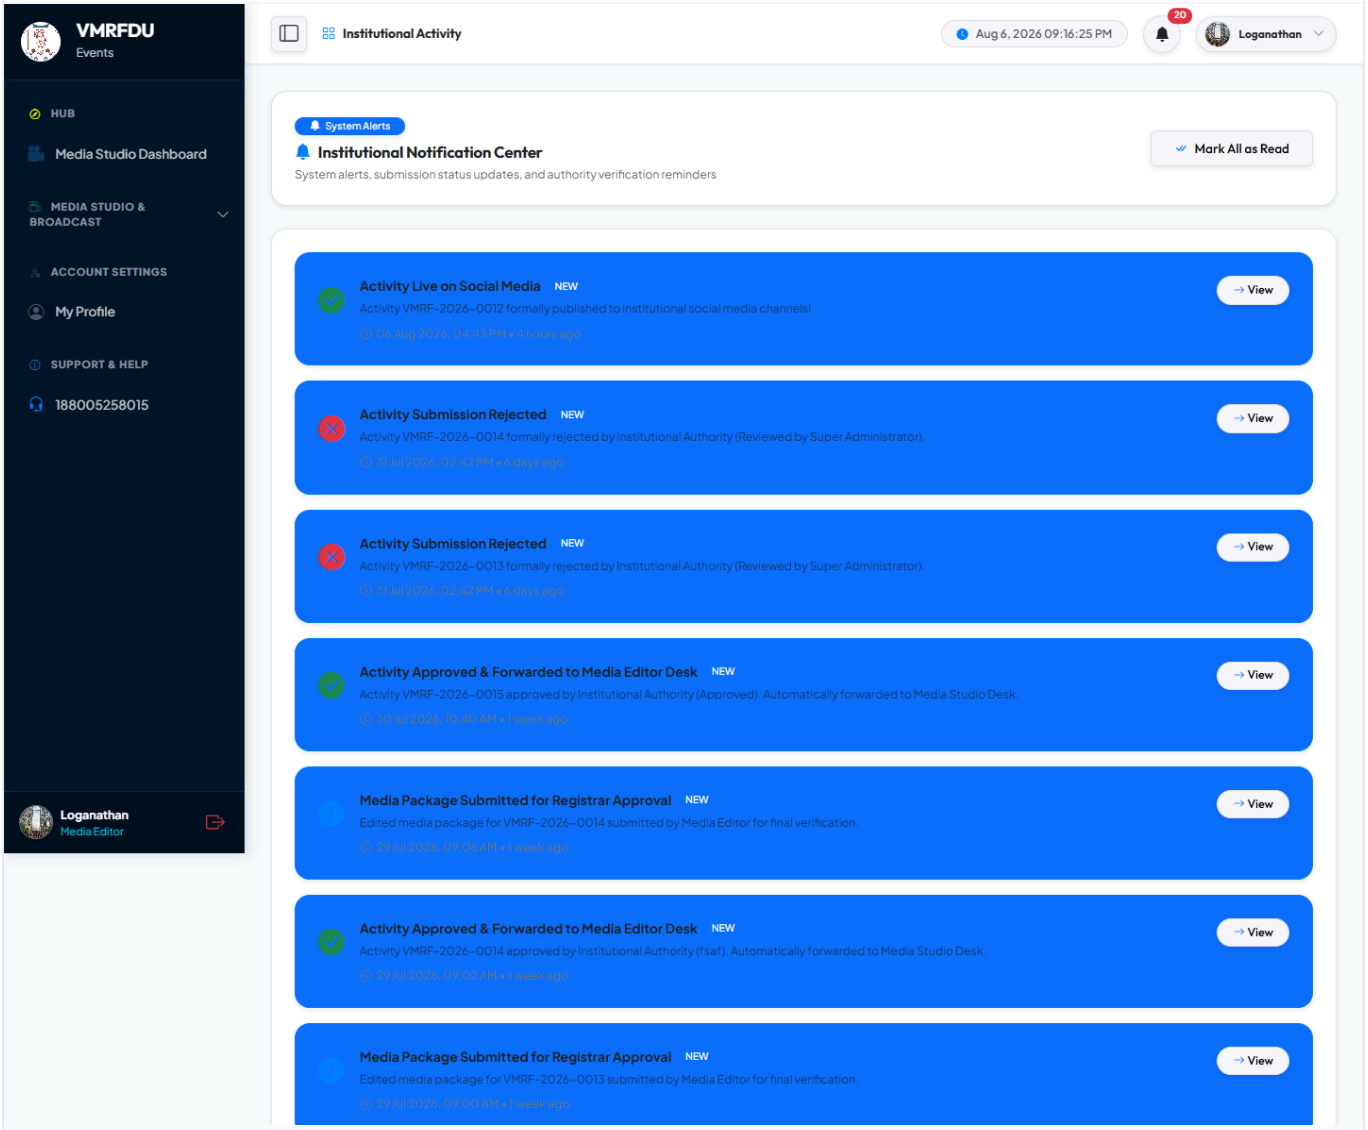

Processing KPIs | Throughput | Platform Distribution

MEDIA EDITOR

Notifications (Media Editor)

Alert inbox for new activities entering media_review, notifications when Office of Registrar sends packages back for discussion (editor_discuss), and confirmations when ready-to-publish status is granted.

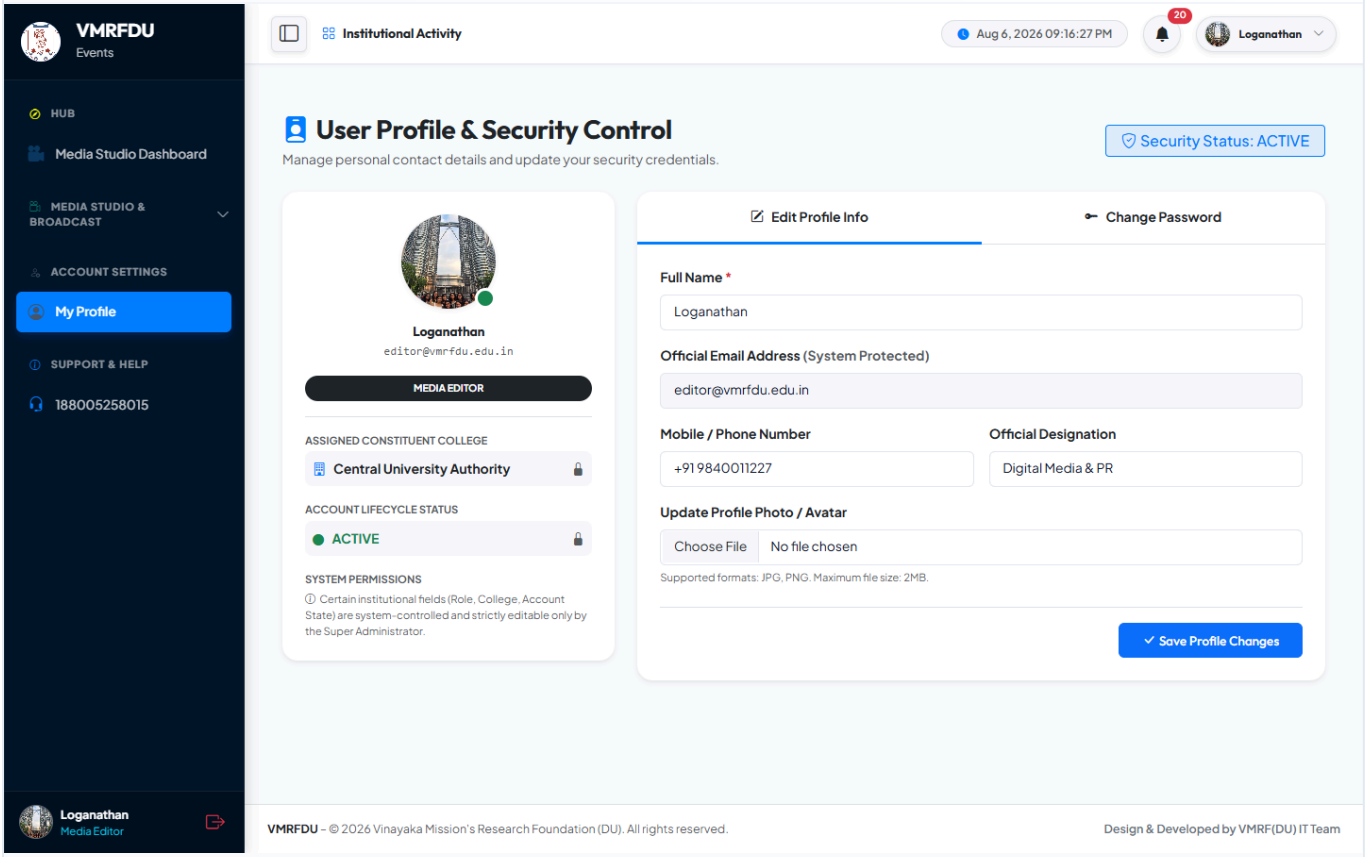

New Media Review | Discuss Return | Ready to Publish

MEDIA EDITOR

User Profile (Media Editor)

Personal profile for Karthik N. (Lead Media Editor). Update name, phone, designation, avatar, and change password.

Edit Info | Avatar | Password

6 🏫 College Admin / DEO — Activity Submission & Tracking

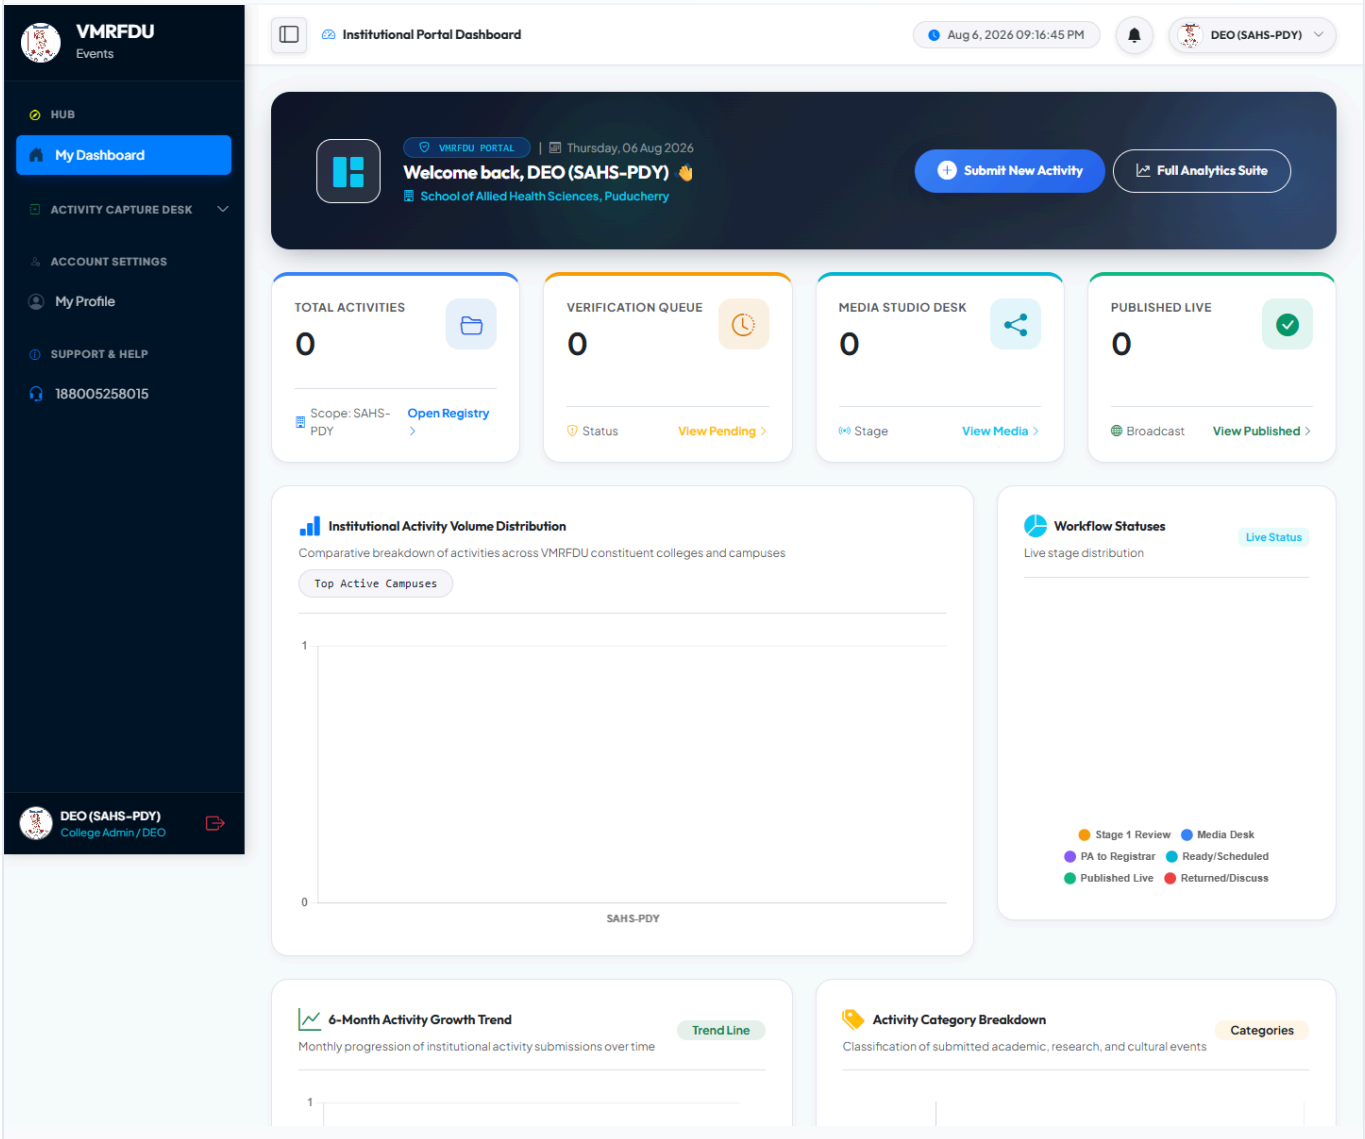

deo.sahs-pdy@vmrfdu.edu.in · Role: college_admin · DEO, School of Allied Health Sciences (SAHS-PDY) · College-scoped

COLLEGE ADMIN

College Admin Dashboard

37 / 42

Role-specific homepage for the DEO (SAHS-PDY). Shows this college's submissions by status (draft / pending / approved / rejected / published), recent activity feed scoped to SAHS-PDY, and quick-submit action.

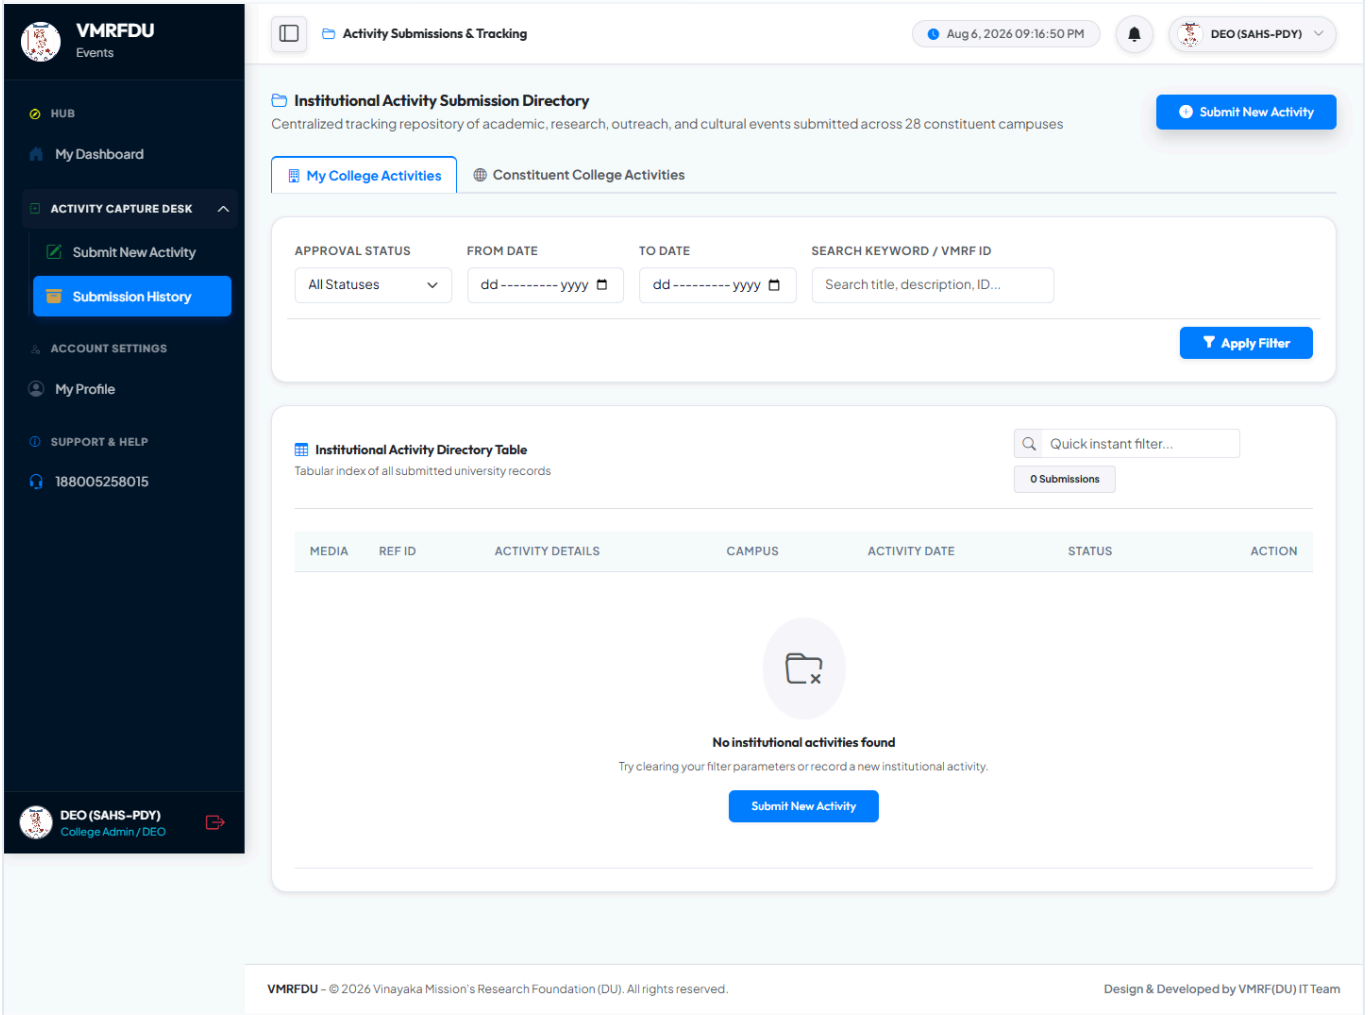

College-Scoped Stats · SAHS-PDY Data Only · Quick Submit · Status Summary

COLLEGE ADMIN

Submissions List (College Admin)

All activities submitted by SAHS-PDY, filterable by status. Each row shows Reference ID (VMRF-2026-XXXX), title, event date, current status badge, and actions. Edit is enabled only when status is 'discuss' (returned for correction).

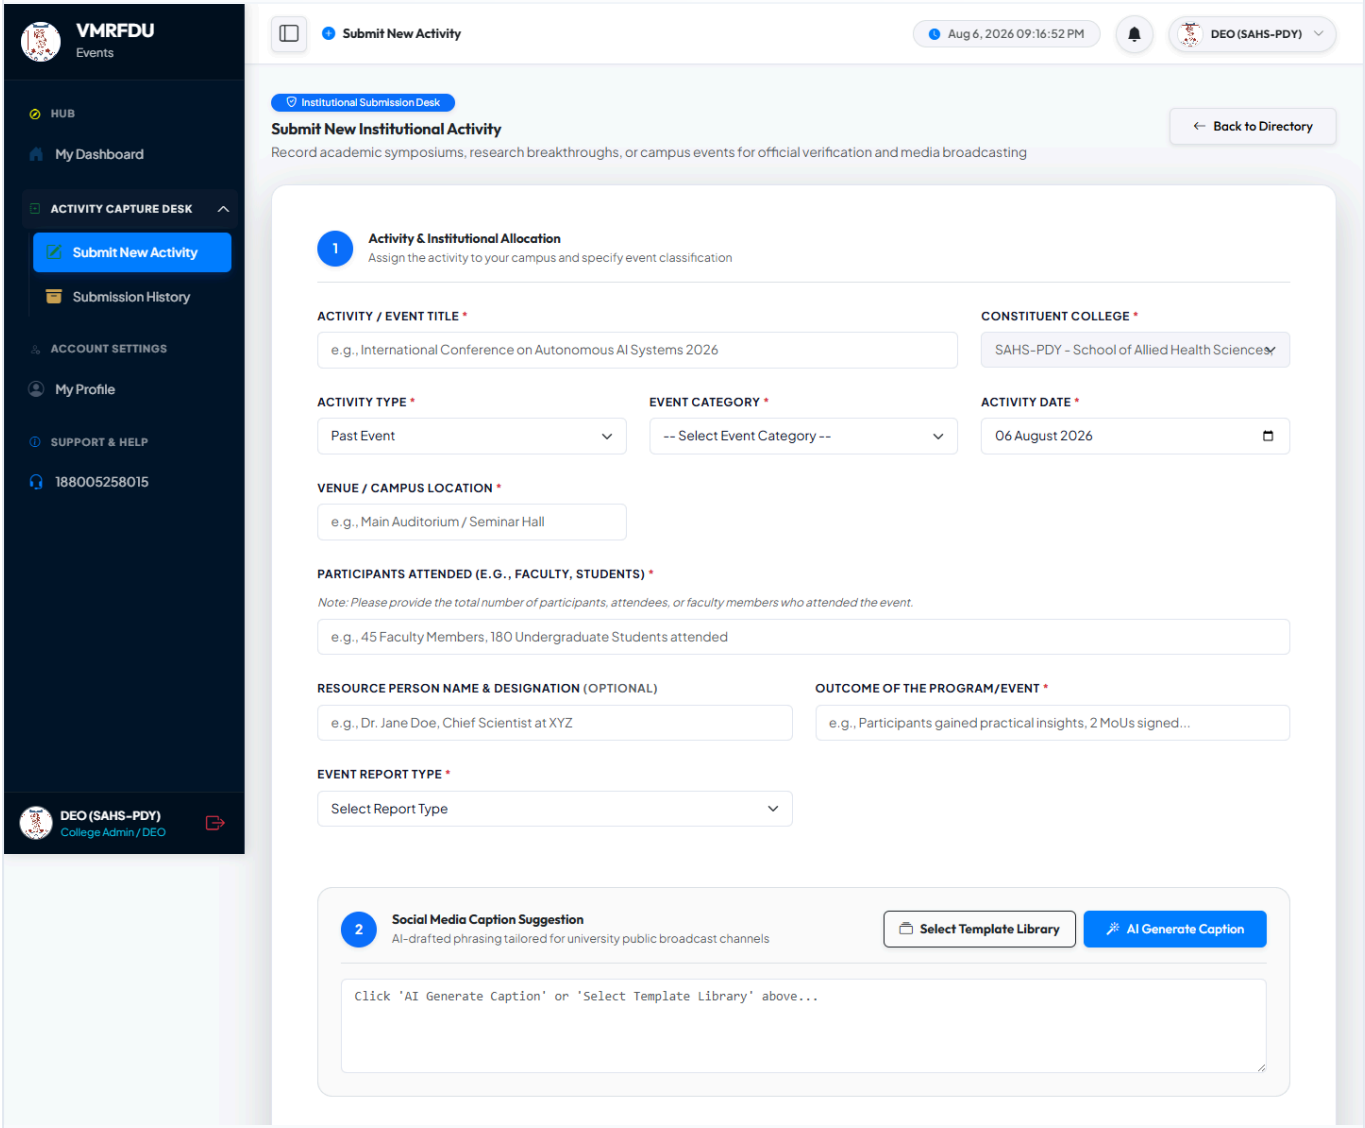

Status Filtered List | VMRF-2026-XXXX IDs | View Feedback | Edit (Discuss Only)

COLLEGE ADMIN

Create New Activity Form

The primary submission form. Fields: title, description, event date, category (Symposium / Workshop / Health Camp / Guest Lecture / Cultural / MoU / NSS / etc.), location, target audience, faculty coordinator details, social media caption. Mandatory photo upload (JPG/PNG/WEBP, max 10 MB), optional PDF upload (max 15 MB). Integrated AI Caption Generator modal with 12+ professional templates. Save as Draft or Submit directly.

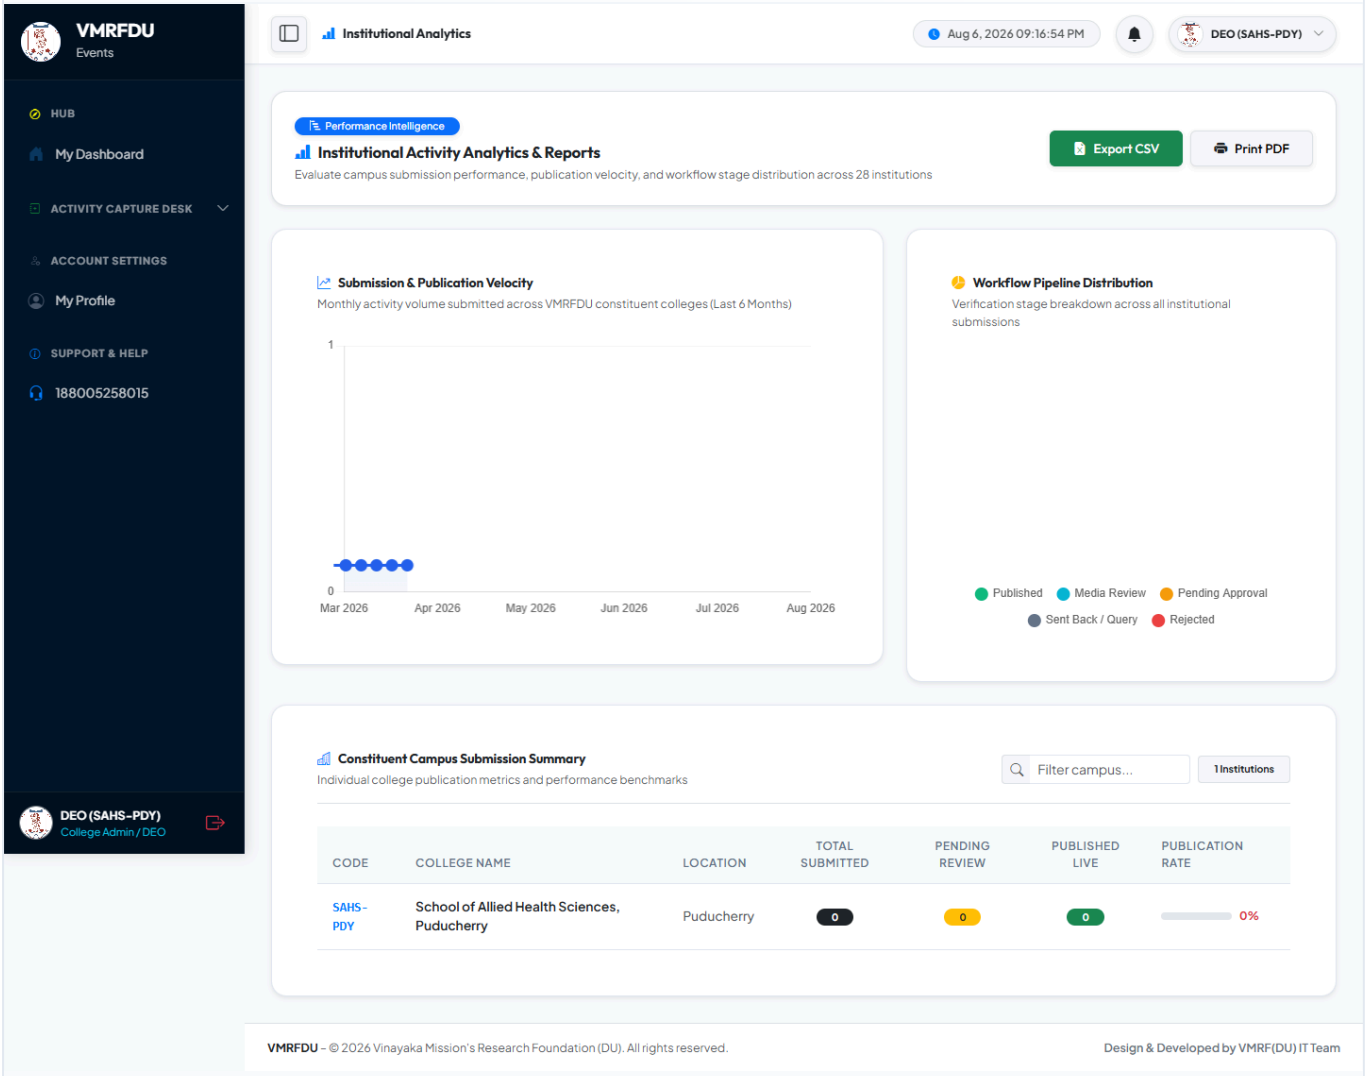

Structured Form · Mandatory Photos · AI Caption Generator · Save Draft · PDF Attachment · Event Category

COLLEGE ADMIN

Analytics Dashboard (College Admin)

College-scoped analytics for SAHS-PDY — submission trends, category breakdown, approval statistics, and status distribution. Helps college management track their institutional activity output.

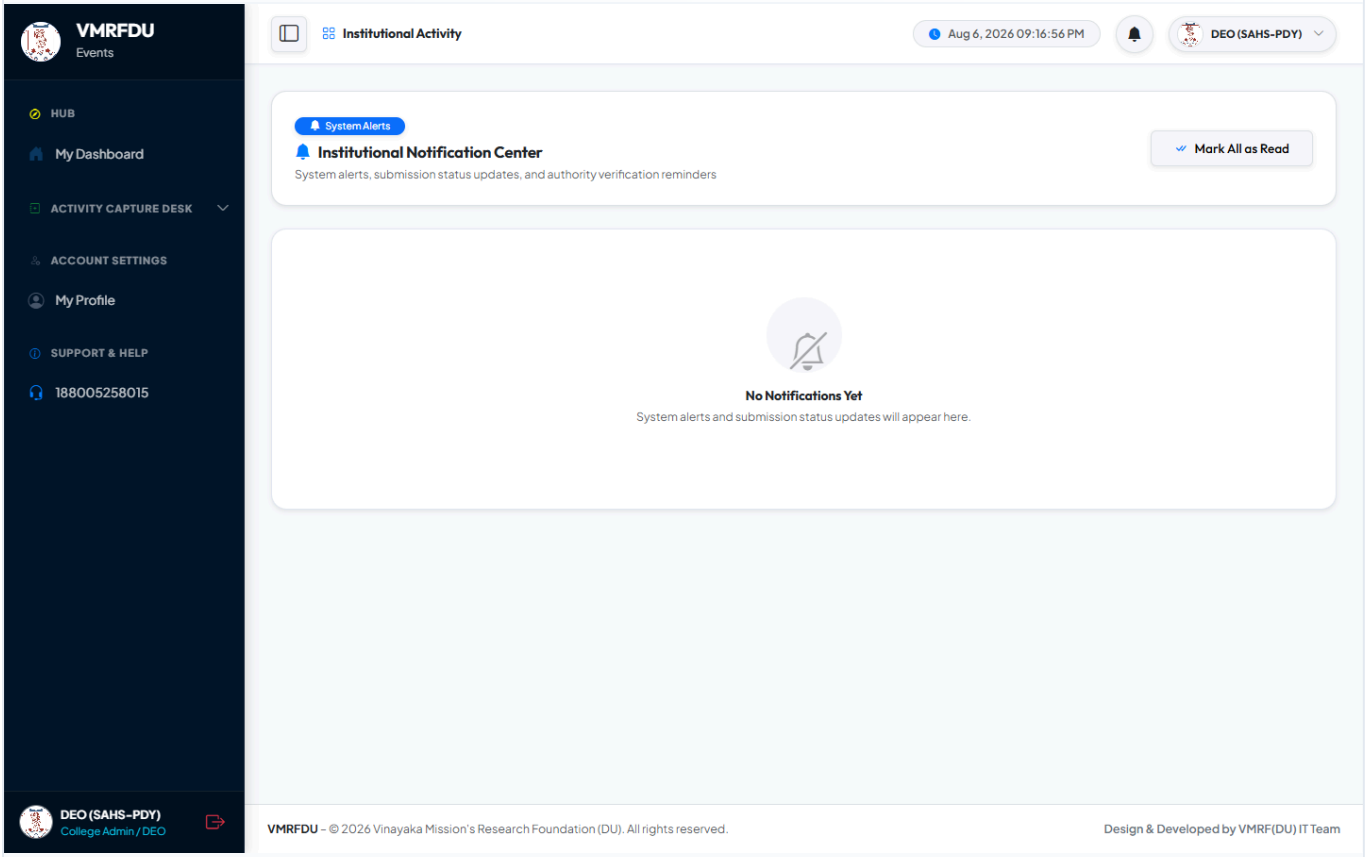

SAHS-PDY Data Only | Category Charts | Trends | Export

COLLEGE ADMIN

Notifications (College Admin)

In-app notification inbox for the DEO: alerts when submissions move through stages, Registrar sends discuss feedback, activities are approved for media, or published/rejected.

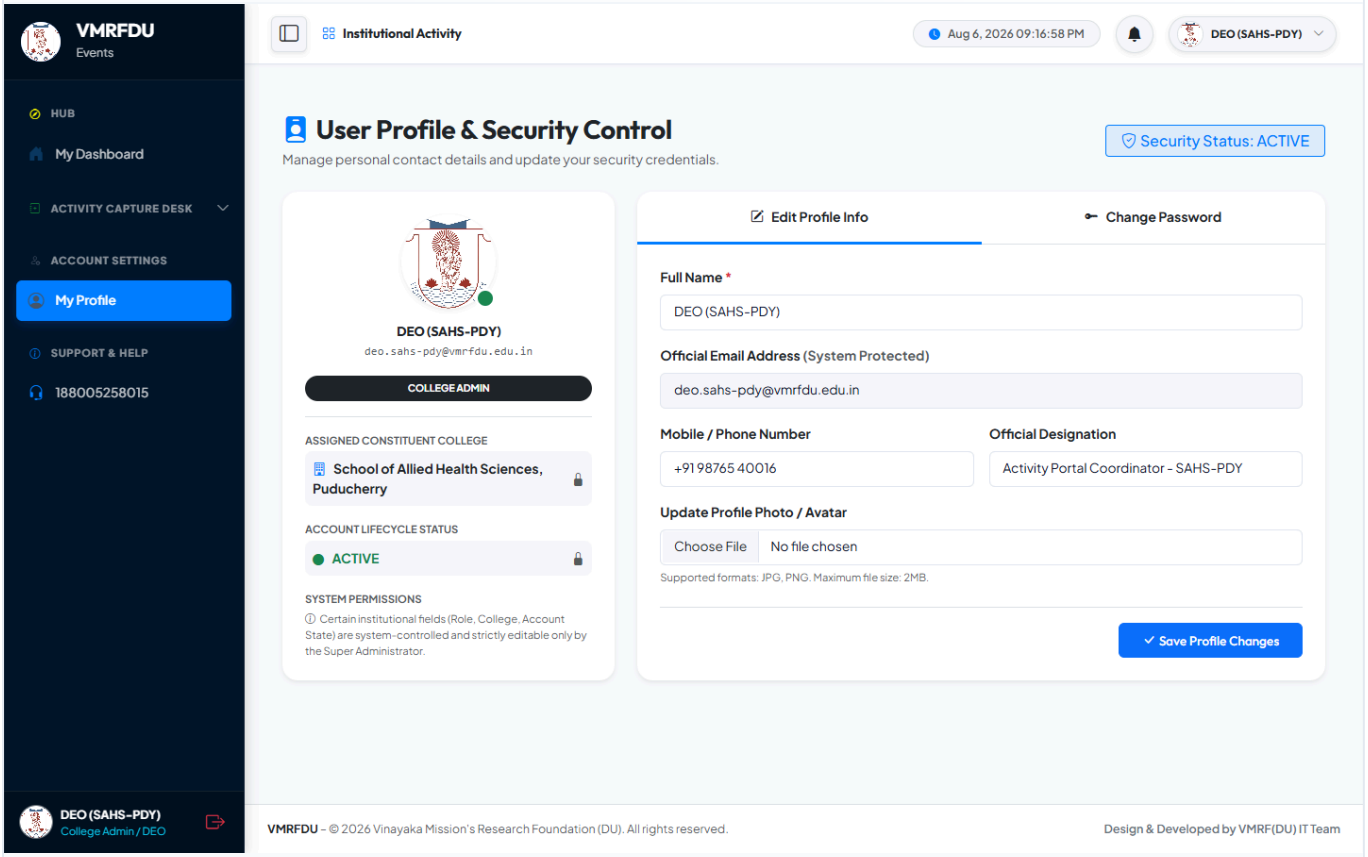

Approval Alerts · Discuss/Feedback · Rejection Alerts · Published

COLLEGE ADMIN

User Profile (College Admin — DEO)

42 / 42

Personal profile for the DEO (SAHS-PDY). Update name, phone, designation, upload avatar, and change password.

Edit Info | Avatar | Password | Phone & Designation

Σ Complete Screenshots Index — 50 Pages, 7 Accounts, 7 Roles

Visual reference covering every module and interface in the portal

#	Account / Role	Page	Key Features
01	Public	Login Page	Email/password auth, CSRF, IP tracking, force-reset
02	Public	Public Gallery	Search, category, college, date filters, image grid
04	Super Admin	Dashboard	System-wide KPIs, all users, workflow status
05	Super Admin	College Management	CRUD colleges, codes, toggle active
06	Super Admin	User Management	Create/edit, role assign, lock, transfer
07	Super Admin	Role & Permission Builder	JSON permissions, data scope, role hierarchy
08	Super Admin	Workflow Engine	Stage config, action mapping, routing rules
09	Super Admin	Access Control Suite	Per-user overrides, copy role permissions
10	Super Admin	Activity Override	Force status, restore, reassign, hard delete
11	Super Admin	System Audit Logs	Immutable trail, user/IP/before-after
12	Super Admin	Master Settings	Logo, favicon, NTP, session, branding
13	Super Admin	Analytics Dashboard	University-wide KPIs, CSV/print export
14	Super Admin	Notification Center	In-app alerts, read tracking, action links
15	Super Admin	Email Audit Log	Email trail, delivery status, HTML preview
16	Super Admin	User Profile	Edit info, avatar upload, password change
